God Loves Me and All My Feelings Tara VinCross,2020-09-08 As a pastor I see many people who stifle and stuff their feelings, particularly “negative” ones. Even more problematic is that they believe this is what God wants them to do. From an early age they received the message explicitly, or implicitly, that said God wants you to be happy all the time. The truth is this: God loves and accepts us in the whole breadth of our feelings, from joy to excitement, anger and sadness, and everything in-between. This message matters because it builds two essential qualities for authentic relationship: self-awareness and openness. Because God loves me and all my feelings there is nothing to hide or fear. Through accessible language and bright, beautiful pictures children and their parents are able to internalize this message of God’s love and acceptance.

Where Do We Bring Our Tithe? G. Edward Reid, WHERE DO WE BRING OUR TITHE? IN SEARCH OF THE STOREHOUSE STW 4050 by G. Edward Reid answers the following questions from the biblical record and the counsels of the Spirit of Prophecy: Just where is the storehouse today? And even if I knew where it was, do I have to turn in all my tithe there, or can I use my own discretion and return my tithe as I see best? What should I do with my tithe if I sincerely believe that those charged with the responsibility of distributing the tithe are not doing so in a responsible manner? If I know of an independent ministry that is doing good work that I want to support, can I send my tithe to them? Isn't that a gospel ministry?

Organizing for Mission and Growth George R. Knight, 2006 The twentieth century brought new problems: racial conflict that led to the establishment of regional conferences and the call for Black unions, and congregational rumblings that continue to the present. As the church contemplates a third cycle of restructuring, the author wonders whether it will be flexible enough to change again.

Creating Christ James S. Valliant, C. W. Fahy, 2016-09-07 Exhaustively annotated and illustrated, this explosive work of history unearths clues that finally demonstrate the truth about one of the world's great religions: that it was born out of the conflict between the Romans and messianic Jews who fought a bitter war with each other during the 1st Century. The Romans employed a tactic they

routinely used to conquer and absorb other nations: they grafted their imperial rule onto the religion of the conquered. After 30 years of research, authors James S. Valliant and C.W. Fahy present irrefutable archeological and textual evidence that proves Christianity was created by Roman Caesars in this book that breaks new ground in Christian scholarship and is destined to change the way the world looks at ancient religions forever. Inherited from a long-past era of tyranny, war and deliberate religious fraud, could Christianity have been created for an entirely different purpose than we have been lead to believe? Praised by scholars like Dead Sea Scrolls translator Robert Eisenman (James the Brother of Jesus), this exhaustive synthesis of historical detective work integrates all of the ancient sources about the earliest Christians and reveals new archeological evidence for the first time. And, despite the fable presented in current bestsellers like Bill O'Reilly's Killing Jesus, the evidence presented in Creating Christ is irrefutable: Christianity was invented by Roman Emperors. I have rarely encountered a book so original, exciting, accessible and informed on subjects that are of obvious importance to the world and to which I have myself devoted such a large part of my scholarly career studying. In this book they have rendered a startling new understanding of Christianity with a controversial theory of its Roman provenance that is accessible to the layman in a very powerful way. In the process, they present new and comprehensive archeological and iconographic evidence, as well as utilizing the widest and most cutting edge work of other recent scholars, including myself. This is a work of outstanding and original scholarship. Its arguments are a brilliant, profound and thorough integration of the relevant evidence. When they are done, the conclusion is inescapable and obviously profound. Robert Eisenman, Author of James the Brother of Jesus and The New Testament Code A fascinating and provocative investigative history of ideas, boldly exploring a problem that previous scholarship has not clearly or credibly addressed: how (and why!) the Flavian dynasty wove

Christianity into the very fabric of Western civilization. -Mark Riebling, author of Church of Spies: The Pope's Secret War Against Hitler
