Alice's Adventures in Wonderland Decoded David Day,2015-09-29 This gorgeous 150th anniversary edition of *Alice's Adventures in Wonderland* is also a revelatory work of scholarship. *Alice's Adventures in Wonderland*--published 150 years ago in 1865--is a book many of us love and feel we know well. But it turns out we have only scratched the surface. Scholar David Day has spent many years down the rabbit hole of this children's classic and has emerged with a revelatory new view of its contents. What we have here, he brilliantly and persuasively argues, is a complete classical education in coded form--Carroll's gift to his wonder child Alice Liddell. In two continuous commentaries, woven around the complete text of the novel for ease of cross-reference on every page, David Day reveals the many layers of teaching, concealed by manipulation of language, that are carried so lightly in the beguiling form of a fairy tale. These layers relate directly to Carroll's interest in philosophy, history, mathematics, classics, poetry, spiritualism and even to his love of music--both sacred and profane. His novel is a memory palace, given to Alice as the great gift of an education. It was delivered in coded form because in that age, it was a gift no girl would be permitted to receive in any other way. Day also shows how a large number of the characters in the book are based on real Victorians. *Wonderland*, he shows, is a veritable Who's Who of Oxford at the height of its power and influence in the Victorian Age. There is so much to be found behind the imaginary characters and creatures that inhabit the pages of *Alice's Adventures in Wonderland*. David Day's warm, witty and brilliantly insightful guide--beautifully designed and stunningly illustrated throughout in full colour--will make you marvel at the book as never before.

Alice's Adventures Under Ground Lewis Carroll, 2023-12-31 ALICE was beginning to get very tired of sitting by her sister on the bank, and of having nothing to do: once or twice she had peeped into the book her sister was reading, but it had no pictures or conversations in it, and where is the use of a book, thought Alice, without pictures or conversations? So she was considering in her own mind, (as well as she could, for the hot day made her feel very sleepy and stupid,) whether the pleasure of making a daisy-chain was worth the trouble of getting up and picking the daisies, when a white rabbit with pink eyes ran close by her. THERE was nothing very remarkable in that, nor did Alice think it so very much out of the way to hear the rabbit say to itself dear, dear! I shall be too late! (when she thought it over afterwards, it occurred to her that she ought to have wondered at this, but at the time it all seemed quite natural); but when the rabbit actually took a watch out of its waistcoat-pocket, looked at it, and then hurried on, Alice started to her feet, for it flashed across her mind that she had never before seen a rabbit with either a waistcoat-pocket or a watch to take out of it, and, full of curiosity, she hurried across the field after it, and was just in time to see it pop down a large rabbit-hole under the hedge. In a moment down went Alice after it, never once considering how in the world she was to get out again. The rabbit-hole went straight on like a tunnel for some way, and then dipped suddenly down, so suddenly, that Alice had not a moment to think about stopping herself, before she found herself falling down what seemed a deep well. Either the well was very deep, or she fell very slowly, for she had plenty of time as she went down to look about her, and to wonder what would happen next. First, she tried to look down and make out what she was coming to, but it was too dark to see anything: then, she looked at the sides of the well, and noticed that they were filled with cupboards and book-shelves: here and there were maps and pictures hung on pegs. She took a jar down off one of the shelves as she passed: it was labelled Orange Marmalade, but to her great disappointment it was empty: she did not like to drop the jar, for fear of killing somebody underneath, so managed to put it into one of the cupboards as she fell past it. Well! thought Alice to herself, after such a fall as this, I shall think nothing of tumbling down stairs! How brave they'll all think me at home! Why, I wouldn't say anything about it, even if I fell off the top of the house! (which was most likely true.)
