Advising Nixon Lori Cox Han, 2023-08-18 In 1966 Richard Nixon hired Patrick J. Buchanan, a young editorial writer at the St. Louis Globe-Democrat, to help lay the groundwork for his presidential campaign. Fiercely conservative and a whiz at messaging and media strategy, Buchanan continued with Nixon through his tenure in office, becoming one of the president's most important and trusted advisors, particularly on public matters. The copious memos he produced over this period, counseling the president on press relations, policy positions, and political strategy, provide a remarkable behind-the-scenes look into the workings of the Nixon White House--and a uniquely informed perspective on the development and deployment of ideas and practices that would forever change presidential conduct and US politics. Of the thousand housed at the Richard Nixon Presidential Library, presidential scholar Lori Cox Han has judiciously selected 135 of Buchanan's memos that best exemplify the significant nature and reach of his influence in the Nixon administration. Here, in his now-familiar take-no-prisoners style, Buchanan

can be seen advancing his deeply conservative agenda, counterpunching against advisors he considered too moderate, and effectively guiding the president and his administration through a changing, often hostile political environment. On every point of policy and political issue—foreign and domestic—through two successful campaigns, Nixon's first term, and the fraught months surrounding the Watergate debacle, Buchanan presses his advantage, all the while honing the message that would push conservatism ever rightward in the following years. Expertly edited and annotated by Han, *Advising Nixon: The White House Memos of Patrick J. Buchanan* offers rare insight into the decision-making and maneuvering of some of the most powerful figures in government—with lasting consequences for American public life.

Fictions of Advice Judith Ferster,2016-11-11 *Fictions of Advice*

historicizes the late medieval mirrors (or handbooks) for princes to reveal how the ambiguities and contradictions characteristic of the genre are responses to—as well as attempts to manage—the risks implicit in advising a king. Often thought of as moralizing advice unable to engage political conflicts, the mirrors for princes have been taken for dull and conventionalized testimonies to the medieval taste for platitude. Judith Ferster maintains that advice was at the center of one of the important political debates in the late Middle Ages: how to constrain the king and allow for his subjects' participation. *Fictions of Advice* rereads the English mirrors for princes to show how their moralizing was often highly topical and even subversive. Although overtly deferential to the rulers they address, the mirrors' authors were surprisingly capable of criticism and opposition. In putting the texts back into their historical contexts, Ferster reveals the vital cultural and political function they fulfilled in their societies.

Liber Amicorum Ibrahim F.I. Shihata Sabine Schlemmer-Schulte,Ko-Yung

Tung,2021-10-25 This *Liber Amicorum* is dedicated to an exceptional lawyer who laid many foundations of international finance and development law - Ibrahim F.I. Shihata - in commemoration of his retirement from the World Bank after 15 years of service as Vice-President (later Senior Vice-President) and General Counsel, and Secretary-General of the International Centre for Settlement of Investment Disputes. Ibrahim F.I. Shihata's groundbreaking contributions to the theory and practice of international law arose out of his service in major international finance and development institutions. Among the positions he held prior to his service at the World Bank and ICSID were: Legal Adviser, Kuwait Fund for Arab Economic Development; Executive Director, International Fund for Agricultural Development; Director-General, OPEC Fund for International Development; and Chairman, International Development Law Institute. He shaped these institutions' legal architecture, and advanced these institutions' contribution to development. This *Liber*

Amicorum brings together essays of incumbent or former general counsels or heads of the World Bank, the International Finance Corporation, the Multilateral Investment Guarantee Agency, the Inter-American Development Bank, the Inter-American Investment Corporation, the Asian Development Bank, the African Development Bank, the European Bank for Reconstruction and Development, the Islamic Development Bank, the Nordic Investment Bank, the International Fund for Agricultural Development, the OPEC Fund, the Arab Fund for Economic and Social Development, and other international finance and development institutions. Collectively with distinguished academics, jurists, and arbitrators in international tribunals, such as the International Court of Justice, World Trade Organization's Appellate Body, and the International Centre for Settlement of Investment Disputes, well-known practitioners and colleagues of Dr. Shihata at the World Bank's Legal Department, they write about current and emerging issues in international finance and development law. These include issues such as the various institutions' special development assistance profile, the settlement of international investment disputes, foreign investment law, legal and judicial reform, the environment, the rule of law, corruption, accountability of international financial institutions, etc., reflecting the broad spectrum of the part of law to the development of which Ibrahim Shihata contributed tremendously.
