Afghanistan David Erik Nelson, 2013-06-11 This anthology contains a diverse collection of writings that detail the extreme persecutions and genocidal acts committed by soviet forces in Afghanistan. Background information and first person accounts of the events are provided as well, to give the reader a more rounded knowledge of the events. Charts and graphs are provided to summarize important statistical information, and timelines are included to help the reader trace the sequence of events.

Bleeding Afghanistan Sonali Kolhatkar, James Ingalls, 2006-10-03 Despite official claims of democracy and women's freedom, Afghanistan has yet to emerge from the ashes of decades-long war. Kolhatkar and Ingalls report on the injustice of US policies in Afghanistan historically and in the post 9-11 era. Drawing from declassified government documents and on-the-ground interviews with Afghan activists, journalists, lawyers, refugees and students, they examine the connections between US training and arming of Mujahideen commanders and the subversion of Afghan democracy today.

The Tragedy of Afghanistan Raja Anwar, 1988

Afghanistan Hollie McKay, 2023-02-16 Overnight, Afghanistan dramatically transformed. One chapter - a twenty-year epoch heralded by the attacks of September 11, the U.S. invasion and propping up an ailing government - shuttered on August 15, 2021. Another entirely new - albeit old - chapter flipped open under the stringent ruling of the Taliban. Officially termed the Islamic Emirate of Afghanistan, it's a government that triggers immense fear among the population, having reigned with an iron fist pre-9/11 and waged a brutal insurgency from the mountaintops that claimed the lives of hundreds of thousands of Afghans and foreigners. Veteran war reporters - writer Hollie McKay and photographer Jake Simkin - walk you through the fall of the U.S. and the rise of the Taliban, drawing you into the minds of the new regime and into the hearts of the Afghanistan people. Afghanistan:

The End of the U.S. Footprint and the Rise of the Taliban Rule is a chilling bloody, yet beautiful visual expedition through one of the most magical yet wounded parcels of the planet. It is a place where poppies grow wild and men in the mountains cradle guns like children. It's a place where kits fly high, and everyone has a war story, even though most never chose to go to war. Welcome to Afghanistan after the cataclysmic fall. The band-aid over the bullet wound has been ripped off, and Afghanistan will guide you into the maze of dust, debris and delicacy the way no journalistic endeavor has done before.

The Struggle for Afghanistan Nancy Peabody Newell, Richard S. Newell, 1981

Manuscript, Text and Literature Bo Utas, 2008 This book is a selected collection of the scholarly production on Middle and New Persian literature by professor emeritus Bo Utas, Uppsala University, presented to him on his 70th birthday, with an introduction and an index by Carina Jahani. Out of 19 articles, 15 are in English and four (four entries in Dictionnaire universel des littératures) in French. Of special interest is a long article entitled Genres in Persian literature 900 to 1900 which includes a discussion of what literature is, how oral and written literature are defined and how different genres in Persian literature have developed. The article on New Persian prosody discusses how Arabic and Middle Iranian elements have merged in New Persian poetry. Several articles are dedicated to the influence from Sufism on the Classical Persian poetry, particularly the works of Abdullah Ansari and the Savanih of Ahmad Ghazali. The manuscript tradition and the contents of the journey to the other world described in Misbah ul-arvah are the subjects of two separate studies. The traditional attribution of this work to Auhad al-Din Kirmani is also questioned. There are, furthermore, papers discussing Greco-Persian literary contacts reflected in the Persian romantic epos Vamiq u 'Azra, the concepts of war and peace in Iran, non-religious Book Pahlavi literature, the aesthetic use of New Persian, and

Modern Persian literature, particularly prose literature during the first half of the 20th century. The articles on application of a stemmatic method in Persian manuscript edition and the possibility of using a computerized method for the construction of stemmas are also of particular theoretical interest. The four entries in Dictionnaire universel des litteratures are on Farid al-Din Attar, Jalal al-Din Rumi, Sana'i-yi Ghaznavi and Sufism.

Vägen ut ur Afghanistan Pierre Schori,2011-01-13 Efter 200 år av fred befinner sig Sverige åter i krig. Svenska soldater strider under NATO-flagg med amerikanskt befäl i ett avlägset asiatiskt land. Pierre Schori anser att den svenska regeringen och riksdagen begick ett stort strategiskt misstag genom att engagera Sverige i en NATO-operation utan möjlighet att själva bestämma om och hur länge vi ska delta. Schori följde Afghanistankrigets tre första år som svensk FN-ambassadör och menar att operationen äventyrar FN:s anseende och försvagar världsorganisationens och Sveriges möjligheter att bidra till fred och utveckling. Schori har samtalat med några av världens främsta forskare, politiker, militärer och diplomater från Afghanistan, Pakistan, FN, EU och internationella biståndsorganisationer. Hans slutsats är att Sverige bör avsluta sin militära insats snarast möjligt och istället förespråkar han en regional fredlig lösning där Sverige kan spela en roll. Pierre Schori har lång erfarenhet av internationell politik och biståndsarbete, bland annat som kabinettssekreterare i UD, biståndsminister och svensk FN-ambassadör i New York.

Riksdagens protokoll Sweden. Riksdagen,2001

Det tysta kriget Vladislav Savic,2006-05-24 Tidigt på morgonen den 30:e juli 2004 landar vi med ett av världens största transportflygplan, Antonov 124, på flygplatsen i Tchads sommarheta huvudstad Ndjamena. Vi är en grupp från svenska Räddningsverket, tre svenska journalister och en fotograf. Mina två TV-kolleger och jag, som reser på uppdrag av Sveriges Radio,

är med för att rapportera om situationen för de tiotusentals sudanesiska "Darfurflyktingarna" som befinner sig i grannlandet Tchad. Vad vi journalister inte vet när vi landar, är att vi inom loppet av 36 timmar kommer att bli brickor i ett större globalpolitiskt spel. Ett spel som symboliserar den nya tiden, där kalla kriget ersatts av det mer svårgreppbara Tysta Kriget. Efter kalla krigets slut råder ett närmast anarkistiskt utrikespolitiskt tillstånd. Alla länder, med USA, Kina och Ryssland i spetsen, bryter mot tidigare givna regler. Folkkränten sätts mer eller mindre ur spel eller används selektivt. Samma sak gäller kampen om demokratiutveckling i världen och frågan om de mänskliga rättigheterna. Vad styr de mäktigas utrikespolitik? Kalla kriget dominerades av ideologiernas kamp, men nu bestäms ländernas styrka av helt andra faktorer. Den som har kontroll över oljan har också makt över framtiden. Vladislav Savic har i många år varit utrikeskorrespondent på Ekot, tidigare stationerad 4 år i Moskva. Under många år har han följt temat olja och världens växande energibehov ur ett konfliktperspektiv, bland annat genom stipendiefinansierad research på plats i flera världsdelar.

Draksåddens år Pierre Schori, 2008-05-23 I fyra år var Pierre Schori Sveriges FN-ambassadör. Från sitt arbetsrum bevittnade han hur World Trade Center i New York störtade samman den 11 september 2001. Han var personligen inblandad i den hårda maktkamp i FN som föregick Irakkriget. I *Draksåddens* år berättar Schori initierat om spelet inom FN och Bush och Blairs försök att få säkerhetsrådet att sluta upp bakom deras krigsplaner. Schori återger huvuddragen i den rapport han skrev till Utrikesdepartementet, som hemligstämplades av hänsyn till främmande makt. I bokens andra del granskar Schori EU:s och Sveriges roll i kriget mot terrorismen. Han frågar sig hur EU och Sverige ska förhålla sig till en USA-administration som blivit alltmer oamerikansk, och skisserar en ny säkerhetspolitik för 2000-talet. Pierre Schori var i många år Olof Palmes närmaste medarbetare i internationella frågor. Han har bland annat varit

riksdagsman, kabinettsekreterare vid Utrikesdepartementet, biståndsminister, FN-ambassadör och sändebud för FN:s generalsekreterare i Elfenbenskusten, där han också var befälhavare för FN:s fredsbevarande styrkor 2005-2007.
