

African Hunting Gazette Africas Premier Hunting Magazine

John Tinney McCutcheon

21 Days in Africa Daniel J. Donarski Jr.,2008-02-14 A real-life adventure story of hunting wild game in Africa. Suggestions for planning your own African safari, with tips on rifle selection, travel insurance, preparations.

African Hunting Among the Thongas George Agnew Chamberlain,1923

A Beginners Guide To Hunting in Africa Dr. Hans Röhlink,2023-08-01 Legal and sustainable hunting makes a significant contribution to species conservation worldwide. Especially hunting in Africa is the dream of every hunter. However, organizing an African safari is not easy for beginners. What awaits me in the hunting country? What huntable game is there and how is it hunted? How do I choose my guide and hunting area? What rifle and equipment do I need? How do I get my rifle to Africa and my trophy home? What are the costs? These are just a few of many questions that are answered in this book. All about - the organization of a hunting trip to Africa, - the most important hunting countries, - country-specific laws and regulations, - huntable game, its biology and behaviour, - hunting strategies, - common calibres, - safari rifles, - rifle handling, - export and import of firearms, and - health risks.

Safari Rifles II Craig Boddington,2013-12-03 Gone are the days of simple-solid and softpoint-bullets for a mere dozen-and-a-half African calibers. The sheer number of products on the market today staggers the mind and bewilders even experienced hunters. Boddington presents his information in clearly explained, bite-size pieces that we can digest, and in the process he gives us a solid understanding of what works and what doesn't. Many writers proclaim their knowledge of African hunting, but few have the true in-depth

experience that comes from thousands of days afield. Boddington's Safari Rifles II is a rare gem of a book, offering solid information based on vast experience and insight gathered over the last thirty years of hunting on the Dark Continent.

Hunting Africa Gerhard Swan, Pieter Smit, Dirk Botes, 2000 A book that covers the various aspects of hunting in Africa.

Hunting Africa Angela Thompsett, 2015-10-12 This book recovers the multiplicity of meanings embedded in colonial hunting and the power it symbolized by examining both the incorporation and representation of British women hunters in the sport and how African people leveraged British hunters' dependence on their labor and knowledge to direct the impact and experience of hunting.

In Africa John Tinney McCutcheon, 1910

In Africa: Hunting Adventures in the Big Game Country John Tinney McCutcheon, 1910

Memories of An African Hunter Denis D. Lyell, 2016-07-26 THE following pages contain my memories of many years spent in the African bush, where I did little else than hunt game and study their habits and tracks. In 1906 my friend the late Major (then Captain) C. H. Stigand and myself brought out Central African Game and its Spoor, and then we both wrote further volumes on the game independently. I doubted whether I had enough material for another volume, but on looking up my diaries I found that there was quite a lot I had left unsaid. The first chapter deals with some of my experiences when tea-planting in Eastern India, but I had so little opportunity there to get really good sport that I think it best here to mainly confine my attention to Africa, where I had a glorious time Eastern India is so jungly that

without the use of trained elephants it is impossible for a man to do much with the rifle. On the other hand, Central Africa is a country where anyone can get (or perhaps I should say could get) as much shooting as he wants if he is a good walker and able to rough it in a bad climate; for it is not a health resort. Naturally a hunter's life in tropical Africa is not "roses all the way," although there are wonderful compensations for the hardships and fevers

Safari Rifles Craig Boddington,1990 A modern day classic that covers the entire subject of what guns to take on today's safari. Covers types of actions, caliber's, premium bullets, and sighting equipment.

Hunter's Guide to Bow Hunting the African Way African Magazine,2014-03-12 Bowhunting, as a sport of hobby, has evolved over the last 50 years and offers an ideal entry point for many modern day hunters, while purists have honed their skill and equipment to take on the toughest and biggest of game animals. Africa offers a diversity of wildlife and habitats and unique challenges for the visiting hunter. Bowhunting the African Way is compiled from more than 20 years of published material from the African Hunter Magazine, giving the reader or would-be bowhunter an in depth appreciation of bowhunting the Dark Continent. Augmented with personal hunt reports, technical overviews and 20 anatomical shot placement diagrams, this work is a must for those first time African Bowhunters, and those for whom Africa is already home.

A Hunter's Wanderings in Africa Frederick Courteney Selous,1919

A Hunter's Life in South Africa Roualeyn Gordon-Cumming,1980

Hunting in Africa East and West Charles Pelham Curtis,Richard Cary Curtis,1925

Africa in My Heart Julius Simko, 2015-01-19 I am greeted by the petrifying sight of thirty or sixty or seventy buffalo looming large at a distance, each of them staring at me. Just staring would be okay; I could handle that. But these are also coming at me. I just stand there turned to stone, waiting for something to happen—something other, that is, than having a herd of cape buffalo running toward me. If it weren't for Peter, they surely would have trampled me to death. Fortunately, he recollects himself just in time to yell at me to get my ass behind the tree. The tree. Hmm . . . What tree? It takes a few seconds of scanning the land around me before I see Peter hugging a tree trunk not more than a foot in diameter. I get there in three gigantic leaps and with such verve that I knock Peter out from behind his tree. I yank him back, of course. Both of us are trying to be wafer thin (not an easy feat, that) so both of us can fit behind the tree. In less than four seconds, the buffalo storm past on either side of our measly cover. These hunting stories abound in thrills and merry moments yet remain truthful to life. The author invites the reader to an enchanted world where anything can happen around the next bush and where often a decision must be made in the blink of an eye. Each event described here becomes instantly tangible and sharply conveys the scents and colors, the sheer magic of the African wilderness. The photos stand as witness of the author's love and dedication to the African continent. I recommend this book to everyone who wants to experience the unrivalled spell of Africa. —Koos Pienaar, big game PH Hunter Africa Namibia Safaris

Guns Over Africa Jamel DuBois, 2019-10-04 Guns Over Africa is an affirmation of sport hunting, and in this context, hunting that contributes to the economy of developing countries within the rules of international wildlife conservation and preservation. This does not mean that the hunter cannot enjoy the

sport; it's not all high-minded and only for these obvious commercial and conservation benefits for other than the hunter himself (or herself). For the hunter, trophy mounts and memories resulting from such experiences flash back the challenge, the competition, the failures, the successes, the remorse, and the elation of the hunt. And they make last year, or before, when the animals were taken, seem not so long ago, and make the next hunt seem not so far away. Settings for these safari accounts are Zimbabwe and South Africa.

White Hunters Brian Herne, 1999 Evokes the harmony that existed between hunters & big game before poaching & politics intervened. Summons adventure, danger, & romance on a grand scale.

Hunting in South Africa Tony Sánchez-Ariño, 1998

Hunting Big Game with Dogs in Africa Er Myron Shelley, 1924

In Africa John Tinney McCutcheon, 2023-06-24
