English / Afrikaans / Swahili Phrasebook John C Rigdon, 2021-05-05 This is not your typical tourist phrasebook. It contains over 75 categories of terms in English, Afrikaans and Swahili with over 4,000 terms, phrases and sample sentences. Also included is a guide to the English, Afrikaans and Swahili alphabet and pronunciation. The English / Afrikaans / Swahili Phrasebook is designed to be used by the English speaker to learn the basics of the two major languages of southern Africa. If you are intending to learn any new language, you'll need to get a phrasebook. The purpose of the phrasebook is to give you practice in real-life situations. Memorizing phrases ahead of time is the BEST way to use a phrasebook. Your grammar book,

and sometimes even your course, does not give you the Which room is mine? kind of phrases. Yes, you will need to flip through the book to find responses or the next question on a different topic, but that is only if you do not practice a bit ahead of time. You can't beat this book - for the price and the small, yet concise and relevant content. Learn how to tell time, order food, go through customs, as well as greetings and social conversations. Proper names may or may not be translated between languages. Generally country names are translated, but personal names, place names, and trade names (products) are not. Some words may provide an alternate translation or transliteration, others may not. This phrasebook is derived from our Words R Us system, a derivative of WordNet. English Wordnet, originally created by Princeton University is a lexical database for the English language. It groups words in English into sets of synonyms called synsets, provides brief definitions and usage examples, and records a series of relationships between these sets of synonyms. WordNet can be viewed as both a combination dictionary and thesaurus.

English Afrikaans Dictionary ,2021-09-05 This dictionary is a simple collection of common (and some not so common) Afrikaans words and phrases not necessarily designed for travelers or serious students. This book is designed for people with a general interest in the Afrikaans language who wish to learn a few words and phrases for their own curiosity or to impress others. While this book wouldn't be appropriate for travelers on its own it may be a great supplement to an actual travel dictionary/phrasebook.

2000 Core Words and Phrases Afrikaans AfrikaansPod101.com, Innovative Language Learning, Want to speak fluent Afrikaans with confidence? Fact: The more Afrikaans words you know, the better you can speak. But there is a right and wrong way to learn Afrikaans words. The wrong way? Trying to learn every single word, including rarely used words. Many beginners waste months doing this and never get around to speaking. The right way? Focusing on a special set of words, or "core words." And that's where our 2000 Core Words and Phrases Book comes in. 2000 Core Words and Phrases teaches you the 2,000 most frequently used words and phrases in daily conversations, also known as Core Words. According to experts, you need to know 1,500 words for conversational fluency, and with this book, you get MORE than enough to achieve it in one place. All you have to do is read through it for a few minutes a day. You'll learn words in the order best suited for beginners, rather than random words like "economics" and "xylophone." You'll understand how to use the words and phrases naturally, thanks to the sample sentences provided. You'll be able to use these practical words in conversations... and speak more Afrikaans! With 2000 Core Words and Phrases, you get: - 2,000 core words and phrases sorted by frequency of use. - Example sentences for each word. - 10+ chapters and 190+ pages in total. Chapters include: - How to Say "Hello," "Thank You," and More! - How to Say "Left," "Right," and More! - How to Say "Inch," "Kilogram," and More! - How to Say "Sweater," "Jeans," and More!

Learn Afrikaans - Quick / Easy / Efficient Pinhok Languages, 2022-11-17 A curated Afrikaans word frequency list Are you looking for unconventional ways to speed up the process of learning Afrikaans? Then this book is exactly what you are looking for. Following the Pareto principle (80/20 rule), this book is built to streamline the learning process by concentrating on the core words and sentence structures that make up everyday conversations. The result is a unique vocabulary book with 2000 of the most important Afrikaans words and phrases ordered by their frequency of use. Who this Afrikaans learning book is for: This book is for beginners and intermediate learners of Afrikaans who are self-motivated and willing to spend 15 to 20 minutes a day on learning vocabularies. The simple structure of this vocabulary book is the result of taking all unnecessary things out allowing the learning effort to solely be spent on the parts that help you make the biggest progress in the shortest amount of time. If you are willing to put in 20 minutes of learning every day, this book is very likely the single best investment you can make if you are at a

beginner or intermediate level. You will be amazed at the speed of progress within a matter of just weeks of daily practice. Who this Afrikaans frequency list is not for: This book is not for you if you are an advanced learner of Afrikaans. In this case, please go to our website or search for our Afrikaans vocabulary book which comes with more vocabularies and is grouped by topic which is ideal for advanced learners who want to improve their language capabilities in certain fields. Furthermore, if you are looking for an all in one Afrikaans learning book that guides you through the various steps of learning Afrikaans, this book is most likely also not what you are looking for. This book contains vocabularies only and we expect buyers to learn things like grammar and pronunciation either from other sources or through language courses. The strength of this book is its focus on quick acquisition of core vocabularies which comes at the expense of information many people might expect in a conventional language learning book. Please be aware of this when making the purchase. How to use this Afrikaans workbook: This book is ideally used on a daily basis, reviewing a set number of pages in each session. The book is split into sections of 50 vocabularies which allows you to step by step progress through the book. Let's for example say you are currently reviewing vocabularies 101 to 200. Once you know vocabularies 101 to 150 very well, you can start learning vocabularies 201 to 250 and on the next day skip 101-150 and continue reviewing vocabularies 151 to 250. This way, step by step, you will work your way through the book and your language skills will jump with each page you master. Some final thoughts: Like many language hacking methods, this book is quite unconventional in its approach, but for a driven person that uses it correctly it can significantly speed up the learning process. Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work quite well – and that is what counts in the end.
