Afro-Latin Rhythm Dictionary Thomas A. Brown, A valuable resource for percussionists, arrangers and classroom music teachers who want to explore Latin, Afro, Cuban, rock and jazz styles. Traditional Afro-Cuban Concepts in Contemporary Music ARTURO RODRIGUEZ,2011-03-11 This course examines the infusion of traditional Afro-Latin and especially Afro-Cuban concepts into contemporary Western music. Upon completion of this book you will have mastered many new skills that will help you become a more accomplished percussionist and, more importantly, a more complete musician. By exploring the role of percussion in traditional Afro-Cuban music, you will understand the important contribution drums make towards a complete musical piece, and that a drum is not merely a rhythmic placeholder but truly a musical instrument worthy of recognition. While this book focuses primarily on hand percussion, its basic principals are also applied to the drum kit. There is no standard notation in this book; rather, the rhythms are illustrated with easily understood charts based on counting out subdivided beats. Two companion CDs offer audio examples of all major points.

Critical Perspectives on Afro-Latin American Literature Antonio D. Tillis,2012-04-23 After generations of being rendered virtually invisible by the US academy in critical anthologies and literary histories, writing by Latin Americans of African ancestry has become represented by a booming corpus of intellectual and critical investigation. This volume aims to provide an introduction to the literary worlds and perceptions of national culture and identity of authors from Spanish-America, Brazil, and uniquely, Equatorial Guinea, thus contextually connecting Africa to the history of Spanish colonization. The importance of Latin America literature to the discipline of African Diaspora studies is immeasurable, and this edited collection provides a ripe cultural context for critical comparative analysis among the vast geographies that encompass African and African Diaspora studies. Scholars in the area of African Diaspora Studies, Black Studies, Latin American Studies, and American literature will be able to utilize the eleven essays in this edition to enhance classroom instruction and further academic research.

Finding Latinx Paola Ramos, 2020-10-20 Latinos across the United States are redefining identities, pushing boundaries, and awakening politically in powerful and surprising ways.

Many—Afrolatino, indigenous, Muslim, queer and undocumented, living in large cities and small towns—are voices who have been chronically overlooked in how the diverse population of almost sixty million Latinos in the U.S. has been represented. No longer. In this empowering cross-country travelogue, journalist and activist Paola Ramos embarks on a journey to find the communities of people defining the controversial term, "Latinx." She introduces us to the indigenous Oaxacans who rebuilt the main street in a post-industrial town in upstate New York, the "Las Poderosas" who fight for reproductive rights in Texas, the musicians in Milwaukee whose beats reassure others of their belonging, as well as drag queens, environmental activists, farmworkers, and the migrants detained at our border. Drawing on intensive field research as well as her own personal story, Ramos chronicles how "Latinx" has given rise to a sense of collectivity and solidarity among Latinos unseen in this country for decades. A vital and inspiring work of reportage, Finding Latinx calls on all of us to expand our understanding of what it means to be Latino and what it means to be American. The first step towards change, writes Ramos, is for us to recognize who we are.

Decolonizing Diasporas Yomaira C Figueroa-Vásquez,2020-10-15 Mapping literature from Spanish-speaking sub-Saharan African and Afro-Latinx Caribbean diasporas, Decolonizing Diasporas argues that the works of diasporic writers and artists from Equatorial Guinea, Puerto Rico, the Dominican Republic, and Cuba offer new worldviews that unsettle and dismantle the logics of colonial modernity. With women of color feminisms and decolonial theory as frameworks, Yomaira C. Figueroa-Vásquez juxtaposes Afro-Latinx and Afro-Hispanic diasporic artists, analyzing work by Nelly Rosario, Juan Tomás Ávila Laurel, Trifonia Melibea Obono, Donato Ndongo, Junot Díaz, Aracelis Girmay, Loida Maritza Pérez, Ernesto Quiñonez, Christina Olivares, Joaquín Mbomio Bacheng, Ibeyi, Daniel José Older, and María Magdalena Campos-Pons. Figueroa-Vásquez's study reveals the thematic, conceptual, and liberatory tools these artists offer when read in relation to one another. Decolonizing Diasporas examines how themes of intimacy, witnessing, dispossession, reparations, and futurities are remapped in these works by tracing interlocking structures of oppression, including public and intimate forms of domination, sexual and structural violence, sociopolitical and racial exclusion, and the haunting remnants of colonial intervention. Figueroa-Vásquez contends that these diasporic literatures reveal violence but also forms of resistance and the radical potential of Afro-futurities. This study centers the cultural productions of peoples of African descent as Afro-diasporic imaginaries that subvert coloniality and offer new ways to approach questions of home, location, belonging, and justice.

Changó, the Biggest Badass Manuel Zapata Olivella, 2010 Among the African pantheon of the Orichas—deities and messengers often inscrutable to the Western mind—stands Changó, god of fire, war, and thunder. In Manuel Zapata Olivella's four-hundred-year epic of the African American experience, first published in 1983 as Changó, el gran putas, Changó both curses the muntu—the people—for betraying their own kind and challenges them to liberate not only themselves but all of humanity. In luminous verse and prose, Zapata Olivella conveys the breadth of heroism, betrayal, and suffering common to the history of people of African descent in the Western hemisphere. Ranging from Brazil to New England but primarily turning his wrath on the Caribbean centers of the slave trade, Changó inhabits personas as diverse as Benkos Biojo, Henri Christophe, Simón Bolívar, José María Morelos, the Aleijadinho, Marcus Garvey, and Malcolm X. His message is one of vengeance, but also one of hope. Readers and critics will relish the opportunity to at last experience Zapata Olivella's masterpiece in English and to appreciate this extraordinary tapestry, woven from equal strands of myth and history.

The Essence of Afro-Cuban Percussion and Drum Set Ed Uribe, 1996 An in-depth study (324 pages) of all the percussion instruments, rhythms and song styles of Afro-Cuban music, along with their applications to the drum set. Detailed technical studies of each instrument are presented along with notations of many rhythm styles. The entire rhythm section (parts for bass, piano, horn section, string section, tres, and guitar) is also studied in detail. The book comes with two CDs that include performances of each percussion instrument, drum set, all rhythm section instruments, as well as examples of all musical styles with full instrumentation in score form.

Rhythms of the Afro-Atlantic World Ifeoma C.K. Nwankwo,Mamadou Diouf,2010-11-22 Collecting essays by fourteen expert contributors into a trans-oceanic celebration and critique, Mamadou Diouf and Ifeoma Kiddoe Nwankwo show how music, dance, and popular culture turn ways of remembering Africa into African ways of remembering. With a mix of Nuyorican, Cuban, Haitian, Kenyan, Senegalese, Trinidagonian, and Brazilian beats, Rhythms of the Afro-Atlantic World proves that the pleasures of poly-rhythm belong to the realm of the discursive as well as the sonic and the kinesthetic. ---Joseph Roach, Sterling Professor of Theater, Yale University As necessary as it is brilliant, Rhythms of the Afro-Atlantic World dances across, beyond, and within the Black Atlantic Diaspora with the aplomb and skill befitting its editors and contributors. ---Mark Anthony Neal, author of Soul Babies: Black Popular Culture and the Post-Soul Aesthetic Along with linked modes of religiosity, music and dance have long occupied a central position in the ways in which Atlantic peoples have enacted, made sense of, and responded to their encounters with each other. This unique collection of essays connects nations from across the Atlantic—Senegal, Kenya, Trinidad, Cuba, Brazil, and the United States, among others---highlighting contemporary popular, folkloric, and religious music and dance. By tracking the continuous reframing, revision, and erasure of aural, oral, and corporeal traces, the contributors to Rhythms of the Afro-Atlantic World collectively argue that music and dance are the living evidence of a constant (re)composition and (re)mixing of local sounds and gestures. Rhythms of the Afro-Atlantic World distinguishes itself as a collection focusing on the circulation of cultural forms across the Atlantic world, tracing the paths trod by a range of music and dance forms within, across, or beyond the variety of locales that constitute the Atlantic world. The editors and contributors do so, however, without assuming that these paths have been
