Jim Eldridge

The Perfect Soldier James F. Dunnigan, 2003 Fox news analyst, Dunnigan, examines the role of the U.S. special forces in the changing face of military action today. Tracing the history of the most highly trained and deadly forces from all around the world and throughout the ages, he reveals the lineage of these perfect soldiers' back to the prehistoric age of the hunter society. At once a fascinating history and a brilliant analysis of the constant battle to master modern warfare, this volume is an insider's view into the world's best soldiers and the future of ground combat.'

We Died With Our Boots Clean Kenneth McAlpine, 2010-12-26 At the age of seventeen, Kenneth McAlpine ran away from the Repton school to join Churchill's new elite special force, the Royal Marine Commandos. As the youngest member of the youngest commando force, after three months he found himself fighting on the beaches of Normandy. In *We Died With Our Boots Clean*, McAlpine tells his own unique story of World War II and his highly eventful military career. From an unusual encounter with Montgomery and Patton, a concerted attempt to kill a sergeant major and his best friend's arrest for swearing at the Queen of Holland, McAlpine paints a fascinating picture of commando life and the harsh training that prepared soldiers for frontline combat in an elite unit. Full of absorbing anecdotes such as his time in a military prison and a rescue operation at a concentration camp, this book is an essential part of a World War II enthusiast's library.

Commando Tactics Stephen Bull, 2010-01-01 British commandos are among the most celebrated soldiers of the Second World War. Their daring, ingenuity and bravery have given rise to an almost legendary reputation that makes it difficult to appreciate fully their role and their true value as fighting men. Stephen Bull, in this in-depth study of commando tactics and history, seeks to dispel the myths and the misunderstandings that surround them, and he places these elite troops of 70 years ago in the context of their times. He also demonstrates that the idea of the commando took time to develop - and that commando operations were far from always successful. Commando tactics - amphibious, mountain, close quarter - were forged through the often-painful experience of raids and combined operations. And commando tactics and organization remained in a state of flux throughout the war as new situations and challenges arose. Stephen Bull's vivid account will be essential reading for anyone who is interested in commando fighting techniques and the early history of special forces.

Ian Fleming's Commandos Nicholas Rankin, 2011-10-07 Rankin tells the story of a secret intelligence outfit conceived and organized by Ian Fleming during World War II, named 30 Assault Unit, a group who was expected to seize enemy codebooks, cipher machines, and documents in high-stakes operations, and which inspired his creation of the James Bond character.

Dave Dawson with the Commandos R. Bowen, 2016-02-28 The Dave Dawson War Adventure Series encompasses 15 novels about young Dave Dawson, just out of high school and following his father to Europe at the start of the conflict that would become World War 2. After befriending a young English lad, Freddy Farmer, the two teens find themselves fighting along side the brave British troops determined to keep the Nazis from ever setting foot on English soil. Through the series they do not age but do travel around a lot taking part in such operations as Dunkirk, Guadalcanal and Truk Island. They distinguish themselves as they fly and shoot down the enemy whether they are on European soil, in the Pacific or even at home where Nazi infiltrators are bent on wrecking havoc. The two lads make a name for themselves, form an unbreakable friendship, and fight against the odds, overcoming them at the very last moment. As with many series for young boys, the themes are built around patriotism and bravery, friendship and loyalty. And, while some of the references might seem rude or racist, they were products of the time in which they were authored. That author, Robert Sidney Bowen, was an American teenager when he flew for the Royal Air Force during World War I. He became a journalist and author starting at the end of the war in England and later in Chicago. He was responsible for at least three series of adventures for boys plus numerous individual books built around his love of sports. He was active from 1930 (at the age of 20) until his final book, *Hot Rod Doom*, in 1973, just six years before his death. Millions of his books were sold when first published or republished and some are still available today as used books and as new publications, however many of these new releases have been edited for spelling mistakes and errors in typesetting, plus many do not include any of the original cover art. Thackery Fox & Associates is proud to offer these low-cost editions using scanned text mostly from first editions that-for historical reasons-include all the typesetting mistakes and strange spellings of the day that seem wrong to us now.

Going Commando Mark Time, 2015-08-06 'TOUGH, TOUCHING... IT'S A RIGHT GOOD READ' - DAILY TELEGRAPH At 16, Mark Time wants to become either a geologist or a Royal Marines Commando. So which does he choose? Despite his love of basalt, he chooses the career that teaches him how to kill... and sh*t in plastic bags. Knowing his weak body will have to shape up to complete thirty weeks of commando training, Mark prepares for the Royal Marines by sleeping in his shed wearing only plastic bags. He braves pain by ordering his mate to attack him while trapped in a sleeping bag. He starves himself in a stupid urban survival exercise, turning down the offer of crispy pancakes from his bewildered mother. He is ready. Some might say for the nut house... Often hilarious and yet shockingly sobering, this is the true story of a boy who joins one of the world's most elite military units with only naivety and incompetence equalling his will to succeed. 'A cover to cover laughathon' - SOLDIER MAGAZINE

The Boy Commandos by Joe Simon and Jack Kirby Vol. 2 Joe Simon, Jack Kirby, 2015-12-08 Legendary two-fisted tales from comics' Golden Age are available in handsome hardcover editions for the first time ever! The Nazi menace has fortified the entire European continent to repel any efforts at liberation. Uprooting these entrenched forces will take more than a navy, more than an air force, more than a mighty army-it will take the Commandos! Led by Captain Rip Carter, the Commandos stand ready to strike at the enemy with devastating surprise anywhere in the world-and serving alongside these highly trained men are four irrepressible youths whose fighting spirit more than matches their elders' determination. Jan, Pierre, Alf and Brooklyn-these are Joe Simon and Jack Kirby's Boy Commandos! This second volume collects the Commandos' adventures from DETECTIVE COMICS #74-85, WORLD'S FINEST COMICS #10-13 and BOY COMMANDOS #3-5 together with an insightful introduction by Kirby chronicler John Morrow.

Fighting with the Commandos Stan Scott, 2009 We ended up hanging him from a tree by his feet. His cronies were dealt with in similar fashion. This was my initiation into fisticuffs and tactics. Divide to conquer! I was ten years of age. One man's journey from being a lad with a passion for all things military to soldiering in an elite unit. In his attempts to get to the front line Stan Scott enlisted under-age, was discovered and ended up in 70th Young Soldiers Battalion. This ultimately led him to becoming a member of Brigadier Peter Young's famous Number 3 Commando. Landing on SWORD Beach on D-Day, he was one of the first Commandos to reach Pegasus Bridge. A thrilling and inspiring fighting man's memoir with no holds barred.

Dave Dawson with the Commandos Robert Sidney Bowen, 2016-07-19 Strange Orders The waiter came over to the table and smiled politely. Is there anything else I can get you two gentlemen? he asked. Dave Dawson looked up from his empty plate and shook his head emphatically. No thanks, he said. I'm close to the bursting point right now. Anything more and I'd need a second stomach to hold it. You can bring the check, please.

Chosen Soldier Dick Couch, 2008-03-25 An unprecedented view of Green Beret training, drawn from the year Dick Couch spent at Special Forces training facilities with the Army's most elite soldiers. In combating terror, America can no longer depend on its conventional military superiority and the use of sophisticated technology. More than ever, we need men like those of the Army Special Forces-the legendary Green Berets. Following the experiences of one class of soldiers as they endure this physically and mentally exhausting ordeal, Couch spells out in fascinating detail the demanding selection process and grueling field exercises, the high-level technical training and intensive language courses, and the simulated battle problems that test everything from how well SF candidates gather operational intelligence to their skills at negotiating with volatile, often hostile, local leaders. *Chosen Soldier* paints a vivid portrait of an elite group, and a process that forges America's smartest, most versatile, and most valuable fighting force.

X Troop Leah Garrett, 2021-05-25 "Brilliantly researched, utterly gripping history: the first full account of a remarkable group of Jewish refugees—a top-secret band of brothers—who waged war on Hitler."—Alex Kershaw, New York Times best-selling author of *The Longest Winter* and *The Liberator*

The incredible World War II saga of the German-Jewish commandos who fought in Britain’s most secretive special-forces unit—but whose story has gone untold until now June 1942. The shadow of the Third Reich has fallen across the European continent. In desperation, Winston Churchill and his chief of staff form an unusual plan: a new commando unit made up of Jewish refugees who have escaped to Britain. The resulting volunteers are a motley group of intellectuals, artists, and athletes, most from Germany and Austria. Many have been interned as enemy aliens, and have lost their families, their homes—their whole worlds. They will stop at nothing to defeat the Nazis. Trained in counterintelligence and advanced combat, this top secret unit becomes known as X Troop. Some simply call them a suicide squad. Drawing on extensive original research, including interviews with the last surviving members, Leah Garrett follows this unique band of brothers from Germany to England and back again, with stops at British internment camps, the beaches of Normandy, the battlefields of Italy and Holland, and the hellscape of Terezin concentration camp—the scene of one of the most dramatic, untold rescues of the war. For the first time, X Troop tells the astonishing story of these secret shock troops and their devastating blows against the Nazis. “Garrett’s detective work is stunning, and her storytelling is masterful. This is an original account of Jewish rescue, resistance, and revenge.”—Wendy Lower, author of The Ravine and National Book Award finalist Hitler’s Furies

Special Operations in the Age of Chivalry, 1100-1550 Yuval N. Harari,2007 Alongside the familiar pitched battles, regular sieges, and large-scale manoeuvres, medieval and early modern wars also involved assassination, abduction, treason and sabotage. These undercover operations were aimed chiefly against key individuals, mostly royalty or the leaders of the opposing army, and against key fortified places, including bridges, mills and dams. However, because of their clandestine nature, these deeds of `derring-do' have not been studied in any detail, a major gap which this book seeks to fill. It surveys a wide variety of special operations, from the eleventh to the sixteenth century. It then analyzes in greater depth six select and exciting operations: the betrayal of Antioch in 1098; the attempt to rescue King Baldwin II from the dungeon of Khartpert in 1123; the assassination of Conrad of Montferrat in 1192; the attempt to storm Calais in 1350; the `dirty war' waged by the rulers of France and Burgundy in the 1460s and 1470s; and the demolition of the flour mill of Auriol in 1536. Dr YUVAL NOAH HARARI teaches at the Hebrew University of Jerusalem.
