a sacred icon, an evil wizard and two little sparrows: these are some of the exciting things in store for you in Edward Kurtz's latest magical story entitled, "Knight Adventure." The fast-paced story is set in medieval times and recounts the quest of the Silver Knight as he attempts to recover the icon that has been stolen from the castle. You'll be taken on a wild ride and learn:

- who stole the icon from the chapel in the castle;
- why the princess is suffering from a long illness and what will heal her;
- why the king and queen ask the brave knight to undertake a dangerous journey, and what his reward will be if he succeeds in his mission;
- who lives in a thatched cottage in the middle of the dark forest;
- why the icon is hidden deep in a well, who hid it there, and how it is found;
- why the two little brown sparrows are so important to the story and how they help the knight;
- and, finally, what happens when the knight returns to the castle.

Readers of all ages will enjoy this chivalrous tale of adventure – "Knight's Adventure." Short Story Press publishes short stories written by everyday writers.

Hitler's Master of the Dark Arts Bill

Yenne, 2010-10-14 A history of Nazi Germany's SS and its leader examining the groups mystical cult aspects and Himmler's rise through the ranks of power. Hitler's Nazi Party, at its evil roots, embraced a bizarre interpretation of ancient European paganism, blending it with fragments of other traditions from sources as diverse as tenth-century Saxon warlords, nineteenth-century spiritualism, and early-twentieth-century fringe archeology. Even the swastika, the hated symbol of Nazism, had its roots in ancient symbolism, its first recorded appearance carved into a mammoth tusk twelve thousand years before Hitler came to power. At the heart of the evil was Hitler's "witch doctor," Heinrich Himmler, and his stranger-than-fiction cult, the deadly SS. The mundanely named Schutzstaffel, literally "protective squadron," was the very essence of Nazism, and their threatening double lightning bolt was one of the most dreaded symbols of the Third Reich. With good reason: what the SS was truly protecting was the ideology of Aryan superiority. Hitler's Master of the Dark Arts is the first history of the SS and its leader to focus on the mystical cult aspects of the organization. It follows Himmler's transformation of the SS from a few hundred members in 1929 to over fifty thousand black-uniformed Aryans by the mid-1930s. Concurrent with its expansion and its eventual independence from the brown shirts of the SA, Himmler infused the Black Knights with a mishmash of occult beliefs and lunatic-fringe

theories that would have been completely laughable—except that they were also used to justify the Final Solution.

The Knight at Dawn Mary Pope Osborne, 1995 Eight-year-old Jack and his younger sister Annie use the magic treehouse to travel back to the Middle Ages, where they explore a castle and are helped by a mysterious knight.

Did Castles Have Bathrooms? Ann Kerns, 2010-01-01 Reveals facts about the myths about the Middle Ages, including if castles had bathrooms, if medieval barbers were also dentists, and if medieval peasants were considered slaves.

American Gothic Art and Architecture in the Age of Romantic Literature Kerry Dean Carso, 2014-11-15 American Gothic Art and Architecture in the Age of Romantic Literature analyses the influence of British Gothic novels and historical romances on American art and architecture in the Romantic era.

The Cambridge Companion to the American Short Story Michael J. Collins, Gavin Jones, 2023-04-30 This Companion offers students and scholars a comprehensive introduction to the development and the diversity of the American short story as a literary form from its origins in the eighteenth century to the present day. Rather than define what the short story is as a genre, or defend its importance in comparison with the novel, this Companion seeks to understand what the short story does – how it moves through national space, how it is always related to other genres and media, and how its inherent mobility responds to the literary

marketplace and resonates with key critical themes in contemporary literary studies. The chapters offer authoritative introductions and reinterpretations of a literary form that has re-emerged as a major force in the twenty-first-century public sphere dominated by the Internet.

The Knight of the Ages Lester

Greenhaw, 2020-04-29 Have you ever wondered where honor and pride come from? Let's take an adventure back, way back in time where knights, princesses, kings, and some many more are found. How would you live? Would you follow the crowd, or perhaps you would follow your heart? Maybe be a lone wolf? Who would you be if you could be anyone? Would you be D, a knight that fights for what is right? Would you be Atom, the lead knight in the king's army? Perhaps you would be Molly, a woman that fights alongside male knights? How about Ashley, the shy, bashful girl that keeps to herself, waiting for her knight in shining armor to rescue her? Or perhaps you would be King Grief, leader of the kingdom? How about Rachel, the princess, King Grief's daughter? Perhaps you would be someone else. Don't choose right now, let's dive into this story filled with adventure and see what happens.

Son of the Morning Anthony Kaminski, 2017-08-16

Quite simply put this book is a masterpiece that follows a soul who is on the quest for the Holy Grail. The Grail Quest is the path of the Illuminati and is also known as the Heroes Journey and the Great Work. It is the understanding of the process of alchemy and it is the living proof of how lead turns into gold, How matter transforms into spirit and how a caterpillar turns into a butterfly.

In Search of the Holy Grail Veronica

Ortenberg, 2006-01-01 This book surveys the influence of the middle ages, and of medieval attitudes and values, on later periods and on the modern world. Many artistic, political and literary movements have drawn inspiration and sought their roots in the thousand years between 500 and 1500 AD. Medieval Christianity, and its rich legacy, has been the essential background to European culture as a whole. Gothic architecture and chivalry were two keys to Romanticism, while nationalists, including the Nazis, looked back to the middle ages to find emerging signs of national character. In literature few myths have been as durable or popular as those of King Arthur, stretching from the Dark Ages to Hollywood. In Search of the Holy Grail is a vivid account of how later ages learnt about and interpreted the middle ages.

First Knight Ines Johnson, 2018-06-14 King Arthur has never been hotter in this steamy, magical, modern-day adventure of witches, wizards, and Bunsen burners! As the Lord of Camelot, it is Arthur's responsibility to protect the witches, wizards, and knights in the castle. But one witch

in particular gets under his skin like no other. Morgan never listens, is difficult to control, and impossible to keep off his mind. With pressure mounting for him to take a wife, he sets his sights on a suitable Lady of the Castle. Someone agreeable, demure, and sophisticated. Definitely not a hot-headed scientist who always insists on getting her own way. Once upon a time, Morgan's powerful intellect was rivaled only by the strength of her magic. But now that her powers have been ripped away, she's determined to follow her dream of joining a physics research team at the local university. Too bad Camelot is on lock down and the impossible leader of the Round Table is dead set on bringing back the dark ages where witches are concerned. Morgan refuses to bow to the outdated beliefs of her people-she's a modern woman and won't be ruled by a man, even if he is sexy and scruffy and good with his sword. When Arthur and Morgan are forced to reevaluate their feelings for one another, will they continue the fabled rivalry of their namesake ancestors? Or will this noble knight and liberated witch discover a happy ending to their age old story? First Knight is the first in a series of modern day retellings of the myths and lore of Camelot. If you like fierce knights who would lay down their lives for their brothers and lose their hearts for their women, then you'll love the Knights of Caerleon.
