Statement of Cash Flows: Preparation, Presentation, and Use Tom Klammer, 2018-03-02
Disposed to numerous challenges and shortcomings, a cash flow statement is one of the most important financial statements for business. This book introduces the accountant to, and helps to boil down, the intricacies of the overall cash flow statement and its three major sections. Readers will review options for statement of cash flows preparation and presentation and methods to improve cash flow analysis. They will also explore the requirements of the statement of cash flows guidance and related standards, and learn how to make appropriate classifications of transactions and events. This book includes new changes resulting from FASB ASU No. 2016-15, Statement of Cash Flows (Topic 230), Classification of Certain Cash Receipts and Cash Payments (a consensus of the Emerging Issues Task Force), and FASB ASU No. 2016-18, Statement of Cash Flows (Topic 230): Restricted Cash (a consensus of the FASB Emerging Issues Task Force). This book will help accountants to:
Recall the fundamental cash flow reporting requirements.
Recall how to prepare a statement of cash flows using both the direct and indirect method of presenting operating information.
Identify when investing and financing cash flows can be reported net.
Identify cash flow transactions as operating, investing, or financing.
Indicate how to present and disclose significant transactions that have no direct cash flow effect.
Recall how to report selected operating items such as interest, taxes, and receivables.

Reporting on an Examination of Controls at a Service Organization Relevant to User Entities' Internal Control Over Financial Reporting (SOC 1) AICPA, 2017-05-08 This updated and improved guide is designed to help accountants effectively perform SOC 1® engagements under AT-C section 320, Reporting on an Examination of Controls at a Service Organization Relevant to User Entities' Internal Control Over Financial Reporting, of Statement on Standards for Attestation Engagements (SSAE) No. 18, Attestation Standards: Clarification and Recodification. With the growth in business specialization, outsourcing tasks and functions to service organizations has become increasingly popular, increasing the demand for SOC 1 engagements. This guide will help: Gain a deeper understanding of the requirements and guidance in AT-C section 320 for performing SOC 1 engagements. Obtain guidance from top CPAs on how to implement AT-C section 320 and address common and practice issues.

Provide best in class services related to planning, performing, and reporting on a SOC 1 engagement. Successfully implement changes in AT-C section 320 arising from the issuance of SSAE 18, which is effective for reports dated on or after May 1, 2017. Determine how to describe the matter giving rise to a modified opinion by providing over 20 illustrative paragraphs for different situations. Understand the kinds of information auditors of the financial statements of user entities need from a service auditor's report. Implement the requirement in SSAE No. 18 to obtain a written assertion from management of the service organization. Organize and draft relevant sections of a type 2 report by providing complete illustrative type 2 reports that include the service auditor's report, management's assertion, the description of the service organization's system, and the service auditor's description of tests of controls and results. Develop management representation letters for SOC 1 engagements.

Audit Guide AICPA,2018-06-19 This annual edition provides accountants and other financial professionals with assistance in understanding and applying the special considerations required in a single audit. It is an indispensable resource for auditors performing Yellow Book audits. This new edition provides up-to-date information and expert guidance on single audits and Uniform Guidance compliance audit requirements, including example auditor reports for both the reporting required under Government Auditing Standards and the Uniform Guidance compliance audit.

Guide to Audit Data Analytics AICPA,2018-02-21 Designed to facilitate the use of audit data analytics (ADAs) in the financial statement audit, this title was developed by leading experts across the profession and academia. The

guide defines audit data analytics as “the science and art of discovering and analyzing patterns, identifying anomalies, and extracting other useful information in data underlying or related to the subject matter of an audit through analysis, modeling, and visualization for planning or performing the audit.” Simply put, ADAs can be used to perform a variety of procedures to gather audit evidence. Each chapter focuses on an audit area and includes step-by-step guidance illustrating how ADAs can be used throughout the financial statement audit. Suggested considerations for assessing the reliability of data are also included in a separate appendix.

Internal Control of Fixed Assets Alfred M.

King, 2011-01-31 For many companies, fixed assets represent the largest single aspect of their financial statement, yet rarely do they command time proportionate to the magnitude of the investment. This is the first book to show how to implement internal controls for fixed assets. It is a step-by-step guide for developing and maintaining a functioning internal control system that will withstand the closest scrutiny from independent public accountants and the PCAOB. With up-to-the-minute discussion of IFRS and GAAP, this is a must-have guide for controllers, auditors, and CFOs.

Accounting and Valuation Guide AICPA, 2019-09-16

Developed for preparers of financial statements, independent auditors, and valuation specialists, this guide provides nonauthoritative guidance and illustrations regarding the accounting for and valuation of portfolio company investments held by investment companies within the scope of FASB ASC 946, Financial Services—Investment Companies, (including private equity funds, venture capital funds, hedge funds, and business development companies). It features 16 case studies that

can be used to reason through real situations faced by investment fund managers, valuation specialists and auditors, this guide addresses many accounting and valuation issues that have emerged over time to assist investment companies in addressing the challenges in estimating fair value of these investments, such as: Unit of account Transaction costs Calibration The impact of control and marketability Backtesting

The Accounting Profession United States. General Accounting Office, 2002

The Accounting Profession, 2002-10 Report after the sudden failure of Enron Corp. Concerns the status of recommendations made by the Panel on Audit Effectiveness (PAE) to enhance the accounting profession's self-regulatory system. The accounting profession maintains a voluntary, self-regulatory system that includes establishing and monitoring compliance with professional standards, disciplining members for improper acts and substandard performance, and conducting oversight of the system. The report: determines the status of the recommendations by the PAE to address limitations of the self-regulatory system; and identifies any gaps in actions taken to implement the Panel's recommend. and their likely impact on overcoming the limitations of the self-regulatory system.

The accounting profession status of panel on audit effectiveness recommendations to enhance the selfregulatory system, 2002 The accounting profession maintains a voluntary, self-regulatory system through the American Institute of Certified Public Accountants (AICPA) that includes establishing professional standards, monitoring compliance with professional standards, disciplining members for improper acts and substandard performance, and conducting oversight of the system. You expressed concern about the effectiveness of the self-regulatory system and whether the Panel's recommendations would be implemented fully. Specifically, you requested that we (1) determine the status of the Panel's recommendations to address limitations of the self-

regulatory system, and (2) identify any gaps in actions taken to implement the Panel's recommendations and their likely impact on overcoming the limitations of the self-regulatory system identified by the Panel.

BOOK HOURS: Online - 20 DELIVERY METHOD: QAS Self-Study COURSE ACRONYM: NFP2-CERT Online Access Instructions A personal pin code is enclosed in the physical packaging that may be activated online upon receipt. Once activated, you will gain immediate online access to the product. Frequently Asked Questions Do I have to be a CPA to get the certificate? You do not have to be a CPA to obtain the certificate. The certificate is designed to benefit CPAs and non-CPA alike, including anyone who works for, or with, a nonprofit. Those who obtain the certificate will receive the recommended CPE / CAE credits. Are there any prerequisites I need to take prior to starting the NFP Certificate program? There are no required prerequisites, but a foundational knowledge of NFP accounting, such as can be obtained from taking the first in the Not-for-Profit Certificate series, is recommended. Those with prior experience with NFP financial reporting can take the second certificate without having completed the first. How is the course material presented? Designed to be highly interactive, this program offers multiple opportunities for learning, including case study analysis and several gaming scenarios. Participants will be offered the opportunity to apply their new NFP knowledge in a simulated real-world environment. Tests are presented after each course to allow you to apply what you just learned. There are no additional tests at the end of tracks or when you've completed the certificate. How long will it take me to complete? This varies from individual to individual and is completely dependent upon the time the participant allocates to completing the coursework. A commitment of approximately 28 hours will be required for most individuals to successfully complete the program. What period of time do I have to complete the program? You have twenty-four (24) months from the date of purchase to

complete all the courses. You are encouraged to complete the program within a twelve (12) month period or less. Can I complete the program in any order? There are no limitations on the order in which you can take the courses. When will I receive a hard copy of my certificate? You will receive your certificate in the mail 6-8 weeks after completing the program. Once I complete the program and obtain my Certificate, how long is it valid? The NFP Certificate is not a professional credential or license, it is evidence that the program was successfully completed as of a certain year, therefore it does not expire. However, we anticipate that some individual courses may be updated every 1-3 years to reflect changes in the industry. For your certificate to remain current, you will need to successfully complete those updated courses. However, updates are likely to be at a fraction of the cost of the original certificate. Plus, you have access to the program for 24 months from purchase, if the courses are updated during that period, you will have access to the updated courses at no additional cost. Completion of these updated courses will earn a new Certificate, with the current year's date. Is there any cost savings in purchasing the entire certificate over buying tracks individually? Individual courses are priced higher than the bundles, so buying the governance track is less expensive than buying the individual courses separately, and buying the certificate is less expensive than buying each of the 3 tracks separately. If I were to purchase one course or track, and then decided to purchase the entire certificate, will I still get the full bundled price savings? Yes, as long as you haven't already paid more than the full certificate price. The price you paid for the courses or tracks you have already taken will be deducted from the total certificate price. If I am unable to complete the entire NFP Certificate Program, will I receive

CPE credit for the courses I do complete? You are not required to complete the entire program to earn CPE credit. The courses are offered individually, so you will earn CPE credit for each course you take and successfully complete the exam. However, you must successfully complete the exam for all courses in the entire program in order to receive the NFP Certificate. Am I required to obtain a certain number of CPE credits annually for the Certificate to remain current and active? There are no specific annual requirements for maintaining your Certificate. However, we anticipate that some individual courses may be updated every 1-3 years to reflect changes in the industry. For your certificate to remain current, you will need to successfully complete those updated courses. However, updates are likely to be at a fraction of the cost of the original certificate. Plus, you have access to the program for 24 months from purchase, if the courses are updated during the access period, you will have access to the updated courses at no additional cost. I have prior experience working with NFPs. Will I be allowed to test out of certain courses while still earning the certificate? Actual completion of the courses is required to earn the NFP Certificate. CPE credit is being awarded for the courses, and the CPE standards do not allow for “testing out of” a course as a way to earn credit. System Requirements AICPA’s online CPE courses will operate in a variety of configurations, but only the configuration described below is supported by AICPA technicians. A stable and continuous internet connection is required. In order to record your completion of the online learning courses, please ensure you are connected to the internet at all times while taking the course. It is your responsibility to validate that CPE certificate(s) are available within your account after successfully completing the course and/or exam. Supported
