Bloodstone Paul Doherty,2020-10-26 A strange and ominous artifact could hold the key to everything... December, 1380. When the corpse of Sir Robert Kilverby is discovered in a locked room, Brother Athelstan accompanies the King's coroner to investigate. Sir Robert had in his possession a priceless relic, a sacred bloodstone, which has now disappeared. Did Sir Robert die of natural causes or was he murdered? Athelstan is sceptical of rumours of a curse hanging over Sir Robert, but when it is discovered that a second old soldier has been gruesomely slain on the same night, the rumours no longer seem so far-fetched... A scintillating murder mystery with twists and turns throughout, perfect for fans of C. J. Sansom, S. J. Parris and Michael Jecks. Praise for Paul Doherty 'The best of its kind since the death of Ellis Peters' Time Out 'If you like Inspector Morse, you'll love Brother Athelstan' Prima 'Evocative and lyrical descriptions' New Statesman

The Secret Lore of London Nigel Pennick,John Matthews,Caroline Wise,2016-03-24 With a foreword by Iain Sinclair. London is an ancient city, whose foundation dates back literally thousands of years into the legendary prehistory of these islands. Not surprisingly it has accumulated a large number of stories, both historic and mythical, during this period, many of which, though faithfully recorded at the time, have lain almost forgotten in dusty libraries throughout the city. The Secret Lore of London is a guide to the legends, including a discussion of their importance as part of the oral tradition of Britain, combining Prehistoric, Celtic, Arthurian, Roman, Saxon and Norman levels - each of which has contributed to the many-layered life of the city. The first part contains a unique selection of essays (some printed here for the first time) by experts in their fields, each of whom possesses a unique interest in the legends of these islands, and who have written widely on associated themes. The second part of the book will consist of a Gazetteer of the sites mentioned which are still in existence, together with various other sites of associated interest, compiled by the Editor, the contributors, and members of the London Earth Mysteries Group. This part will be fully updated and extended to include many more sites. The result is a wide ranging and wholly fascinating book, with wide sales application possible. A series of appendixes will include William Stukley's extraordinary document The Brill, which relates to the ancient prehistoric sites around the area of present day St. Pancras, and excerpts from some of the best known 19th and early 20th century works on Legendary London by Lewis Spence and Harold Bayley Contributors to the book are: Nigel Pennick John Matthews Caroline Wise Caitlín Matthews Carol Clancy R.J. Stewart Bernard Nesfield-Cookson Gareth Knight Robert Stephenson Geraldine Beskin Chesca Potter William Stukeley Lewis Spence Harold Bayley Alan V. Insole Ross Nichols

A Social History of England, 900-1200 Julia Crick, Elisabeth van Houts, 2011-04-21 The years between 900 and 1200 saw transformative social change in Europe, including the creation of extensive town-dwelling populations and the proliferation of feudalised elites and bureaucratic monarchies. In England these developments were complicated and accelerated by repeated episodes of invasion, migration and changes of regime. In this book, scholars from disciplines including history, archaeology and literature reflect on the major trends which shaped English society in these years of transition and select key themes which encapsulate the period. The authors explore the landscape of England, its mineral wealth, its towns and rural life, the health, behaviour and obligations of its inhabitants, patterns of spiritual and intellectual life and the polyglot nature of its population and culture. What emerges is an insight into the complexity, diversity and richness of this formative period of English history.
