**Airball** L.D. Harkrader,2016-01-12 Kirby Nickel loves basketball. The only problem is he can't play basketball. But when an opportunity to meet NBA star Brett McGrew comes up, Kirby knows he has to take a chance and try out for the basketball team. Getting on the team turns out to be easy—the rest of the boys are as supremely untalented as Kirby—but winning in order to be eligible to meet McGrew is a whole different problem. Different and embarrassing. The coach's radical new plan for success involves the boys playing in their underwear. But if this crazy idea works, Kirby will get to meet his hero—who he secretly also hopes is his long-lost father.

*Air Ball* John R. Gerdy,2009-09-18 John R. Gerdy has seen nearly every side of athletics. He is the son of a high school football coach; he was an All-American and professional basketball player and a legislative assistant for the National Collegiate Athletic Association; and he served as an associate commissioner for the Southeastern Conference. In *Air Ball: American Education's Failed Experiment with Elite Athletics*, Gerdy brings all of those perspectives to argue that the American system of school and community athletics is broken. But he is no mere naysayer. He offers a bold, progressive blueprint for reforming athletics to meet our country's educational and public health needs. Given higher education's historic role of providing leadership in our society, the initiative to restore a more sensible balance between athletics and education must begin with the reform of big-time college athletics. Despite widespread public skepticism regarding

higher education's ability to change the system, Gerdy argues that the opportunity for reform has never been better. Using a provocative mix of research and thoughtful observation, he argues that, for the first time in the history of American higher education, the critical mass of people, organizations, and outside pressures necessary to drive and sustain progressive, systemic reform of the college athletic enterprise are in place.
