Command Of The Air General Giulio Douhet, 2014-08-15 In the pantheon of air power spokesmen, Giulio Douhet holds center stage. His writings, more often cited than perhaps actually read, appear as excerpts and aphorisms in the writings of numerous other air power spokesmen, advocates and critics. Though a highly controversial figure, the very controversy that surrounds him offers to us a testimonial of the value and depth of his work, and the need for airmen today to become familiar with his thought. The progressive development of air power to the point where, today, it is more correct to refer to aerospace power has not outdated the notions of Douhet in the slightest. In fact, in many ways, the kinds of technological capabilities that we enjoy as a global air power provider attest to the breadth of his vision. Douhet, together with Hugh "Boom" Trenchard of Great Britain and William "Billy" Mitchell of the United States, is justly recognized as one of the three great spokesmen of the early air power era. This reprint is offered in the spirit of continuing the dialogue that Douhet himself so perceptively began with the first edition of this book, published in 1921. Readers may well find much that they disagree with in this book, but also much that is of enduring value. The vital necessity of Douhet's central vision—that command of the air is all important in modern warfare—has been proven throughout the history of wars in this century, from the fighting over the Somme to the air war over Kuwait and Iraq.

Delver Magic Book I: Sanctum's Breach Jeff Inlo, A rolling tremor passes through the land of Uton signaling a return of long absent magic as well as an ancient evil that accompanies it. Ryson

Acumen, purebred delver, senses the changes and begins his explorations to discover the source behind the upheaval. In his investigations, he learns that legends he considered fables hold more truth than fantasy. The delver encounters elves and learns the Sphere of Ingar, a talisman that captured all magical energies long ago, is free from its tomb in Sanctum Mountain. As violent, evil creatures return to shred the very fabric of reality, the sphere gains awareness and chooses to spew corrupted magical energies to obliterate all life. The sphere must be destroyed, but it rests within Sanctum, a hollow mountain with a single path to its center. The way to the sphere remains defended by devices created long ago, forged by members of each race to thwart entry to the mountain's core. Those that wish to defeat the sphere must not only overcome these barriers, they must conquer the mistrust which has flourished during the long period of separation. Human, elf, dwarf, algor and delver must reunite to defeat the obstacles that now protect the sphere. Once inside Sanctum, representatives of each race face the secrets of the ages that once undone will change their lives forever.
