*To Air is Human* Bjorn Turoque,Dan Crane,2006-08-01 “Make Air, Not War” is the personal motto of Dan Crane, the musician who decided to put his “there” guitar aside and reinvent himself as Björn Türoque: the take-no-prisoners future of competitive air guitar. Jeopardizing love and livelihood to join the ruthless international circuit of the World Air Guitar Championships, Björn Türoque (pronounced “b-yorn too-RAWK”) began a three-year odyssey to secure what was rightfully his (and America’s!)—the air guitar world crown. To Air is Human is the riotous tale of one man’s journey through a world of wheelchair-bound Christian air rockers, spandex-jumpsuit fittings, Finnish stunt wolves, catatonic ‘80s guitar heroes, air groupies, Aireoke™, Air Supply, dry-ice injuries, and ultimately, good vs. evil (in the form of Björn’s rival pretender to the air guitar throne). But it is also a sincere and penetrating account of the pursuit of an elusive, intangible, and perhaps nonexistent goal: to achieve “airness”—that is, when air guitar transcends the “real” art that it imitates and becomes an art form in and of itself. “Björn Türoque is so good that people with real guitars now have contests to see who can do the best imitation of his air guitar imitation.”—Malcolm Gladwell, author of Blink and The Tipping Point

Spectacular Listening Byrd McDaniel,2024 In ways both mundane and sensational, listening can be an expressive act, enabling people to stage consumption as a public practice -- what author Byrd McDaniel calls spectacular listening. With a range of compelling ethnographic case studies, McDaniel investigates a broad shift in contemporary listening norms and the stakes for listeners with disabilities. He reveals how listening-as-performance can be an opportunity for play, as well as a critical practice that exposes ableism in music institutions, technologies, and discourse.

No Air Guitar Allowed Steve Weinberger,2012-09 You've encountered them at every concert: The Chatty Cathie, The Beer Whoo Crew, The Unauthorized T-Shirt Guy, The Other Lead Singer, and of course the dreaded Makeout Couple. As much a part of any concert as the band itself, these prototypical concert goers shape our concert experiences. Steve Weinberger, extreme concert goer and author of No Air Guitar Allowed, knows this better than anyone, having attended over 1,000 concerts and counting. He has been interviewed on countless radio stations across the country and on national television.

**Sound, Music and the Moving-Thinking Body** Osvaldo Glieca,Marilyn Wyers,2014-07-08 It has long been known that practicing musicians and dancers draw upon interdisciplinary relationships between sound and movement to inform their work and that many performance arts educators apply these relationships in working with aspiring composers, choreographers and performers. However, most material on the subject has been, to this point, relegated to single chapters in books and journal articles. Now, Sound, Music and the Moving-Thinking Body brings together the diverse topics researchers and practitioners across the sector are exploring, and raises issues concerning the collaborative aspects of creating and performing new work. Sound, Music and the Moving-Thinking Body is a result of the Composer, Choreographer and Performer Collaboration Conference of Contemporary Music and

Dance/Movement 2012 hosted by the Institute of Musical Research, Senate House, University of London, and the Department of Music at Goldsmiths, University of London.

**Far From Respectable** Daniel Oppenheimer,2021-06-01 Regarded as both a legend and a villain, the critic Dave Hickey has inspired generations of artists, art critics, musicians, and writers. His 1993 book The Invisible Dragon became a cult hit for its potent and provocative critique of the art establishment and its call to reconsider the role of beauty in art. His next book, 1997’s Air Guitar, introduced a new kind of cultural criticism—simultaneously insightful, complicated, vulnerable, and down-to-earth—that propelled Hickey to fame as an iconoclastic thinker, loved and loathed in equal measure, whose influence extended beyond the art world. Far from Respectable is a focused, evocative exploration of Hickey’s work, his impact on the field of art criticism, and the man himself, from his Huck Finn childhood to his drug-fueled periods as both a New York gallerist and Nashville songwriter to, finally, his anointment as a tenured professor and MacArthur Fellow. Drawing on in-person interviews with Hickey, his friends and family, and art world comrades and critics, Daniel Oppenheimer examines the controversial writer’s distinctive takes on a broad range of subjects, including Norman Rockwell, Robert Mapplethorpe, academia, Las Vegas, basketball, country music, and considers how Hickey and his vision of an “ethical, cosmopolitan paganism” built around a generous definition of art is more urgently needed than ever before.

**Morta Las Vegas** Nathaniel Lewis,Stephen Tatum,2017-11 Through all its transformations and reinventions over the past century, Sin City has consistently been regarded by artists and cultural critics as expressing in purest form, for better or worse, an aesthetic and social order spawned by neon signs and institutionalized indulgence. In other words, Las Vegas provides a codex with which to confront the problems of the West and to track the people, materials, ideas, and virtual images that constitute postregional space. Morta Las Vegas considers Las Vegas and the problem of regional identity in the American West through a case study of a single episode of the television crime drama CSI: Crime Scene Investigation. Delving deep into the interwoven events of the episode titled 4 × 4, but resisting a linear, logical case-study approach, the authors draw connections between the city--a layered and complex world--and the violent, uncanny mysteries of a crime scene. Morta Las Vegas reveals nuanced issues characterizing the emergence of a postregional West, moving back and forth between a geographical and a procedural site and into a place both in between and beyond Western identity.
