MC5's Kick Out the Jams Don McLeese, 2005-08-18 When the Motor City 5 stormed the stage, the band combined the kinetic flash of James Brown on acid with the raw musical dynamics of the Who gone berserk. It's a unique band that can land itself on the cover of Rolling Stone a month before the release of its debut album and then be booted from its record contract just a few months later. Rock had never before seen the likes of the MC5 and never will again. Many of us who were floored by the 5 in concert were convinced that this was the most transcendently pulverizing rock we would ever experience, while many more who heard or read about the band dismissed the 5 as a caricature, a fraud, White Panther bozos play-acting at revolution. There was always plenty of humor to the 5-visionary knuckleheads-though the question was whether they were in on the joke. Frequently ridiculed during their short career, they've since been hailed as a primal influence on everything from punk to metal to Rage Against the Machine to the Detroit populist resurgence of the White Stripes, Kid Rock and Eminem.

Whether you're an artist or a salesperson, a teacher or an engineer, a marketer or a parent—putting the spotlight on your ideas, insights, projects and products requires a deep understanding of the science of attention. In Captivology, award-winning journalist and entrepreneur Ben Parr explains how and why the mind pays attention to some events or people—and not others—and presents seven captivation triggers—techniques guaranteed to help you capture and retain the attention of friends, colleagues, customers, fans, and even strangers. Parr combines the latest research on attention with interviews with more than fifty scientists and visionaries—Facebook's Sheryl Sandberg, film director Steven Soderbergh, LinkedIn CEO Jeff Weiner, magician Jon Armstrong, New York Times bestselling author Susan Cain, Nintendo's Shigeru Miyamoto, founder of Reddit Alexis Ohanian, and more—who have successfully brought their ideas, projects, companies, and products to the forefront of cultural consciousness. The result is an insightful and practical book that will change how you assign jobs to your kids or staff, craft a multi-million dollar ad campaign, deliver your next presentation, attract users to your product, or convince the world to support your cause.
