The Mobilization of Political Islam in Turkey Banu

Eligür,2010-04-12 The Mobilization of Political Islam in Turkey explains why political Islam, which has been part of Turkish politics since the 1970s but on the rise only since the 1990s, has now achieved governing power. Drawing on social movement theory, the book focuses on the dominant form of Islamist activism in Turkey by analyzing the increasing electoral strength of four successive Islamist political parties: the Welfare Party; its successor, the Virtue Party; and the successors of the Virtue Party: the Felicity Party and the Justice and Development Party. This book, which is based on extensive primary and secondary sources as well as in-depth interviews, provides the most comprehensive analysis currently available of the Islamist political mobilization in Turkey.

Secular and Islamic Politics in Turkey Ümit Cizre,2008-03-25

Turkey is ninety-nine per cent Muslim, its ruling party, Justice and Development Party (JDP), comes from but denies its Islamist pedigree and has a very secular feel. However, the deeply secular regime distrusts the JDP with regard to its 'true' colours. This book makes sense of these paradoxical perceptions which have characterized Turkey's politics since the JDP has come to power in 2002. The key momentum for shaping the nature and trajectories of the ruling party of Turkey since 2002, the JDP, has been the 'identity' question. The JDP's commitment to transform Turkey's politics was part of its engagement to remake its own identity. The JDP's adoption of a conservative-democrat identity has rested on a new understanding of Westernization, secularism, democracy and the role and relevance of Islam in politics. The book's central problematic is to explain both the politics of

change the JDP initiated and sustained in the first three years in office and the politics of retreat it has made from its reformist discourse since 2005. The book analyzes not just the catalysts for its reformist discourse of the first 3 years but tries to explain its reversal to an inward-looking conservative nationalist course. By approaching this topical debate from the conceptual stance rather than a party-centered approach, Ümit Cizre identifies that the change the JDP has initiated within Turkey's political Islam and in Turkish politics is the product of an interactive process between many levels, actors, forces and historical periods. The forces and actors covered include: global forces of Islam the secular establishment and its popular extensions the past and present Islamic actors in political and non-political spheres the changing balance of forces in the region which frame the EU and the US policies toward the JDP. *Secular and Islamic Politics in Turkey* is a valuable contribution to the study of globalization and 'change' in contemporary political Islam, the relationship between religion and politics, and secularism and political Islam. As such, it will be of interest to students and researchers alike in the area of Islamic politics, democratization, European Union and political Islam, and globalization.

**Post-Islamism** Asef Bayat, 2013-08 The essays of Post-Islamism bring together young and established scholars and activists from different parts of the Muslim World and the West to discuss their research on the changing discourses and practices of Islamist movements and Islamic states largely in the Muslim majority countries.

Political Narratives in the Middle East and North Africa Wolfgang Mühlberger, Toni Alaranta, 2020-02-13 This book discusses the role of political narratives in shaping perceptions of instability and conceptions of order in the Middle East and North Africa (MENA). The authors illustrate how, in times of socio-political turmoil and outbursts of discontent such as the Arab Spring, political entrepreneurs explain and justify their political

agendas by complementing hard power solutions with attractive ideas and discursive constructions that appeal to domestic constituencies and geopolitical allies. The book is divided into two parts. The first focuses on non-state actors, such as confessional communities and ideological movements, who aim to develop narratives that are convincing to their respective polities. It also studies regional powers that seek to determine their positions in a competitive environment via distinctive narrations of order. In part two, the authors investigate the narratives of global players that aim to explain and justify their role in an evolving international order.

**The JDP and Making the Post-Kemalist Secularism in Turkey** Pinar Kandemir, 2022-07-21 This book is an analytical study of secularism in contemporary Turkey by tracing its historical trajectory within the context of political transformation in a country that experienced a social and cultural rupture in its formative years. Its principal focus is on the policies and practices of the current ruling party, the Justice and Development Party (JDP), which has influenced the process of change, evolution, and transformation with regard to secularism and state policies toward religion. Following its foundation in 2001, the JDP developed a unique approach to conceptualising the relationship between state and religion. In contrast to other mainstream parties and political positions both in the past and present, it offers an alternative vision and model to that of inherited Kemalist secularism, as formulated by Mustafa Kemal Atatürk (the founder of modern Turkey) and refined by his close associates in the formative period of the Republic. The project draws its findings from in-depth interviews with members of political parties, civil society activists and religious leaders.

**Siyasal İmaj** Adem DOĞAN, Metin GÜLTEKİN, 2022-12-17 Sosyal bilimler alanında bazı kavramlar çeşitli boyutlarıyla tartışılmaktadır. Bu kavramlardan biri de imaj kavramıdır. İmaj, kısa ve öz olarak görünüm ve izlenim olarak ifade edilmekle

birlikte bir temsil boyutu da bulunmaktadır. Özellikle kitle iletişim araçları imajın temsilde ve sunumun da önemli bir mecra olarak görülmektedir. İmajın siyasal alandaki uygulama ve pratikleri siyasal imaj olarak nitelendirilmektedir. Tarihin her döneminde liderler ve yöneticilerin toplum tarafından algılanması ve değerlendirilmesi önemli olarak görülmüştür. Günümüz de ise siyasal imaj, değişen yönetim anlayışları ve toplumsal yapı ile birlikte daha da önemli hale gelmiştir. Demokratik siyasal sistemlerde siyasal imaj, seçmen tercihini etkileyen faktörlerden biri olarak görülmektedir. Bu çalışmada siyasal imaj, farklı boyutlarıyla ele alınmaktadır. Bu çerçevede hem teorik hem de uygulama içeren bölümler ile siyasal imaj açıklanmaya, analiz edilmeye ve değerlendirilmeye çalışılmaktadır.

### **Informal Politics in the Middle East** Suzi

Mirgani,2021-12-01 The culture of politics within any system of governance is influenced by how state and society interact, and how these relationships are mediated by existing political institutions, whether formal or informal. The chapters in this volume highlight two broad types of informal political

engagement in the Middle East: civil action that works in tandem with the state apparatus, and civil action that poses a challenge to the state. In both cases, these activities can and do achieve tangible results for particular groups of people, as well as for the state. For many, informal politics and civil mobilization are not a choice, but a necessity to secure--collectively--some kind of social security, through communal reciprocity and everyday activism. Ironically, Middle Eastern authorities often turn a blind eye to informal organizing, because 'self-help' schemes allow certain social groups to survive--reducing their instinct to make demands of, or seek support from, the state. People are discouraged from political action and dissent; yet they are simultaneously encouraged to seek their own betterment, often leading to politicized groups and associations. By analyzing these formations, the contributors shed light on informal politics in the region.

**Secularism and Muslim Democracy in Turkey** M. Hakan Yavuz, 2009-02-19 The Islamist Justice and Development Party swept to power in Turkey in 2002. Since then it has shied away from a hard-line ideological stance in favour of a more conservative and democratic approach. This book asks whether it is possible for a political party with deeply religious ideology to liberalise and entertain democracy?

*Political Propaganda, Advertising, and Public Relations: Emerging Research and Opportunities* Kavo?lu, Samet, Salar, Meryem, 2019-10-25 Public opinion is an important factor affecting the political decision-making process. In almost every community, the ones in power—no matter what type of political system is established—want to be aware of the ideas and opinions of the rules regarding policies that they have implemented. The factors that take part in the determination of public opinion must be explored further. *Political Propaganda, Advertising, and Public Relations: Emerging Research and Opportunities* is an essential reference source that discusses public opinion on policies as well

as political communication activities. Featuring research on topics such as campaign management, branding, and political marketing, this book is ideally designed for campaign managers, social media managers, government officials, advertisers, media consultants, public relations specialists, researchers, politicians, academicians, and students seeking coverage on current technological trends and political communication.

**Türkiye’de Laiklik ve AK Parti’nin Laiklik Anlayışı** Sami Zariç,2017

**Iran and Turkey** Marianna Charountaki,2018-03-30 The foreign policies of Turkey and Iran seem increasingly to dictate the course of events in the Middle East. More recently, and especially following the Syrian crisis, the spotlight has turned to these states' dynamic re-entry onto the political stage, revealing them as key players with an international role in efforts towards the balance of power across the region. This book traces the major determinants of Turkish and Iranian foreign policies and their influence on events in the Middle East. Based on an examination of these states' politics and policies since 1979, and using material gathered from interviews with leading political figures from Turkey, Iran and the Kurdistan Region of Iraq, Marianna Charountaki offers fresh insights into how we understand the contemporary global order. Of particular importance, this book shows, is the effect of both external and internal factors on foreign policy and how the interaction between state and non-state actors informs political decisions. In placing these issues in a theoretical framework, Marianna Charountaki pioneers a new conceptual map within International Relations. An interdisciplinary study that provides a fresh new perspective, this book will be of particular interest to scholars of International Relations, Politics, Foreign Policy, Kurdish and Middle East Studies.

**The Headscarf Debates** Anna C. Korteweg,Gökçe Yurdakul,2014-06-18 The headscarf is an increasingly contentious

symbol in countries across the world. Those who don the headscarf in Germany are referred to as integration-refusers. In Turkey, support by and for headscarf-wearing women allowed a religious party to gain political power in a strictly secular state. A niqab-wearing Muslim woman was denied French citizenship for not conforming to national values. And in the Netherlands, Muslim women responded to the hatred of popular ultra-right politicians with public appeals that mixed headscarves with in-your-face humor. In a surprising way, the headscarf—a garment that conceals—has also come to reveal the changing nature of what it means to belong to a particular nation. All countries promote national narratives that turn historical diversities into imagined commonalities, appealing to shared language, religion, history, or political practice. *The Headscarf Debates* explores how the headscarf has become a symbol used to reaffirm or transform these stories of belonging. Anna Korteweg and Gökçe Yurdakul focus on France, Germany, and the Netherlands—countries with significant Muslim-immigrant populations—and Turkey, a secular Muslim state with a persistent legacy of cultural ambivalence. The authors discuss recent cultural and political events and the debates they engender, enlivening the issues with interviews with social activists, and recreating the fervor which erupts near the core of each national identity when threats are perceived and changes are proposed. *The Headscarf Debates* pays unique attention to how Muslim women speak for themselves, how their actions and statements reverberate throughout national debates. Ultimately, *The Headscarf Debates* brilliantly illuminates how belonging and nationhood is imagined and reimaged in an increasingly global world.

*National Elections in Turkey* F. Michael Wuthrich, 2015-07-28  
What determines voting behavior in Turkey? At a time when the center-right, religious-conservative leadership of the Justice and Development Party has dominated government and the political scene in Turkey—so much so that the democratic credentials of

the regime have come into question—many have sought to understand what undergirds this party’s success at the polls. While many scholars have argued that elections in Turkey over time can be effectively and simply explained by static social or cultural cleavages, Wuthrich challenges these assertions with a framework that carefully attends to patterns of strategic vote-getting behavior in elections by political parties and their leaders. Using the campaign speeches of the political elite, election data at national and provincial levels, and careful observations of voter mobilization strategies across time, Wuthrich traces four distinct patterns that explain important shifts in electoral behavior. He covers the first free and fair multiparty election in 1950 and follows campaign strategies through 2011, highlighting and explaining the potential development of a new and more problematic paradigm emerging in the post-2007 environment.

The New Turkey and Its Discontents Simon Waldman, Emre Caliskan, 2017-01-03 Today's Turkey little resembles that of recent decades. Newfound economic prosperity has had many unexpected social and political repercussions, most notably the rise of the AKP party and President Erdogan. Despite unprecedented electoral popularity, the conduct of the AKP has faced growing criticism: Turkey has yet to solve its Kurdish question; its foreign policy is increasingly fraught as it balances relations with Iran, Israel, Russia and the EU; and widespread protests gripped the country in 2013, as did an unsuccessful coup in 2016. The government is now perceived by many to be corrupt, unaccountable, intimidating of the press and intolerant of political alternatives. Has this once promising democracy descended into a tyranny of the majority led by a charismatic leader? Is Turkey more polarised now than at any point in its recent history? These are among the questions at the heart of *The New Turkey and Its Discontents*, which traces Turkey's evolution under Erdogan's leadership, and assesses the likely consequences at home and abroad.

*New Paths for Selecting Political Elites* Giulia

Sandri, Antonella Seddone, 2021-05-15 This book provides a cross-country study of the consequences of the expansion of intra-party democracy, the trend towards more inclusive methods of selection for party candidates and leaders, and the impact of these on political elites in terms of sociopolitical profile and patterns of careers. It explores the link between political organizations and political elites, by studying the role of parties in parliamentary and political selection and its impact on the political leadership appointed. Putting an emphasis on primary elections, it analyses the party elites that emerge from those selection processes and those democratized organizational settings. It focuses not only on the analysis of the processes through which party elites are selected and the consequences at the level of the party but also at the level of party elites themselves, i.e. what impact party primaries have on the characteristics parties' candidates and leaders. The book offers a theoretical, comparative, and empirical account of the internal electoral processes of parties and their impact on political recruitment. This book will be of key interest to scholars and students of political elites, political parties and party systems, electoral politics, democracy, populism, and leadership, and more broadly to comparative politics.

**The New Turkey and Its Discontents** Simon A.

Waldman, Emre Caliskan, 2017 The Turkey of today little resembles that of recent decades. Its economy has expanded hugely, new political elites have emerged, and the once powerful Kemalist military is no longer a potent and dominant political player. Meanwhile, new prosperity has had many unexpected social and political repercussions, pre-eminent among which is the advent of the Justice and Development Party (AKP), which first came to power in 2002 by downplaying its Islamist leanings and marketing itself as a center-right party. After several terms in office, and amid unprecedented popularity, the conduct of the

AKP and its leading cadres has faced growing criticism. Turkey has yet to solve its Kurdish question, and its foreign policy is increasingly under threat as it balances relations with Iran, Israel, Iraq and Russia, to name only a few of its more demanding interlocutors. Widespread domestic protests gripped the country in 2013. The government is now perceived by many to be corrupt, unaccountable, intimidating of the press and intolerant of alternative political views and criticism. Has this once promising democracy descended into a tyranny of the majority led by a charismatic leader, Recep Tayyip Erdogan? Is Turkey more polarized now than ever in its recent history? These are among the questions posed in this timely primer on a rising economic power.
