

Ak State Legislature Guide

Eliza Ruhamah Scidmore

Legislator's Manual Alaska. Legislature. Legislative Council,1961

The Alaska State Constitution Gerald A. McBeath,2011 With only 54 years of existence, the Constitution of the State of Alaska is in its developmental infancy compared to the constitutional history of the rest of the United States. However, having had the benefit of over 300 years, the Alaskan Constitution is a pioneer and model in--among other things--simplicity, coherence, vision and accessibility. The Alaska State Constitution provides an outstanding constitutional and historical account of the state's governing charter. In addition to an overview of Alaska's constitutional history, it provides an in-depth, section-by-section analysis of the entire constitution, detailing the many significant changes that have been made since its initial drafting. This treatment, along with a table of cases, index, and bibliography provides an unsurpassed reference guide for students, scholars, and practitioners of Alaska's constitution. Previously published by Greenwood, this title has been brought back in to circulation by Oxford University Press with new verve. Re-printed with standardization of content organization in order to facilitate research across the series, this title, as with all titles in the series, is set to join the dynamic revision cycle of The Oxford Commentaries on the State Constitutions of the United States. The Oxford Commentaries on the State Constitutions of the United States is an important series that reflects a renewed international interest in constitutional history and provides expert insight into each of the 50 state constitutions. Each volume in this innovative series contains a historical overview of the state's constitutional development, a section-by-section analysis of its current constitution, and a comprehensive guide to further research. Under the expert editorship of Professor G. Alan Tarr, Director of the Center on State Constitutional Studies at Rutgers University, this series provides essential reference tools for understanding state constitutional law. Books in the series can be purchased individually or as part of a complete set, giving readers unmatched access to these important political documents.

How to Lobby Alaska State Government Clive S. Thomas,2019-11-15 Lobbying is about getting the right message to the right people in the right form at the right time. Even the most persuasive arguments or most influential groups will come up short if they aren't combined with personal connections and an understanding of human nature. How to Lobby Alaska State Government is a guide to the essentials of organizing and implementing a lobbying campaign in Alaska that recognizes how you lobby is as important as who you lobby. This book starts by helping new lobbyists to think politically, by explaining the structure and operation of state government, the psychology and needs of public officials, and where the power lies in Juneau—who's got political clout. How to Lobby then moves into the nitty-gritty of a lobbying campaign. It covers the basics of group influence, campaign planning and management, the pros and cons of various group tactics, tips on face-to-face meetings, and the challenges of lobbying day-to-day. In addition to extensive guidance on what to do, this book also emphasizes the things to avoid that will undermine or eliminate a lobbyist's chances of success. Pragmatic and portable, this book will be valuable to new and professional lobbyists both, and anyone looking for fresh perspectives on this important business.
