## **The Complete Guide to Akitas Erin**

Hotovy, 2020-12-22 Author Erin Hotovy teamed up with several top-Akita breeders to create the ULTIMATE book for new Akita owners! The Akita, also known as the Akita Inu, is an ancient spitz breed that is known worldwide for its loyalty and steadfast nature. Akitas have been used for several different purposes throughout the centuries, including hunting, military work, search and rescue, and show-ring work. In 1931, the breed was named a national monument of Japan. These large, powerful dogs tend to be aloof with strangers but are exceptionally affectionate and loyal towards their family members. Akitas are a powerful and dignified breed, but with a strong independent streak that can be too much to handle for some pet parents. While they are unwaveringly loyal towards their family, they can also be aggressive or territorial with other canines. This book will provide you with clear insight into this breed's history, behavior, and health, as well as delivering actionable tips and tricks that you can use to refine your dog's behavior, both at home and out in public. Covering crucial questions about owning an Akita, including: What temperament does the Akita have? Selecting an Akita pup from a breeder How do I prepare my home for an active Akita pup? Diet and nutrition for the Akita breed Step-by-step instructions for training the Akita dog What is the best way to train and socialize an Akita Inu? While these dogs are exceptionally devoted animals, they are also independent thinkers with strong protective instincts. Early

socialization and training are essential to ensure that your active Akita pup develops into a dependable, well-mannered adult Akita. This comprehensive guidebook covers all of the essential information you will need to give your new Akita the best life possible, including: The history of the Akita Inu Adopting an adult Akita What to expect the first few days at home House-training your Akita The importance of Akita socialization and training Best practices for grooming your Akita The travel-savvy Akita-taking your canine companion on the road Proper health and wellness guidance specific to the breed Sharing your life with an Akita ensures that you will always have a devoted companion at your side, ready for adventure—like all dog breeds, however, these exemplary animals have their own unique challenges. The Complete Guide to Akitas is a wide-ranging guidebook that offers you all the tools you need to not only choose the right canine companion for your household, but also to provide your dog with the guidance he needs to grow into a happy, healthy, and well-mannered companion animal. This book is required reading for anyone who is considering adding an Akita to their family!

**Akita, Treasure of Japan** Barbara Bouyet,  
*Akita* Barbara J. Andrews, Meg Purnell  
Carpenter, Meg Purnell-Carpenter, 2012-01-10 This Comprehensive Owner's Guide to the Akita serves as a complete introduction to the largest of Japan's spitz breeds. Hailing from Land of the Rising Sun,

the Akita is a official recognized as a Natural Monument in Japan and regarded by Westerners as a dignified and courageous guardian breed. Written by two of the most influential Akita breeders in the world, Barbara J. (BJ) Andrews of O'BJ kennels and Meg Purnell-Carpenter of Overhill kennels (UK), the book begins with a fascinating and informative chapter on the breed's history in Japan, tracing its development in the U.S. and England a historical path that both authors were instrumental in achieving. The authors continue with chapters on the breed's characteristics and the standard, encapsulating all of the virtues of this handsome, dominant and loyal breed, offering sound advice about which owners are best suited to the breed. New owners will welcome the well-prepared chapter on finding a breeder and selecting a healthy, sound puppy. Chapters on puppy-proofing the home and yard, purchasing the right supplies for the puppy as well as house-training, feeding, and grooming are illustrated with handsome adults and puppies bursting with attitude and personality! In all, there are over 135 photographs in this compact, useful, and reliable volume. The author's advice on obedience training the strong-minded and strong-bodied Akita will help readers better mold and train their dogs into the most socialized, well-mannered dog in the neighborhood. The extensive chapter on healthcare provides up-to-date detailed information on selecting a qualified veterinarian, vaccinations, parasites, infectious diseases, and more. Sidebars throughout the text offer helpful hints, covering topics as diverse as historical kennels, toxic

plants, first aid, crate training, carsickness, fussy eaters, and parasite control. Fully indexed.

Dog Man Martha Sherrill, 2008 Morie Sawataishi lives a life that is radically unconventional by any standard but almost absurd in blatantly conformist Japan. Journalist Martha Sherrill provides a profound look at what it takes to be an individualist in a culture where rebels are rare.

Medical, Genetic & Behavioral Risk Factors of Akitas Ross Clark, DVM, 2014-09-27 This book (Akita) provides you with a thorough description and positive attributes of this breed including origin, purpose, history, normal heights and weights, acceptable colors and behavioral traits. Our books differ from most books on dog breeds because this book also provides you with a comprehensive and authoritative source of all the known predisposed hereditary health syndromes for the breed. You will find extensive references for each problem described. We also provide the breed club address for this breed and a list of laboratories and organizations that can provide professional help and information. As a small animal veterinarian, I have always been intrigued by the way dogs have been bred to fill a purpose in life and further impressed that they also tend to love performing that service. Greyhounds and other sight hounds are built for speed with aerodynamic bodies consisting of small head, deep chest, narrow waist and large leg muscles. On the other hand Dachshunds take their name from German words meaning "badger dog" and they use their long nose, long body and short legs to both track, enter and dig into badger dens. After developing a practice that catered to clients with show dogs, my interest in each breed continued to grow as I studied and observed more and more about the unique predisposition and incidence of health problems in each breed. Breeders of purebred dogs for show were a challenge and inspirational for me to research and help them with their unique health

problems. Historically references to hereditary problems are scattered throughout various Veterinary medical texts and journals such as ophthalmology, neurology, gastroenterology, cardiovascular and dermatology. This book, as well as the other books and articles I have written, is researched and compiled with the intention to provide both veterinarians and dog owners with comprehensive and authoritative predisposition information under the breed name. At the date of this publication, The American Kennel Club Canine Health Foundation and the The Kennel Club of England reports over 400 known hereditary health syndromes throughout the dog kingdom. At the writing of my first book in 1983, less than 50 hereditary issues are able to be predicted and or diagnosed. Sequencing of the canine genome, DNA tests, metabolic testing including blood tests and urine testing; plus, phenotypic examinations such as radiographs, ultrasound, and CERF or OFA eye registry exams by a Board Certified Veterinary Ophthalmologist have advanced the science of breed related health and behavioral problems. This book will provide veterinarians, researchers, pet owners and breeders with a comprehensive guide to all the known problems veterinarians and dog owners should consider during pet selection and throughout each life stage of our canine friends.

Even if you had your American Akita for a while now. Here's Why: You see, it's all about how you communicate directly with your dog. That is what makes the success difference in training your American Akita. It's that critical moment realized when you really begin to communicate directly with your dog on their level, and comprehension. There's a name for it too. It's called Dogmanship, and your dog craves it. Fact, it's the key difference in the Eat My Shorts dog training system that creates the Simple Steps that get you the Quick Results you're looking for - now. Now, and not some time, some-day, in some-future. Look Inside: Eat My Shorts dog training is all about rewards-based clicker training using Dogmanship, a clicker, treats,

praising and phrasing. All in a Simple Steps, Fast Results, Dog Training System for both new, and experienced dog owners. Guaranteed, Easy and Fast Results Dog Training: Including: Clicker, Treat TrainingThe Ultimate Results in Dog Training Basic Commands. All of them you could possibly need. Hand CuesThink about it! Have You Ever Been on the phone, while your dog is barking? Well, no more of that unnecessary nonsense with the Eat My Shorts Dog TrainingHand Cues. It's a powerful training tool to say the least. SocializingDog's love hanging out with friends too! Break Bad Dog BehaviorsSuch as: Barking, growling, peeing, pooping, chewing, begging, whining, rubbing, nipping, jumping, humping, rubbing, digging, running away, chasing, and all the rest, replaced with the best. Alpha Dog Important-Stuff-Here! Listen, Your dog craves the Alpha. It is either going to be him, or you. Here's how you become Alpha. It's Key. So, if you are ready to train your dog with the best of them, (like, the pros) then try my book right now. Go ahead ORDER NOW and I can promise you later today, you can and will begin to stop bad behaviors and replace them with dog obedience habits you're seeking to attain - NOW. Now, and not some-time, some-day, in some future, with some other so-called-system. Want Results Beginning Now? Order Today! And you will be so glad you decided to Boned-Up on it. (I promise you and I can guarantee it) And before you know it, you can attain that special bond and respectful, lifelong fun, loving relationship you want with your dog, and your new family, today.
