Excavations at Snaketown Harold S. Gladwin, Emil W. Haury, E. B. Sayles, Nora Gladwin, 2016-10-18 [Gladwin] accomplished, from the 1920's on, a series of fundamentally important studies of the prehistoric cultures of the region from Texas to California. None of these surveys or excavations was more important than the excavation of Snaketown, in the southern Arizona desert. It provided a wealth of details for a major prehistoric culture, the Hohokam, which previously had been scarcely recognized. It dislodged many long-held dogmas of Southwestern archaeology and provided the basis for a major reorientation in thinking about the nature of the prehistoric occupations of Arizona and adjacent states. . . . [This volume] has remained indispensable for its detailed reporting of house remains, ball courts, canals, cremations, pottery, carved stone, and other artifacts.—*Science* The reprint will come as a blessing to many archaeologists who have sought in vain to obtain a copy of the original volume. It now stands as a body of data easily accessible to all workers, and we look forward to a new phase of synthesis of Hohokam archaeology.—*American Antiquity*

The Criteria for Those Who Reach the Top Toshio Egawa, 2017 The world is no doubt full of self-improvement books. What sets Toshio Egawa's book apart is that its focus is more about being at The Top than about getting there. Of course, the traits that get you there and the traits that keep you there overlap in many cases. One could go further to say that it is not always clear whether one is on the way to the top, is at the top or is on the way down from the top. But there are ethical goals and self-reflections; social attitudes and pragmatic shrewdness, as well as a sense of time passing, which should be cultivated in any case if one is to live a full and meaningful life. The Top may not be a place that we can easily locate. As Egawa-san puts it: Being alive, we should, at least until we have aged too much, recompense and respect our situation by undertaking responsible work as human beings. Before we know it, we would have reached a certain age beyond which daily quietude, good health and physical safety become paramount. All the rest power, position, business results, assets, lust, et cetera are but brief moments, simply passing scenery.

Bali Modern Gianni Francione, 2012-11-06 Blending modern, chic designs with traditional sensibilities, the architecture and decor of Bali is the gold standard for tropical living. A thatched Balinese bale', overlooking a panorama of rice fields and open to the evening breeze, or a courtyard that combines temple carving with relaxing, recreational lounging space are enduring features of a distinctive Bali-style. Shimmering pavilions, open verandahs, living rooms that invite the outside landscaping in—all are part of the Balinese tropical living experience. This book focuses on these timeless features and shows the new and exciting ways in which they are being interpreted. All the contemporary villas, resort bungalows, shops, restaurants and other buildings in the book, most never photographed before are new additions to the Bali scene. Each is unique, and, most importantly, characterized by a distinctly modern feel. Cleaner lines, more imaginative use of space, sharp angles, and the use of stone, concrete and ceramic roof tiles, are increasingly visible along with the coconut wood, teak and thatching. Stunning color photographs depict the residences set within their natural landscapes; architectural details; and a stunning array of individual interiors. Meticulous text compiled by an expert in tropical design, relates the various stages of the development of this new, international style, and complements the fascinating array of interiors featured.

English Country Churches Derry Brabbs, 2002 No sight is more evocative than a small village where an embattled tower stands proudly or a great sweep of landscape from which an elegant spire soars above trees and meadows. Celebrate the English church in all its diversity—the different architecture, regional styles, structural materials, personalities, and settings. Each example

combines familiarity with the pleasure of discovery.

Peoples of the Golden Triangle Paul White Lewis, Elaine Lewis, 1998 For centuries the mysterious region of Southeast Asia known as the Golden Triangle has exerted a powerful hold over the Western imagination. Today it continues to figure in world news because of the infamous traffic in opium and heroin. Yet this fascinating area is also of considerable interest for a different reason: within it live six culturally distinct peoples - the Karen, Hmong, Mien, Lahu, Akha and Lisu - struggling to maintain the integrity of their beliefs and way of life against all the pressures of the rapidly changing society around them.

Atlas of Africa Agence Française de Développement, Dunod Editeur, 2021-07-07 This innovative Atlas of Africa, by the Agence Française de Développement, offers comprehensive insights into contemporary Africa through the use of full-colour maps, charts, graphics and text which demonstrate and explain Africa's growing importance in the world and its demographic, economic, social and environmental transformation, while also outlining the challenges that the continent faces. The three sections, offering new perspectives on the continent, comprise: Taking Full Measure of Africa - examining the major economic, demographic, social and political transformations that Africa has undergone in a short space of time. A Multifaceted Continent with Shared Challenges - looking at the major intraregional economic, demographic, environmental and social dynamics that are currently shaping the continent. Africa Inventing Itself and Taking up the Key Challenges of Tomorrow - an overview of the challenges that Africa is currently facing and will need to face in the future, including the environment and climate change, social cohesion and demographic issues, economic development and governance. Full-colour maps, charts and graphics cover such wide-ranging topics as economic development, urbanization, education, the rule of law, gender, the blue economy, regional organizations, energy and culture, to form a volume which offers a wide-ranging overview in graphic form of Africa in the world today, of interest to all those studying, working in or with Africa, and those with a general interest in the continent.
