Transnationalism, Migration and the Challenge to Europe Kevin Robins, Asu Aksoy, 2015-10-23 *Transnationalism, Migration and the Challenge to Europe: The Enlargement of Meaning* puts forward an alternative outline for thinking about migration in a European context. Moving beyond the agenda of identity politics, the book addresses possibilities more related to the experiential and existential dimensions of migratory – and importantly, post-migratory – lives. Examining the fundamental and radical argument that migrants should be regarded not as a problematical category, but rather as opening up new cultural and imaginative channels for those living in Europe, the book draws on extensive empirical work by the authors undertaken over the past ten years. Grounded in the actual lives and experiences of migrant Turks, the book evaluates how their articulations regarding identity and belonging have been changing over the last decade. The agenda regarding migration and belonging has shifted over this crucial period of time. This shift is counterpoised against the unchanging national positions, and against the supra-national stance of 'official' European approaches and policies regarding migration and identity. *Transnationalism, Migration and the Challenge to Europe* would be of interest to those involved in sociology, anthropology, transnational studies, migration studies, cultural studies, media studies, European studies.

The Freedom Fighter Murat Haner,2017-09-11 The ability of terrorist groups to inflict death and destruction has markedly increased with technological advances in the areas of communication, transportation, and weapon capability. Using these new tools and networks, terrorists now seek to inflict mass casualties worldwide. Given these realities, it is essential to research the factors that underlie a terrorist group’s origins, grievances, and demands. Such insights might help others respond more effectively to insurgencies, especially when military

campaigns to capture or kill every terrorist have proven unsuccessful. *The Freedom Fighter: A Terrorist's Own Story* explores why so many Kurdish people—especially young adults—join the Kurdistan Workers' Party (PKK) and conduct terrorist acts. Inspired by the ground-breaking classic, *The Jack-Roller: A Delinquent Boy's Own Story*, by Clifford R. Shaw, the author explores the issue of radicalization into terrorist organizations through the life-history method, enabling a PKK terrorist—or “freedom fighter”—to tell his story. Over a five-month period, the author interviewed “Deniz,” a high-level PKK terrorist in a Turkish prison, who during his time in the PKK rose from the lowest level to near the top in terms of terrorist operations. This riveting life history, told in Deniz's own words, provides unique insights into why someone becomes a “freedom fighter” and what such a life entails. The account provides extensive information on the PKK, including the group's recruitment, ideological and military training, armed strategies, internal structures and code of ethics, treatment of women, and goals for peace. Deniz's story not only explains why more Kurdish “freedom fighters” will be recruited to engage in terrorist acts, but also facilitates understanding of how “normal people” can become involved in conflict and organizations that are designated as “terrorist groups.” A foreword by renowned criminologist Francis T. Cullen helps contextualize the material. This book will interest students of criminology, terrorism/counterterrorism, political violence, and security.

Balkan Popular Culture and the Ottoman Ecumene Donna A. Buchanan, 2007-10-01 Since the early twentieth century, 'balkanization' has signified the often militant fracturing of territories, states, or groups along ethnic, religious, and linguistic divides. Yet the remarkable similarities found among contemporary Balkan popular music reveal the region as the site of a thriving creative dialogue and interchange. The eclectic interweaving of stylistic features evidenced by Albanian commercial folk music, Anatolian pop, Bosnian sevdah-rock, Bulgarian pop-folk, Greek ethniki mousike, Romanian muzica orientala, Serbian turbo folk, and Turkish arabesk, to name a few, points to an emergent regional popular culture circuit extending from southeastern Europe through Greece and Turkey. While this circuit is predicated upon older cultural confluences from a shared Ottoman heritage, it also has taken shape in active counterpoint with a variety of regional political discourses. Containing eleven ethnographic case studies, *Balkan Popular Culture and the Ottoman Ecumene: Music, Image, and Regional Political*

Discourse examines the interplay between the musicians and popular music styles of the Balkan states during the late 1990s. These case studies, each written by an established regional expert, encompass a geographical scope that includes Albania, Bosnia and Herzegovina, Bulgaria, the Republic of Macedonia, Croatia, Slovenia, Romania, Greece, Turkey, Serbia, and Montenegro. The book is accompanied by a VCD that contains a photo gallery, sound files, and music video excerpts.

A World Atlas of Translation Yves Gambier,Ubaldo Stecconi,2019-02-15 What do people think of translation in the different historical, cultural and linguistic traditions of the world? How many uses has translation been put to? How distant from one another are the concepts of translation found in the different traditions? These are some of the questions A World Atlas of Translation addresses. Its twenty-one reports give us pictures taken from the inside, both from traditions that are well represented in the literature and from the many that (for now) are not. But the Atlas is not content with documenting – no map is this innocent. In fact, the wealth of information collected and made accessible by its reporters can be useful to gauge the dispersion of translation concepts across traditions. As you read its reports, the Atlas will keep asking ‘‘How far apart do these concepts look to you?’’ Finally and more ambitiously, the reports can help us test the hypothesis that a cross-cultural notion of translation exists. In this respect, the Atlas is mostly a proof of concept. It hopes to encourage further fact-based research in quest of a robust and compelling unifying notion of translation.

The Republic of Love Martin Stokes,2010-10-15 At the heart of The Republic of Love are the voices of three musicians–queer nightclub star Zeki Müren, arabesk originator Orhan Gencebay, and pop diva Sezen Aksu—who collectively have dominated mass media in Turkey since the early 1950s. Their fame and ubiquity have made them national icons—but, Martin Stokes here contends, they do not represent the official version of Turkish identity

propagated by anthems or flags; instead they evoke a much more intimate and ambivalent conception of Turkishness. Using these three singers as a lens, Stokes examines Turkey's repressive politics and civil violence as well as its uncommonly vibrant public life in which music, art, literature, sports, and journalism have flourished. However, Stokes's primary concern is how Müren, Gencebay, and Aksu's music and careers can be understood in light of theories of cultural intimacy. In particular, he considers their contributions to the development of a Turkish concept of love, analyzing the ways these singers explore the private matters of intimacy, affection, and sentiment on the public stage.

Fatih Akin's Cinema and the New Sound of Europe Berna Gueneli, 2019-01-09 In Fatih Akin's Cinema and the New Sound of Europe, Berna Gueneli explores the transnational works of acclaimed Turkish-German filmmaker and auteur Fatih Akin. The first minority director in Germany to receive numerous national and international awards, Akin makes films that are informed by Europe's past, provide cinematic imaginations about its present and future, and engage with public discourses on minorities and migration in Europe through his treatment and representation of a diverse, multiethnic, and multilingual European citizenry. Through detailed analyses of some of Akin's key works—In July, Head-On, and The Edge of Heaven, among others—Gueneli identifies Akin's unique stylistic use of multivalent sonic and visual components and multinational characters. She argues that the soundscapes of Akin's films—including music and multiple languages, dialects, and accents—create an aesthetic of heterogeneity that envisions an expanded and integrated Europe and highlights the political nature of Akin's decisions regarding casting, settings, and audio. At a time when belonging and identity in Europe is complicated by questions of race, ethnicity, religion, and citizenship, Gueneli demonstrates how Akin's aesthetics intersect with politics to reshape notions of Europe, European cinema, and cinematic history.

Encyclopedia of World Pop Music, 1980-2001 Stan Jeffries, 2003-06-30 In this eclectic encyclopedia, author Stan Jeffries chronicles the careers of over 110 musical artists from 37 different nations. Entries include biographical information, trace the entrants' musical development, and recount the performers' critical and popular reception. Annotated. Weighted heavily towards European acts and secondarily towards Asian ones, this encyclopedia contains some 130 entries offering career details of groups and single artists who have achieved success in world pop charts. The selection is arbitrary and incomplete, with four entries from South Africa representing the entirety of the African continent, the growing influence of Arab pop music completely ignored, and the arguably crucial contribution of Jamaica to world pop utterly neglected.

Yüz Numaralı Adam Ali Keklik,2020-06-17 Yüz Numaralı Adam tamda insanoğlunun gerçek yüzünü gözler önüne seriliyor. Bazı derin güçler onları allayıp pullayıp bizlere kahraman gibi pazarlıyorlar. Yolda yürüyemeyen kişileri başımıza yönetici yapıyorlar. Yüznumaraların yarıştığı seçimlere şahit olabiliyoruz. Bu bir süre tutabiliyor ama o insanın gerçek yüzü ortaya çıktığında ve düşünüldüğü kadar iyi olmadığı anlaşıldığında o kişiyi ilk satanlar ise yine o güçler oluyor! Peki, kim bu yüz numaralı insanlar? Hiç düşündünüz mü?

Bisikletname Ahmet Suglun,2020-04-04 Bu tura çıkmadan önce 80 günde dünya turunun mümkün olacağını hayal eden ve bu hayalini ancak yazdığı kitabında gerçekleştirebilen Jules Verne bana ilham oldu. “Seksen günde devr-i âlem” kitabını eşim Arda’yla birlikte okumuştuk yıllar sonra. Benim hayalim “80 günde devr-i Türkiye” yolculuğu yapmaktı. Türkiye’de 81 il olması da beni ayrıca heyecanlandıran bir etmendi. Çıktığım ili saymayıp kalan 80 ile 80 günde bisikletle gitme fikri başımı döndürdü ve bir an önce projenin yapılabilirliğini araştırmaya koyuldum.
