Divine Names Rosina-Fawzia al-Rawi,2022-11-22 The path to self-discovery and inner and outer peace... Divine Names is a unique contribution to understanding life and oneself on a deeper level: by learning to open to the Divine. It draws on original Arabic literature—often not available in European languages—and on the author’s many years of personal practice, teaching, and guiding others on their spiritual paths to healing, to becoming whole. It focuses on the use of the Divine Names in dhikr, individual meditations and healing practices. Whether we admit it or not, human beings are searchers: we want to understand; we want to know; we want to be known. Our quest may take many forms, yet ultimately it ends in nothing but pure praising of the Divine, even if this comes after our last breath. The outside always furthers the inside because the task and the meaning of life is always about reuniting—about connecting everything on the outside to its inner truth. It is the knowledge of the heart which is always capable of uniting. Such is the path of the Sufis. The Sufi tradition centers on the opening of the heart and nothing touches the heart as much as beauty. In this book, the author’s unique style of writing, which combines clarity and poetic inspiration, is coupled with distinctive and ornamental Arabic calligraphy of each of the 99 Divine Names to make it a visually stunning tribute to this tradition. It will be enjoyed regardless of a person’s religious beliefs.

Key Concepts in the Practice of Sufism Fethullah Gülen, 2004 The origin of Sufism -- Self criticism; Reflection; Privacy and seclusion; Heart; Hope or expectation; Asceticism. People follow the Sufi path when they sense that Islam has a deeper dimension. The resulting self-purification leads to this inner dimension of Islamic rituals, a deeper understanding of the Divine acts, and a greater knowledge and love of Him. After this, God draws the novice to Himself. With the help of a spiritual guide, the novice begins the life-long journey back to God. This continual process of spiritual development along a path of the innate human poverty, helplessness, and powerlessness before God is undertaken in the knowledge that everything comes from God. Each novice does what is necessary to grow spiritually, and God bestows the appropriate blessings and stations. The highest aim of creation and its most sublime result is belief in God. The most exalted rank of humanity is knowledge of God. The most radiant happiness and sweetest bounty for jinn and humanity is love of God contained within the knowledge of God; the purest joy for the human spirit and the purest delight for the human heart is spiritual ecstasy contained within the love of God. Indeed, all true happiness, pure joy, sweet bounties, and unclouded pleasure are contained within the knowledge and love of God. And Sufism is the school where people can realise the highest aim of creation.

Taking up the Prophet's teaching that 'Ninety-nine Beautiful Names' are truly predicated of God, Ghazali explores the meaning and resonance of each of these divine names, and reveals the functions they perform both in the cosmos and in the soul of the spiritual adept. Although some of the book is rigorously analytical, the author never fails to attract the reader with his profound mystical and ethical insights, which, conveyed in his sincere and straightforward idiom, have made of this book one of the perennial classics of Muslim thought, popular among Muslims to this day. Essential Islam Diane Morgan,2009-11-12 An introductory guide to the important elements of the world's largest religion, including the Quran, the Pillars of Faith, and the life of Muhammad, as well as Islamic history, customs and rituals, and contributions to world culture. Essential Islam: A Comprehensive Guide to Belief and Practice is the ideal beginner's resource on the core elements of a faith that, like Christianity and Judaism, offers a guide to holy living and a path to salvation—one that like other world faiths has inspired peace and war, tolerance and brutality, enlightenment and abysmal ignorance. Essential Islam offers an insightful, objective look at Islam from its inception to the present day, including a discussion of Islamic beliefs about God, history, warfare, marriage, the afterlife, and the relationship between Islam and other faiths. It is a rich source for dispelling misconceptions—for example, only 10 percent of Muslims are Arabic, and only a quarter of those reside in the Middle East—and for understanding

tensions between groups within and outside Islam. More importantly, it gives readers a portrait of Islam not as a religion of extremists, but as a dynamic living faith practiced by people of all kinds in virtually every corner of the world.

What Everyone Should Know about Islam and Muslims Suzanne Haneef, 2005-05 A summary of the Islamic beliefs, ways of worship, qualities, values, morals, standards of conduct, and, in concrete practical terms, the Islamic way of life.

Sufism and Theology Ayman Shihadeh, 2007-11-21 Sufism and Theology are two major currents in Islamic thought and religious culture, and over the centuries they have displayed immense diversity and intellectual richness. This book takes a flexible and inclusive approach to these trends, revealing both how Sufis approached theological traditions and themes and practised theology themselves, and how theologians approached different aspects of Sufism. Comprising chapters by leading specialists in the field, this volume is the first to explore the historically complex interface between these two major currents, highlighting key points of tension and interaction. Taking us through an array of subjects, including hermeneutics, psychology and metaphysics, light is shed on major intellectual trends and figures from the 12th century up to the modern period. These range from al-Hallaj, Ibn 'Arabi and Ibn Sab'in, to Fakhr al-Din al-Razi, Ibn Taymiyya, Haydar Amuli and Ibn Kemal Pasha, from the Ottoman context to the Safavid, and from Sunnism to Shi'ism

The most well known authentic resource for tafsir is Tafsir Ibn Kathir. Th is can be purchased online or in many Islamic bookstores. Tafsir Ibn Kathir can also be found for free online in various places. - Application: Reflect on and apply the verse of the day to your life. How does this verse connect to you and your experiences? How does it relate to the overall theme? Are there any other verses, hadith, or quotes that this brings to mind? How does it make you feel? How can you act on it? These are some questions to get you started, but of course you can write whatever feels right. - Dua: Write a short dua to help you put your learnings about the verse into action. Ameen. May Allah accept all your efforts in better connecting with the Quran.
