CUANDO EL PASADO TE ALCANZA MANUEL SALADO PEREZ,

Malditos Alienígenas Luis González Tamarit,2016-01-26 Este libro (segunda edición) contiene dieciocho relatos diversos que guardan relación con los contenidos en otros libros anteriores y posteriores del autor. Fundamentalmente en Pasajes de la memoria y Más madera para la caldera, pero también en El caso Botsuana, último de la serie por ahora. Como siempre, hay textos algo autobiográficos, adornados con la imaginación, y otros que son pura fantasía. Hay que llamar la atención sobre la saga de El marinero inglés que surgió de una casualidad, de un hallazgo, pero que cristalizó después de muchas horas de investigación en archivos foráneos. Los textos iniciales sobre este apasionante asunto aparecieron ya en obras anteriores del autor y la trama llega a su desenlace en este libro, salvo nuevas revelaciones. La historia que da nombre al libro se origina en un casual encuentro en las calles de Madrid con un entrañable, peripatético y algo lunático personaje, versado en comportamientos y culturas alienígenas. Los asuntos portugueses están presentes en un texto que hace referencia a un lema muy extendido en el país hermano, el famoso volto já, digno de figurar en los textos fundacionales de la República. Alguna reflexión sobre cuestiones sociales de candente actualidad no podía faltar en un texto escrito por un científico social. Son pequeñas pinceladas sobre algunos asuntos de nuestra hiriente actualidad. Por último, pero no por ello menos importante, el autor rinde homenaje en este libro a la figura de su padre, un personaje de difícil repetición por la diversidad de situaciones que vivió a lo largo de su dilatada vida y por la huella que tanto acontecimiento dejó en su carácter.

Combat Fleets of the World ,1993

Italian Sword and Sandal Films, 1908-1990 Roy Kinnard,Tony Crnkovich,2017-02-21 Produced in Italy from the turn of the 20th century, sword and sandal or peplum films were well received in the silent era and attained great popularity in the 1960s following the release of Hercules (1959), starring Mr. Universe Steve Reeves. A global craze for Bronze Age fantasy-adventures ensued and the heroic exploits of Hercules, Maciste, Samson and Goliath were soon a mainstay of American drive-ins and second-run theaters (though mainly disparaged by critics). By 1965, the genre was eclipsed by the spaghetti western, yet the 1960s peplum canon continues to inspire Hollywood epics. This filmography provides credits, cast and comments for dozens of films from 1908 through 1990.

Human Dynamics Research in Smart and Connected Communities Shih-Lung Shaw, Daniel Sui, 2019-06-07 This book addresses how accelerating advances in information and communication technology, mobile technology, and location-aware technology have fundamentally changed the ways how social, political, economic and transportation systems work in today's globally connected world. It delivers on many exciting research questions related to human dynamics at both disaggregate and aggregate levels that attract the attention of researchers from a wide range of disciplines. Human Dynamics Research involves theoretical perspectives, space-time analytics, modeling human dynamics, urban analytics, social media and big data, travel dynamics, privacy issues, development of smart cities, and problems and prospects of human dynamics research. This book includes contributions on theoretical, technical, or application aspects of human dynamics research from different disciplines. Appealing to researchers, scholars and students across a wide range of topics and disciplines including: urban studies, space-time, mobility and the internet, social media, big data, behavioral geography and spatio-temporal-network visualization, this book offers a glimpse at the cutting edge of research on human dynamics.

Feature Films, 1960-1969 Harris M. Lentz, 2001 This is a filmography of not only all of the English-language movies made during the 1960s that had a theatrical release but major foreign films exhibited in the United States as well. The films are listed alphabetically and the following information is provided for each: year of release, nation of origin if other than the United States, production/distribution company, black and white notation (if not in color), running time, genre, production credits, cast and characters, and a brief synopsis. This turbulent decade is unusually interesting in the history of cinema. Those films released in the early part of the decade were similar to those of the 1950s, but as the years passed, the offerings changed in many ways.

Shake Eric Prum, Josh Williams, 2014-07-08 An artisanal cocktail book by the entrepreneurs who invented the The Mason Shaker cocktail shaker, whose mission is to bring cocktail crafting out of the bar and into the home. Design, cocktail, and culinary enthusiasts Eric Prum and Josh Williams realized that while cocktail bars have sprouted up just about everywhere, good drinks still couldn't be found in the one place where they always mixed them: at home with friends. So, from their Brooklyn workshop, where they designed, created, and launched The Mason Shaker, a now-iconic invention that transformed a Mason jar into a cocktail shaker, they also created Shake. One part instructional recipe book and one part photo journey through their year of cocktail crafting, the book is a simple and inspirational expression of their seasonal, straightforward approach to drinks and entertaining: Mixing cocktails should be simple, social, and above all, fun. Each recipe is presented visually, in four color photos, as well as in written recipes, making Shake both an arresting gift and a practical guidebook to simple, elegant cocktails.

The Conquest of Andalusia Jurji Zaidan, 2011-10-01 It is Christmas Day in the year 710 AD in Toledo, capital of Visigoth Spain. King Wittiza has been dethroned, and the impulsive and tyrannical Roderic has been installed as monarch of Spain with the help of the Catholic clergy. Even so, Bishop Oppas, the deposed king's brother, is to remain as the senior ecclesiastical figure in Spain during King Roderic's reign. The beautiful Florinda is the daughter of Count Julian, the governor of Sabta, a Christian enclave in Muslim North Africa. She is madly in love and engaged to the charismatic and courageous Alfonso, son of the deposed king. But she has been moved into King Roderic's palace where she is the target of the new king's lustful desires, even though he is married. And Alfonso has been kept as a retainer in the palace so that his comings and goings can be monitored. Will Florinda manage to thwart the lascivious advances of the depraved king? Will Alfonso be able to foil the king's designs? And how will Florinda's father, Count Julian, react when he learns of Roderic's evil plans towards his daughter? What role will Bishop Oppas play -- torn as he is between loyalty to Visigoth Spain and faithfulness to his values and his family? The fast-paced story, full of twists and turns, unfolds as the Muslim armies in North Africa are poised to cross the Straits of Gibraltar and gain their first European foothold in what came to be called the land of al-Andalus. The Conquest of Andalusia is also the story of the battle for Florinda's virtue and happiness
