The Glorious Quran Word-for-Word Translation to Facilitate Learning of Quranic Arabic Shehnaz Shaikh,2007-07-01 There are about 80,000 words in the Quran but the actual words are only around 2000!!! This could also be termed as one of the many miracles of the Quran. Accordingly, if a reader decides to learn only 10 new words every day, he can understand the basic message of the Quran within a period of seven months! So it is indeed very easy to understand the Quran, provided one is willing to learn it. This word-for-word translation may not be considered as an addition to the existing translations, but an attempt to equip the reader to understand the revelation directly from the Arabic text; thus it will Insha-Allah be a very useful tool for those who are willing to study the Quran and try to understand it. A beginner can bear in mind the meanings of each Arabic word provided right below it. Since many words are repeated in the Quran, the student will find for himself that within a few months of regular study, he is indeed able to understand the Quran through the text itself. It may also be pointed out that a beginner does not have to, in the start itself, be worried about learning extensive grammar or how to speak the Arabic language. In fact, one has to develop vocabulary before learning grammar for the following reasons: * A child first learns words and then starts linking them together. We speak our mother tongue fluently without ever learning the grammatical rules. That is to say, we learn it by repeatedly listening to the words. * Learning extensive grammar before improving vocabulary is like putting the cart before the horse. Or it is like learning different styles of swimming by moving hands in the air inside a swimming pool without water. One has to fill the swimming pool with water (i.e., increase vocabulary) and then learn to swim (i.e., to connect the words with grammatical rules).

Book Of Allah (AL QURAN AL KARIM Or The Holy Quran) ENGLISH TRANSLATION ﷻ ﷻ Muhammad Messenger of God,2020-11-20 Book Of Allah (AL QURAN AL KARIM or The Holy Quran) The Quran (Arabic ﷻ, al-Qur'ān, the recitation) is the sacred text of Islam . For Muslims, it takes verbatim the word of God (Allah) . This book is to this day the first and oldest authentic literary document known in Arabic; Muslim tradition presents it as the first work in Arabic, with the specific character of inimitability in beauty and in ideas. For Muslims, the Koran groups together the words of God, revelations (āyāt) made to the last prophet and messenger of God Muhammad (ﷻ, Muḥammad, the praised) from 610-612 until his death in 632 by l ' archangel Gabriel (ﷻ, jibril). The Koran is sometimes called simply al-kitāb (the Book), adh-dhikr (the Reminder) or al-furqān (the Discernment). In this sense, it is, for Muslims, the expression of an uncreated attribute of God addressed to the intention of all humanity .

Digital Humanities and Material Religion Emily Suzanne Clark,Rachel McBride Lindsey,2022-04-04 Building from a range of essays representing multiple fields of expertise and traversing multiple religious traditions, this important text provides analytic rigor to a question now pressing the academic study of religion: what is the relationship between the material and the digital? Its chapters address a range of processes of mediation between the digital and the material from a variety of perspectives and sub-disciplines within the field of religion in order to theorize the implications of these two turns in scholarship, offer case studies in methodology, and reflect on various tools and processes. Authors attend to religious practices and the internet, digital archives of religion, decolonization, embodiment, digitization of religious artefacts and objects, and the ways in which varied relationships between the digital and the material shape religious life. Collectively, the volume demonstrates opportunities and challenges at the intersection of digital humanities and material religion. Rather than defining the bounds of a new field of inquiry, the essays make a compelling case, collectively and on their own, for the interpretive scrutiny required of the humanities in the digital age.

The Quran Allah,2019-11 The Quran is the sacred text of Islam. For Muslims, it is the word of the one God. The Quran was revealed to the last prophet and messenger Muḥammad (ﷻ) from the year 610 until his death in 632 by the angel Gabriel (ﷻ). According to the Quran, Allah is the author of all the sacred books of the three monotheistic religions that are Islam, Christianity, and Judaism. He thus revealed the Gospel to the penultimate prophet Jesus and the Torah to the prophet Moses. We read thus in verse 3 of sura 3: He brought down on you the Book (the Quran) with the truth, confirming the Books descended before him. And He brought down the Torah and the Gospel. However, Islam considers that with the exception of the Quran, all the holy books have been falsified by man. Verse 75 of Sura 2 goes in this direction: - Well, do you hope [Muslims] that such people [the Jews] will share your faith with you? while a group of them; after having heard and understood the word of Allah, knowingly falsified it. This present work is a translation into English of the meaning of the verses of the Quran made by Maulana Wahiduddin Khan.
