The Spy Who Changed History Svetlana Lokhova,2019-06-13 'A superbly researched and groundbreaking account of Soviet espionage in the Thirties ... remarkable' 5* review, Telegraph On the trail of Soviet infiltrator Agent Blériot, in this bestseller, Svetlana Lokhova takes the reader on a thrilling journey through Stalin's most audacious intelligence operation.

The Old Boys Burton Hersch,2001-01-15 First published in 1992, THE OLD BOYS provoked fits up and down the intelligence corridors of Washington. The book provided details, according to the CIA's own in-house summation, not available eslewhere. Documentation on the attempts by Allen Dulles in 1945 to cover for his Nazi buisness friends while furitively endeavoring to buy up the I.G. Farben remnants for himself and a few insiders. The news that CIA policy-makers, both in Germany and inside the Agency were demonstrably KGB plnats and the extent to which key figures around the CIA jumped off the planning staff before the Bay of Pigs is explored in wonderful detail in this book. This is the book that taught the CIA it's history.

More Instructions from the Centre Christopher M. Andrew,Oleg Gordievsky,2012-08-21 During the decade that preceded Mr Gorbachev's era of glasnost and perestroika, the KGB headquarters in Moscow was putting out a constant stream of instructions to its Residencies abroad. Unknown to the KGB, however, many of these highly classified documents were being secretly copied by Oleg Gordievsky, at that time not only a high-ranking KGB officer based in London but also a long-serving undercover agent for the British. The selected documents in this volume, translated and analysed by the editors with a commentary by Christopher Andrew to set them in context, offer a revealing insight into the attitudes, prejudices and fears of the KGB during what were to prove its declining years.

Debunking Howard Zinn Mary Grabar,2019-08-20 Howard Zinn’s A People’s History of the United States has sold more than 2.5 million copies. It is pushed by Hollywood celebrities, defended by university professors who know better, and assigned in high school and college classrooms to teach students that American history is nothing more than a litany of oppression, slavery, and exploitation. Zinn’s history is popular, but it is also massively wrong. Scholar Mary Grabar exposes just how wrong in her stunning new book Debunking Howard Zinn, which demolishes Zinn’s Marxist talking points that now dominate American education. In Debunking Howard Zinn, you’ll learn, contra Zinn: How Columbus was not a genocidal maniac, and was, in fact, a defender of Indians Why the American Indians were not feminist-communist sexual revolutionaries ahead of their time How the United States was founded to protect liberty, not white males’ ill-gotten wealth Why Americans of the “Greatest Generation” were not the equivalent of Nazi war criminals How the Viet Cong were not well-meaning community leaders advocating for local self-rule Why the Black Panthers were not civil rights leaders Grabar also reveals Zinn’s bag of dishonest rhetorical tricks: his slavish reliance on partisan history, explicit rejection of historical balance, and selective quotation of sources to make them say the exact opposite of what their authors intended. If you care about America’s past—and our future—you need this book.

Codebreaking and Signals Intelligence Christopher Andrew,2021-05-30 Despite publicity given to the successes of British and American codebreakers during the Second World War, the study of signals intelligence is still complicated by governmental secrecy over even the most elderly peacetime sigint. This book, first published in 1986, lifts the veil on some of these historical secrets. Christopher Andrew and Keith Neilson cast new light on how Tsarist codebreakers penetrated British code and cypher systems. John Chapman’s study of German military codebreaking represents a major advance in our understanding of cryptanalysis during the Weimar Republic. The history of the Government Code and Cypher School – forerunner of today’s GCHQ – by its operational head, the late A.G. Denniston, provides both a general assessment of the achievements of British cryptanalysis between the wars and a tantalising glimpse of what historians may one day find in GCHQ’s forbidden archives. The distinguished cryptanalyst of Bletchley Park, the late Gordon Welchman, describes in detail how the Ultra programme defeated the German Enigma machine, while another Bletchley Park cryptographer, Christopher Morris, reminds us in his account of the valuable work on hand cyphers that wartime sigint consisted of much more than Ultra. Roger Austin’s study of surveillance under the Vichy regime shows the continuing importance of older and simpler methods of message interception such as letter-opening. Taken together, the articles establish sigint as an essential field of study for both the modern historian and the political scientist.

The Judgment Against Imperialism, Fascism and Racism Against Caliphate and Islam Khondakar Golam Mowla,2008-10 Where are Judges or Judgments with human conscious and high moral when about half of Iraqi population vanished since recent war against Iraq including millions children of Iraq for illegal sanction? Which means there is no justice for those who do not have WMD to attack or to defend own land or dollars or pounds to bribe or to buy few real Judges or Judgment with human conscious or moral. And without money you cannot buy a Judgment. Illegal Governors of present illegal Muslim or Arab client States are also responsible to host most powerful countries on earth with their army, air force and navy with deadly WMD in Muslim land, sea and air to invade Muslim land like Iraq and Afghanistan or to threaten Iran. There were no independent states like Iraq before First World War since those present illegal client States became part of Caliphate/Khilafah 1400 years ago. World Muslims never accepted those illegal Muslim or Arab client States which were created after First European War known as First World War. A policy of attacking the idea of the Caliphate by linking it with the political violence of the jihadi movement cannot eliminate its Koranic authority. The Islamic world may not totally agree with the armed method of the jihadi movement, but the Caliphate s linkage with the Koran is not in dispute. The political and non-violent aspect of the Islamic movement, considered the godfather of reviving the Caliphate idea, has deeper and wider appeal. An attack on the Caliphate is in effect considered an attack against Islam.[i] Readers also must judge on following fact prior to World War as Desert storm in 1991 and subsequent sanction against Iraq which killed millions children was wrong and it was internal matter of destroyed Caliphate. What about genocide in Iraq since 2003 for which half of Iraqi population are gone? What about millions killed in Indonesia after Sukarno was ousted? What about coup in Iran in 1953 which ousted democratic elected Prime Minister of Iran? What about genocide in Bangladesh in 1971 by same Pakistanis Army who is now doing same genocide in Northern Pakistan at this moment? And yet in another recent book 'THE SECRET HISTORY OF SADDAM'S WAR UNHOLY BABYLON BY ADEL DARWISH AND GREGORY ALEXANDER' published by Victor Gollancz Ltd, London, it is mentioned in pg. 3-4 that 'Britain had recognized Kuwait's independence on 19th June 1961, abrogating an agreement signed in 1899 which had made the emirate a British protectorate-..... the 1899 Anglo-Kuwait agreement signed by the former Sheikh of Kuwait for 15,000 Indian rupees from the British commissioner in Abadan., in pg. 6 it is mentioned 'Britain proceeded to establish posts and naval bases along the trade route to India via the Suez Canal, which was opened in 1866, and also signed exclusive agreements with Arab rulers throughout the Gulf. The first was with Bahrain in 1880, prohibiting the sheikhdом from making any treaties or agreements with any state other than Britain or establishing diplomatic relations with other countries without British consent. there have been 7,000 madrassas built ... and that's where bin Laden lives and we will go at him if we have actually (sic) intelligence.Seven thousand? Where on earth does this figure come

from?It's an odd situation. Obama and Biden want to close down Iraq and re-conquer Afghanistan. The Palin College of Clich s characterised this as a white flag of surrender in Iraq while continuing to warn of the dangers of Iran, the name of whose loony president Ahmadinejad defeated McCain three times in last week's pseudo-debate.But it's the same old story. All we have learned in America these past two weeks, to quote Joan Littlewood's Oh! What a Lovely War, is that the war goes on.

White Power George L. Rockwell,2022-11-09 The last and most powerful book written by the founder of the American Nazi Party, George Lincoln Rockwell. Taking the philosophical concepts outlined in his earlier book, This Time the World, Rockwell distilled his political message into a hard-hitting, easy-to-read volume which is guaranteed to leave the reader shaken, despite having first been published in 1966.In 1958, alone and without funds, he hung up the Swastika and founded the first openly National Socialist organization anywhere in the world after the end of the Second World War. Using dramatic street tactics, uniforms and planned publicity stunts, Rockwell soon attracted worldwide attention and a small band of followers across America.Rockwell's high-point came with a 3,000-strong rally at Marquette Park in Chicago in August 1966. Just as Rockwell seemed to pose a credible political threat, he was assassinated in August 1967, just a few months after this book was first published.

The A to Z of Sexspionage Nigel West,2009-09-16 In a surprising number of espionage cases sex has played a significant role_often only in the background_possibly as a reason why a particular individual has lived beyond his means and is in desperate need of cash. FBI agent Earl Pitts sold secrets to the Soviets to ease his financial burdens, which came from his habitually heavy use of male and female prostitutes. Yuri Nosenko collaborated with the CIA after having misappropriated KGB funds to entertain expensive women while on official duties in Geneva, and Aleksandr Ogorodnik of the Soviet foreign ministry was persuaded to become a spy by his pregnant Spanish lover, an agent recruited by the CIA. In the realm of human behavior, sex can be the catalyst for risky or reckless conduct. The A to Z of Sexspionage explores this behavior through a chronology, an introduction, a bibliography, and hundreds of cross-referenced dictionary entries on the secret agencies, operations, and events. From Delilah's seduction of Samson in 1161 BC to State Department official Donald Keyser's conviction of passing secrets to Isabelle Cheng, a Taiwanese intelligence officer, in 2007, Nigel West recounts the history of sexspionage.

Mitrokhin Inquiry Report Great Britain. Intelligence and Security Committee,Tom King,Great Britain. Prime Minister,2000 An investigation into the intelligence and security agencies' handling of the information on the KGB and its activities from 1917 to 1984 provided by Vasili Mitrokhin, former chief archivist of the KGB. The report investigates the key concerns of the Committee: why the British spies were not prosecuted; the method of publication of the Mitrokhin archive and its handling; and ministerial and senior official oversight.

Warhol-isms Andy Warhol,2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—“In the future, everyone will be world-famous for 15 minutes.” Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well.I went to [a psychiatrist] once, and he never called me back.They always say that time changes things, but you actually have to change them yourself.I’ve never met a person I couldn’t call a beauty.New things are always better than old things.I’m still a commercial artist. I was always a commercial artist.
