Earth Force Shemer Kuznits,2019-04-30 On the first day, a mist descended from the heavens blanketing Earth.On the second day, a cryptic message, 'Infusion commencing', appeared in the corner of everyone's eyes. On the third day, the sick were healed and the crippled walked again. On the fourth day, celebration and joy spread across the globe. And on the fifth day, the warping began...There was no warning. A mist descended from the sky, disabling all technology and causing a weird message to appear at the corner of everyone's eye. The situation grew even worse as animals and people started to warp, transforming into terrible monsters that prey on the livings. Within months, human civilization had crumbled. Unable to fight the seemingly-indestructible beasts, the survivors are reduced to cowering in reinforced shelters. Waiting for the end to come. Helpless. All seemed lost until a few brave souls discovered the secret of their new reality: the Tec and how to use it to level up. Together they represent humanity's last best hope for salvation. But they first must find the answers to the mystery of their new existence. Their journey will require them to quickly adapt to alien technology, operate strange spaceships, and even befriend an extra-terrestrial merchant with an Inferiority Complex.

The Leavers (National Book Award Finalist) Lisa Ko,2018-04-24 FINALIST FOR THE 2017 NATIONAL BOOK AWARD FOR FICTION Named a Best Book of 2017 by NPR, Entertainment Weekly, the Los Angeles Times, BuzzFeed, Bustle, and Electric Literature “There was a time I would have called Lisa Ko’s novel beautifully written, ambitious, and moving, and all of that is true, but it’s more than that now: if you want to understand a forgotten and essential part of the world we live in, The Leavers is required reading.” —Ann Patchett, author of Commonwealth Lisa Ko’s powerful debut, The Leavers, is the winner of the 2016 PEN/Bellwether Prize for Fiction, awarded by Barbara Kingsolver for a novel that addresses issues of social justice. One morning, Deming Guo’s mother, Polly, an undocumented Chinese immigrant, goes to her job at a nail salon—and never comes home. No one can find any trace of her. With his mother gone, eleven-year-old Deming is left mystified and bereft. Eventually adopted by a pair of well-meaning white professors, Deming is moved from the Bronx to a small town upstate and renamed Daniel Wilkinson. But far from all he’s ever known, Daniel struggles to reconcile his adoptive parents’ desire that he assimilate with his memories of his mother and the community he left behind. Told from the perspective of both Daniel—as he grows into a directionless young man—and Polly, Ko’s novel gives us one of fiction’s most singular mothers. Loving and selfish, determined and frightened, Polly is forced to make one heartwrenching choice after another. Set in New York and China, The Leavers is a vivid examination of borders and belonging. It’s a moving story of how a boy comes into his own when everything he loves is taken away, and how a mother learns to live with the mistakes of the past.

Mary's Story Lynne Garnham-King,2011-06-01 DescriptionThe book is Mary's story. It is a true story. It is about a psychotic experience with a supernatural twist! I had the good fortune to meet Mary during my role as a counselor. Mary claimed that she had been hearing voices for several months. It was only when the voices had stopped and Mary had regained some of her equilibrium that she came to counselling to try to make some sense of the episode. Mary had been a counsellor herself and believed that counseling could help her with her problem.Mary's was not a straightforward case as you will discover when you read her story. Mary claimed that before the voices had appeared she had been having supernatural experiences. In fact, Mary claimed to have proof of what had happened to her as she had recorded some of her encounters with the spirit world on her tape recorder. Indeed I can bear witness to the voices recorded on the tape recorder, as can other health care workers.The following is Mary's story told in her own words as she searches for answers as to what happened to her. Come with me into Mary's strangely fascinating world and decide for yourself if you believe whether Mary did have an encounter with the spirit world. Or if you believe it was something else, perhaps an episode of madness brought on by the death of her father. Read on and decide for yourself! About the AuthorLynne was born in 1955. She was brought up in a loving family and has one sister. From her mid-twenties she suffered from anxiety and panic attacks. By her mid-thirties Lynne had become agoraphobic and was house bound. Battling agoraphobia and dealing with a protracted drug withdrawal programme from benzodiazepines took up the next ten years of her life during which time Lynne suffered a breakdown and was very ill. She was diagnosed with M.E in 1998. Married twice, Lynne feels that health problems were responsible for her two divorces. Further health problems ensued including being diagnosed as coeliac and having a serious vertigo problem. She trained to be a counsellor to put her vast experiences to some use in a positive way by helping others.
