Hollywood Shot by Shot Norman K. Denzin, To what extent have Hollywood feature films shaped the meanings that Americans attach to alcoholics, their families, and the alcoholic condition? To what extent has the mass culture of the movie industry itself been

conceptually shaped by a broad, external societal discourse? Norman Denzin brings to his life-long study of alcoholism a searching interest in how cultural texts signify and lend themselves to interpretation within a social nexus. Both historical and diachronic in his approach, Denzin identifies five periods in the alcoholism films made between 1932 and the end of the 1980s, and offers a detailed critical reading of thirty-seven films produced during these six decades. Professor Denzin has produced a searching and provocative interpretation of more than a half-century of Hollywood's social and personal construction of the problem drinker in America. Readable by both lay persons and specialists, Denzin's book provides us with the most comprehensive understanding of this topic to date.--Stanford M. Lyman, Robert J. Morrow Eminent Scholar in Social Science, Florida Atlantic University An eminent sociologist and leading authority on alcoholism, Denzin also writes skillfully about films as films and is comfortable with postmodern interpretive theory--a genuinely interdisciplinary work of the first order. --Robert L. Carringer, author, *The Making of Citizen Kane* Denzin has gone on an exhaustive bar-crawl through hundreds of movies, returning with evidence that the film about drinking is a genre of its own. He writes from sound knowledge about alcoholism--which, unlike other diseases, is frequently viewed with bittersweet romanticism.--Roger Ebert Norman K. Denzin is professor of sociology, cinema studies, and interpretive theory at the University of Illinois, Urbana-Champaign. He was awarded the George Herbert Mead Award for Lifetime Achievement from the Society for the Study of Symbolic Interaction. He is the author of several books, including *Screening Race: Hollywood and a Cinema of Racial Violence*, *The Recovering Alcoholic*, *Interpretive Ethnography*, *Images of Postmodernism: Social Theory and Contemporary Cinema*, and *Interpretive Interactionism*.

Heroic Leadership Scott T. Allison, George R. Goethals, 2013-07-04 Heroic Leadership is a celebration of our greatest heroes, from legends such as Mahatma Gandhi to the legions of unsung heroes who transform our world quietly behind the scenes. The authors argue that all great heroes are also great leaders. The term 'heroic leadership' is coined to describe how heroism and leadership are intertwined, and how our most cherished heroes are also our most transforming leaders. This book offers a new conceptual framework for understanding heroism and heroic leadership, drawing from theories of great leadership and heroic action. Ten categories of heroism are described: Trending Heroes, Transitory Heroes, Transparent Heroes, Transitional Heroes, Tragic Heroes, Transposed Heroes, Transitional Heroes, Traditional Heroes, Transforming Heroes, and Transcendent Heroes. The authors describe the lives of 100 exceptional individuals whose accomplishments place them into one of these ten hero categories. These 100 hero profiles offer supporting evidence for a new integration of theories of leadership and theories of heroism.

Jim an Australian Hero Maria Ngo, 2013-04-16 This is a story of gum trees, cobbled streets and long cups of tea shared between good friends. It is a story that spans over a century. It encompasses rural Victorian life in the early period of Australian settlement to life in the suburbs of Melbourne in the present day. This stirring tale captures the freedom of romping through native bushland and of sleeping under the stars. It is also a tale of waking up in a mice-ridden cellar and studying by the stub of a candle's glow. Jim's

biography moves rapidly from one poignant account to another – a miraculous deliverance from addictive smoking, two world wars, life as a ganger on the railway and then as a Missioner to the 'lowest of the low' in Melbourne city. He lived for nearly twenty years among drunks, thieves, murderers and other hurting and damaged souls ravaged by alcohol abuse. James Collett drew the best out of each person he knew. He was 'Jim', 'Mr C', 'Uncle Jim,' 'Dad' and 'Grandpa'. By whichever name he was fondly and respectfully called, his legacy lives on. Jim's biography will inspire and change you. You will not be able to look at your world and life in the same way again. About reading this book: The story that you are about to read is in fact a story within a story. Or more accurately, a compilation of many stories – after all, our lives are made up of many moments and events. Some events have distinct beginnings and ends, while others just merge quietly into the next. Some events in our lives are more memorable than others while others are made memorable because we choose to grace them with our attention. As this particular story goes, it is a little of both . . . At the start of each chapter (and sometimes at the end as well) you will find what I call 'cameo conversations and exchanges' that have to do with more current events in Jim's life. These have been added to give you additional insight into Jim's character and relationships as well as giving you a peek at some 'behind the scenes' stuff. But, if you are only interested in a straight forward chronological narrative of this unique, yet typical-of-the-era Australian, skip those passages typeset in sans-serif text. You can come back to these later – if you wish. However, if you are up to the challenge, you could read it as it is . . . (For those familiar with *The French Lieutenant's Woman* as well as fans of the very popular TV series *Lost* and *Once Upon a Time*, this should not prove too daunting an approach.) I've tried to allow Jim's 'voice' to be reflected in his biography as much as possible. As such, minimal editing has been undertaken in the 'main' passages in order to preserve, wherever possible, the narrative style of an 'oral tradition'. **REVIEWS** Jim Collett's life which spans more than a century from his birth in 1902 with descriptions as a rural laborer appear far-fetched and removed from our comfortable, well-nourished lives today. His matter-of-fact descriptions of growing up in a large poor family in a rural town, his rudimentary schooling with few resources or books, the need to leave school early and find work far from home were in fact the norm for large numbers of his generation. Today's parents and young people would be shocked by the freedom young people had to roam the countryside with no supervision. Jim's life resonates with some of the anecdotes told to me of their earlier life, by my parents and their friends who also grew up in the country. Jim learnt the hard way that not all employers were humane or honest – yet his story bears no resentment. Jim's gentle, trusting nature shines through. Jim's recollections of life as a railway ganger records something of the lives of the men who hammered out the rail network
