Gender Inequality in the Ordained Ministry of the Church of England Alex

D.J. Fry,2023-09-14 This book offers a fresh social scientific analysis of how theologically conservative male clergy respond to the ordination of women to the priesthood and their consecration as bishops within the Church of England. The question of women's place in the formal structures of England's Established Church remains contested. For many, to prevent women from occupying such offices is often understood to be a matter of inequality, whereas those who oppose their ordination see it as a matter of obedience to God's will. Tensions have become heightened in a culture that increasingly promotes the rights of individuals who have historically been marginalised and that challenges traditional social roles. This volume explores the gender attitudes held by clergy in the Anglo-Catholic and evangelical traditions of the Church and considers how these gender attitudes shape the way they think about women's ordination and how they interact with female colleagues. It also considers the contribution of a range of social phenomena to the formation of these gender attitudes. The author draws on and develops a variety of sociological and psychological theories that help to explain the processes that lead to the formation of clergy attitudes towards gender more broadly.

The Men Behind Def Jam: The Radical Rise Of Russell Simmons And Rick Rubin Alex Ogg,2009-12-17 The Def Jam label gave America hip hop. But who gave America Def Jam? Russell Simmons and Rick Rubin did. The Men Behind Def Jam examines the most unlikely history of the legendary label that started life in a student dorm and went on to introduce the world to LL Cool J, the Beastie Boys, Public Enemy, DMX and Jay-Z. Hustler-incarnate Russell Simmons and ex-punk Rick Rubin, the odd couple, fought and triumphed against all

predictions to change the course of popular music forever. Here is an honest appraisal of these rival personalities, the quarrels, the successes and the failures of the spectacular Def Jam adventure. With Rubin and Simmons now pursuing other interests, the label continues with others at the helm, but the story of Def Jam's birth and coming of age makes for one of pop music's most feisty and fascinating legends.

Summer at the Point Kelly Traylor, 2009-02 They met at Rock Springs Country Club and Resort where Allie was working as temporary summer help and Skyler was enjoying her last summer before starting college. Skyler's family owned a lot on the resort and they were known for being one of the wealthiest families in the area. Despite her deep pockets and high social status, Skyler was very conservative with her money and did not see any reason for acting as if she was better than anyone else was. Skyler and Allie were complete opposites who met by chance. They were from two different worlds, but their desires for independence helped them to establish a friendship that would be stronger than any they had known before. Skyler stuck by Allie as she faced the demons of her past, while Allie helped Skyler to realize the life that she deserved to have. The Point was their getaway; it was where they found friendship, love, and the courage to break free.

Grime Kids DJ Target, 2019-07-23 For fans of Wiley, Dizzee Rascal and Stormzy, *Grime Kids* is the definitive inside story of Grime. 'An essential read for anyone with the slightest interest in the birth of Grime' *The Wire* 'Sharp and nostalgic' *The Observer* A group of kids in the 90s had a dream to make their voice heard - and this book documents their seminal impact on today's pop culture. DJ Target grew up in Bow under the shadow of Canary Wharf, with money looming close on the skyline. The 'Godfather of Grime' Wiley and Dizzee Rascal first met each other in his bedroom. They were all just grime kids on the block back then, and didn't realise they were to become pioneers of an international music revolution. A movement that permeates deep into British culture and beyond. Household names were borne out of those housing estates, and the music industry now jumps to the beat of their gritty reality rather than the tune of glossy aspiration. Grime has shaken the world and Target is revealing its explosive and expansive journey in full, using his own unique insight and drawing on the input of grime's greatest names. What readers are saying about *Grime Kids*: 'Fantastic depiction of the inception of a genre that has spanned the millennium' 'Brilliant insight in to grim music from one of the pioneers of the scene' 'This book really sums up the feeling of being a DJ perfectly'

Originally he planned to complete his Masters there, but discovers he is burned out on school and withdraws to find gainful employment. He feels independent and successful in his banking job and in the friendships he has developed. Then, after three years, his job goes sour, and his girlfriend chooses nursing school over him. Tragedy strikes in his hometown in Missouri, and Dale must attend the funeral of his best friend from high school who has left behind a young widow and son. On the flight, his seatmate engages him in conversation, and he learns of a good job opportunity he might qualify for, one that would be an hour from his hometown. Connecting with family and friends from childhood at the funeral influences his decision to pursue the job, and to make the move to be closer to his family. Within a short time, he finds himself back in Missouri to stay. The job he accepted as lead man in the mortgage and development firm takes a twist when his boss brings a family member into the company, which significantly changes Dale's duties and potential for advancement. In addition to Dale's uncomfortable situation at work, an unexpected rivalry with his younger brother arises over the woman he cares about and hopes to marry. While Dale struggles to find a personally satisfying solution for himself and still hold the family together, he finds a connection from Philly may hold the key to what he should have been reaching for all along.
