

# **Alhambra Palace In Granada Spain**

**Albert Frederick Calvert**

**Alhambra** Charles River Editors, 2017-04-27 \*Includes pictures \*Includes various contemporary accounts of Alhambra \*Includes online resources and a bibliography for further reading Give him alms, lady, for there is nothing in life as wretched as being blind in Granada. - Francisco Alarcon de Icaza, Mexican poet Tucked away on the crest of the Al-Sabika Hill in Granada of Andalusia, Spain, just left of the babbling stream of the Darro River, sits a majestic structure overlooking the charming city and mystical meadows of La Vega. This palatial fortress and the fabled Alhambra are one and the same. To those that have seen it in its full glory, this was heaven on earth itself. Many were quick to fall under the spell of its breathtaking beauty, with its admirers lovingly dubbing it a pearl set in emeralds. At one point in time, this place had been decked out with a network of captivating castles, heavenly homes and gorgeous gardens, and a handsome military fortress envied by the city's neighboring kingdoms. This was none other than Alhambra, once so enchanting that a countless number of those who visited the place in its heyday praised it as a true paradise on earth. Today, this historic complex has become the setting and inspiration for a host of books, music, movies, and other works of art and literature, such as Washington Irving's Tales of Alhambra, and Marcel L'Herbier's cinematic masterpiece, El Dorado. A main asteroid belt has even been named after the legendary place. The exquisite work of art continues to be beloved, so much so that a campaign in 2007 attracted an estimated 5,000 hopefuls to the site. There, the thousands laced their fingers together and formed a ring around the spectacular fortress stretching 1.5 miles long, in hopes of cementing the landmark's place among the New 7 Wonders of the World.

Astounding aesthetics aside, the rich tapestry of history that unfolded within the walls of the centuries-old palatial paradise is truly what makes Alhambra one of the classic, timeless gems in all of Europe. Alhambra: The History and Legacy of the Moors' Most Famous Palace in Spain offers a virtual tour of the palace and fortress, and it chronicles Alhambra's history and legacy, including the events that inspired, advanced, and stalled the complex's development throughout the years. Along with pictures of important people, places, and events, you will learn about Alhambra like never before.

**A Spanish Jewel:the Alhambra Palace** David Brown,2016-05-19 A visual guide to the Alhambra Palace in Granada, Spain.

*Tales of the Alhambra* Washington Irving,1849 Washington Irving (1783 – 1859) was an American short story writer, essayist, biographer, historian, and diplomat of the early 19th century. “Tales of the Alhambra” is a collection of essays, sketches and stories. The Alhambra is a palace located in Granada, in the south of Spain. The book consists of a collection of enchanting Spanish and Moorish legends, folktales, and myths about the palace and its surroundings, along with some more traditional travel narratives and observational essays about the country and its customs.

The Alhambra Washington Irving,2018-05-23 Reproduction of the original: The Alhambra by Washington Irving

**Tales of the Alhambra** Irving W., Washington Irving (1783 – 1859) was an American short story writer, essayist, biographer, historian, and diplomat of the early 19th century. “Tales of the Alhambra” is a collection of essays, sketches and stories. The Alhambra is a palace located in Granada, in the south of Spain. The book consists of a collection of

enchanting Spanish and Moorish legends, folktales, and myths about the palace and its surroundings, along with some more traditional travel narratives and observational essays about the country and its customs.

*Granada and the Alhambra* Albert Frederick Calvert, 1907

**Tales from the Alhambra** Washington Irving, 1910

**Tales of the Alhambra** Washington Irving, 2019-05-15 Upon his 1829 arrival in Granada, Spain, American author Washington Irving was immediately charmed by the city's beauty and picturesque qualities. While researching a book on the conquest of Granada, he gained access to the Alhambra Palace, which had fallen into disrepair after years of neglect. Irving became a guest at the ancient fortress, where he found himself in the company of several colorful inhabitants. During his sojourn, the writer became increasingly enamored of the grand palace and its wealth of history and folklore. The result is this captivating collection of essays, sketches, and tales. As Irving notes in his Preface, It was my endeavor scrupulously to depict its half Spanish, half Oriental character; its mixture of the heroic, the poetic, and the grotesque; to revive the traces of grace and beauty fast fading from its walls; to record the regal and chivalrous traditions concerning those who once trod its courts; and the whimsical and superstitious legends of the motley race now burrowing among its ruins. A must-read for modern-day visitors to the Alhambra, this edition presents a fascinating selection of Irving's observations and stories.

**The Alhambra** Robert Irwin, 2011-05-26 The Alhambra, the 'red fort' on its rocky hill above Granada with its fountained courts and gardens and intricate decoration has long

been a byword for exotic and melancholy beauty. In a stimulating new book in the 'Wonders of the World' series Robert Irwin, Arabist and novelist, examines its engrossing and often mysterious history. Built by a bloody and threatened dynasty of Muslim Spain, the Alhambra was preserved as a monument to the triumph of Christianity. Much of what we see is the invention of later generations. Its highly sophisticated decoration is not just random but full of hidden meaning. Even its purpose - palace or theological college - is not always clear. Its influence on art, and on literature, orientalist painting and Granada cinemas, Washington Irving and Borges, has been significant. Robert Irwin enables us to understand the Alhambra's history fully. 'The Wonders of the World' is a series of books that focuses on some of the world's most famous sites or monuments. Their names will be familiar to almost everyone: they have achieved iconic stature and are loaded with mythological baggage. These monuments have been the subject of many books over the centuries, but our aim, through the skill and stature of the writers, is to get something much more enlightening, stimulating, even controversial, than straightforward histories or guides.

*Tales of the Alhambra* Washington Irving, 1962 Selected for use in schools. With an introduction and explanatory notes.

Tales of the Alhambra Washington Irving, 2016-08-21 Rough draughts of some of the following tales and essays were actually written during a residence in the Alhambra; others were subsequently added, founded on notes and observations made there. Care was taken to maintain local coloring and verisimilitude; so that the whole might present a faithful and living picture of that microcosm, that singular little world into which I had

been fortuitously thrown; and about which the external world had a very imperfect idea. It was my endeavor scrupulously to depict its half Spanish, half Oriental character; its mixture of the heroic, the poetic, and the grotesque; to revive the traces of grace and beauty fast fading from its walls; to record the regal and chivalrous traditions concerning those who once trod its courts; and the whimsical and superstitious legends of the motley race now burrowing among its ruins.

The Alhambra Robert Irwin, 2011-05-31 Read the Bldg Blog interview with Mary Beard about the Wonders of the World series (Part I and Part II) The Alhambra has long been a byword for exotic and melancholy beauty. In his absorbing new book, Robert Irwin, Arabist and novelist, examines its history and allure. The Alhambra is the only Muslim palace to have survived since the Middle Ages. Built by a threatened dynasty of Muslim Spain, it was preserved as a monument to the triumph of Christianity. Every day thousands of tourists enter this magnificent site to be awestruck by its towers and courts, its fountained gardens, its honeycombed ceilings and intricate tile work. It is a complex full of mysteries--even its purpose is unclear. Its sophisticated ornamentation is not indiscriminate but full of hidden meaning. Its most impressive buildings were designed not by architects, but by philosophers and poets. The Alhambra, which resembles a fairy-tale palace, was constructed by slave labor in an era of economic decline, plague, and political violence. Its sumptuously appointed halls have lain witness to murder and mayhem. Yet its influence on art and on literature--including Orientalist painting and the architecture of cinemas, Washington Irving and Jorge Luis Borges--has been lasting and significant. As our guide to this architectural masterpiece, Robert Irwin allows us to fully understand the

impact of the Alhambra.

**From Granada to Berlin** Anna McSweeney, 2020-08-15 \* Comprehensive biography of the Alhambra cupola \* Includes extensive new research \* Part of the series CAHIM Connecting Art Histories in the Museum This book is the story of an extraordinary survivor from the Alhambra palace in Granada, Spain: the Alhambra cupola, now in the Museum of Islamic Art in Berlin. The cupola, a ceiling crafted from carved and painted wood, was made to crown an exquisite mirador in one of the earliest palace buildings of the Alhambra. The book is the cupola's biography from its medieval construction to its imminent redisplay in Berlin. It traces the long history of the Alhambra through the prism of the cupola, from the Muslim craftsmen who built it, to its adaptation by the Christian conquerors after the fall of Granada in 1492, to its creation as a heritage site. The cupola was sketched by artists from across Europe, before it was dismantled by a German financier and taken to Berlin in the 19th century. It witnessed the dramatic events of the 20th century in Germany and was eventually bought by the Museum in 1978. In recent decades, the new visibility of the cupola to the wider public has prompted questions about the object and its movement from Granada to Berlin. Its removal from the Alhambra and the complex reasons behind this loss are central to this biography. Setting the cupola within the wider context of Islamic heritage, it considers the role of collecting practices in the transformation of living monuments into heritage sites in the 20th century. This book presents a focused study of this unique object that cuts across academic disciplines and geographic boundaries to reveal a new perspective on the legacy of Islamic art in Europe and its continuing relevance today.

**Bruised Passports** Savi Munjal,Vidit Taneja,2022-02-20 As young kids, SAVI and VID, as they are popularly known to their followers, dreamt of travelling the world together. In 2013, they turned this dream into reality with the launch of their travel blog, BRUISED PASSPORTS. And now, countless flights, dreamy destinations and beautiful pictures later, the OG couple of travel has decided to reveal the secret of their carefree and footloose life. But this isn't just a book filled with dreamy stories of travel, people and culture; in these pages, Savi and Vid share their insights on how you, too, can live a life full of memories, adventure and the excitement of discovering a new place. With tips, plans and advice inspired by the hurdles and successes they have faced, Savi and Vid tell you how to be successful digital nomads in a post-pandemic world. From financial planning to, risk analysis, to taking that leap of faith, to how to create a brand of your own, BRUISED PASSPORTS promises to be a treasure trove for anyone who wants to take the plunge and set off on a journey to live life on their own terms.

Alhambra Michael Jacobs,2000 The Alhambra palace complex is situated above the town of Granada, on the steeper slopes of the Sierra Nevada in southern Spain. Islamic Spain was largely reconquered by the Christians in 1212, but Ibn Nasr, the founder of the Muslim Nasrid dynasty, held onto a small area of southern Spain and chose Granada as his capital. He mapped out the foundations of a new citadel known as the Alhambra. In this work, Michael Jacobs takes a look at this magical palace-fortress and the mythology that has grown up around it. The heart of the book is a tour of the palace and the adjoining gardens. The final chapters assess the literature, art and architecture inspired by this legendary place.

**The Alhambra** Washington Irving, 2021-01-11 The Red One is a palace and fortress complex located in Granada, Andalusia, Spain.
