*Black Magic* Chad Sanders, 2022-02-08 A “daring, urgent, and transformative” (Brené Brown, New York Times bestselling author of *Dare to Lead*) exploration of Black achievement in a white world based on honest, provocative, and moving interviews with Black leaders, scientists, artists, activists, and champions. “I remember the day I realized I couldn’t play a white guy as well as a white guy. It felt like a death sentence for my career.” When Chad Sanders landed his first job in lily-white Silicon Valley, he quickly concluded that to be successful at work meant playing a certain social game. Each meeting was drenched in white slang and the privileged talk of international travel or folk concerts in San Francisco, which led Chad to believe he needed to emulate whiteness to be successful. So Chad changed. He changed his wardrobe, his behavior, his speech—everything that connected him with his Black identity. And while he finally felt included, he felt awful. So he decided to give up the charade. He reverted to the methods he learned at the dinner table, or at the Black Baptist church where he’d been raised, or at the concrete basketball courts, barbershops, and summertime cookouts. And it paid off. Chad began to land more exciting projects. He earned the respect of his colleagues. Accounting for this turnaround, Chad believes, was something he calls Black Magic, namely resilience, creativity, and confidence forged in his experience navigating America as a Black man. Black Magic has emboldened his every step since, leading him to wonder: Was he alone in this discovery? Were there others who felt the same? In “pulverizing, educational, and inspirational” (Shea Serrano, #1 New York Times bestselling author of *Basketball (And Other Things)*) essays, Chad dives into his formative experiences to see if they might offer the possibility of discovering or honing this skill. He tests his theory by interviewing Black leaders across industries to get their take on Black Magic. The result is a revelatory and essential book. Black Magic explores Black experiences in predominantly white environments and demonstrates the risks of self-betrayal and the value of being yourself.

**Hybrid Actors** Thanassis Cambanis, Dina Esfandiary, Sima Ghaddar, Aron Lund, Michael Wahid Hanna, Renad Mansour, 2019-11-26 Influential armed groups continue to confound policymakers, diplomats, and analysts decades after their transformational arrival on the scene in the Middle East and North Africa. The most effective of these militias can most usefully be understood as hybrid actors, which simultaneously work through, with, and against the state. This joint report from The Century Foundation identifies the factors that make some hybrid actors persistent and successful, as measured by longevity, influence, and ability to project power militarily as well as politically. It finds that three factors correlate most closely with impact: constituent loyalty, resilient state relationships, and coherent ideology. The authors of this report examined cases in Lebanon, Syria, and Iraq, drawing on years of fieldwork, to distinguish hybrid actors, classic nonstate proxies, and aspirants to statehood—all of which merit different analytical and policy treatment. The report demonstrates the ways that groups can shift along a spectrum as they adapt to changing conditions.

**Who Do You Serve, Who Do You Protect?** Maya Schenwar,Joe Macaré,Alana Yu-lan Price,2016-05-30 Essays and reports examining the reality of police violence against Black and brown communities in America. What is the reality of policing in the United States? Do the police keep anyone safe and secure other than the very wealthy? How do recent police killings of young Black people in the United States fit into the historical and global context of anti-blackness? This collection of reports and essays (the first collaboration between Truthout and Haymarket Books) explores police violence against Black, brown, indigenous, and other marginalized communities, miscarriages of justice, and failures of token accountability and reform measures. It also makes a compelling and provocative argument against calling the police. Contributions cover a broad range of issues including the killing by police of Black men and women, police violence against Latino and indigenous communities, law enforcement's treatment of pregnant people and those with mental illness, and the impact of racist police violence on parenting. There are also specific stories such as a Detroit police conspiracy to slap murder convictions on young Black men using police informant, and the failure of Chicago's much-touted Independent Police Review Authority, the body supposedly responsible for investigating police misconduct. The title *Who Do You Serve, Who Do You Protect?* is no mere provocation: the book also explores alternatives for keeping communities safe. Contributors include William C. Anderson, Candice Bernd, Aaron Cantú, Thandi Chimurenga, Ejeris Dixon, Adam Hudson, Victoria Law, Mike Ludwig, Sarah Macaraeg, and Roberto Rodriguez. Praise for *Who Do You Serve, Who Do You Protect?* "With heartbreaking, glass-sharp prose, the book catalogs the abuse and destruction of Black, native, and trans bodies. And then, most importantly, it offers real-world solutions." —Chicago Review of Books "A must-read for anyone seeking to understand American culture in the present day." —Xica Nation "This brilliant collection of essays, written by activists, journalists, community organizers and survivors of state violence, urgently confronts the criminalization, police violence and anti-Black racism that is plaguing urban communities. It is one of the most important books to emerge about these critical issues: passionately written with a keen eye towards building a world free of the cruelty and violence of the carceral state." —Beth Richie, author of *Arrested Justice: Black Women, Violence, and America's Prison Nation*

**How to Change Your Mind** Michael Pollan,2019-05-14 Now on Netflix as a 4-part documentary series! "Pollan keeps you turning the pages . . . cleareyed and assured." —New York Times A #1 New York Times Bestseller, New York Times Book Review 10 Best Books of 2018, and New York Times Notable Book A brilliant and brave investigation into the medical and scientific revolution taking place around psychedelic drugs--and the spellbinding story of his own life-changing psychedelic experiences When Michael Pollan set out to research how LSD and psilocybin (the active ingredient in magic mushrooms) are being used to provide relief to people suffering from difficult-to-treat conditions such as depression, addiction and anxiety, he did not intend to write what is undoubtedly his most personal book. But upon discovering how these remarkable substances are improving the lives not only of the mentally ill but also of healthy people coming to grips with the challenges of everyday life, he decided to explore the landscape of the mind in the first person as well as the third. Thus began a singular adventure into various altered states of consciousness, along with a dive deep into both the latest brain science and the thriving underground community of psychedelic therapists. Pollan sifts the historical record to separate the truth about these mysterious drugs from the myths that have surrounded them since the 1960s, when a handful of psychedelic evangelists inadvertently catalyzed a powerful backlash against what was then a promising field of research. A unique and elegant blend of science, memoir, travel writing, history, and medicine, *How to Change Your Mind* is a triumph of participatory journalism. By turns dazzling and edifying, it is the gripping account of a journey to an exciting and unexpected new frontier in our understanding of

the mind, the self, and our place in the world. The true subject of Pollan's mental travelogue is not just psychedelic drugs but also the eternal puzzle of human consciousness and how, in a world that offers us both suffering and joy, we can do our best to be fully present and find meaning in our lives.

*Help Me* Katie Beers, Carolyn Gusoff, 2013 In December 1992, a nine-year-old girl was kidnapped and locked in a secret underground dungeon. She was chained by the neck in a coffin-shaped box. She was regularly raped. She thought she would die in that dank, dark hole. But, somehow, she survived to tell the tale. This is her story.

**Jittery White Guy Music** Marc Fagel, 2020-01-29 Every rock star seems to have a memoir these days. The first guitar; the drugs and debauchery; the rise, fall, and redemption. But what about the rest of us—the ordinary fans whose own lives were shaped by rock & roll? The passionate listeners who organize the moments of our lives around the albums that happened to be spinning at the time? Marc Fagel shares his own moments: from escaping pre-teen angst with the help of the Who, to spending his teen years buried in the darkest corners of used record stores, gorging on everything from Bowie to the Clash; from carving out his own musical identity in college courtesy of R.E.M. and the Replacements and a shoebox full of Grateful Dead tapes, to still finding room for occasional musical epiphanies as an indie rock-obsessed adult. Your own musical associations undoubtedly differ. But if you, too, have a story for every record that's touched your life; if you view every event as an excuse to throw together the perfect playlist; if you sometimes forget birthdays, but can recall the album that was playing that one night back in high school, hanging out in your friend's basement, dreaming about the future—then you'll see a little of yourself in these pages as well.

**Everybody's Favorite Book** Mike Allegra, 2018-10-30 A slyly fun picture book for kids and adults alike! Anyone who says, "You can't please everybody," isn't trying hard enough. At least, that's what the cheeky narrator of this meta picture book thinks!
