Aliens Land at Manchester Airport Lester Barr,2012-05 This is a story about an alien who stumbles on planet Earth and gets lost at Manchester Airport. Then there is a twist at the end. It has an optional extra chapter The Science Behind the Story. This asks questions like, Could intelligent life forms evolve on planets other than our own? Could they travel through time? Do the discoveries of science mean that there can't possibly be a God? This book can be enjoyed at two levels: as a children's story and as a thoughtful but light-hearted contribution to the debate around science, atheism, and faith. We hope you enjoy them both.

Strange Craft: The True Story of an Air Force Intelligence Officer's Life with UFOs John L. Guerra,2018-12-19 U.S. Air Force Major George Filer belongs to the generation of pilots and airmen who first became aware of the strange aircraft showing up in the Earth's atmosphere after World War II. These men - military professionals who flew planes, commanded ships, served as radar operators and air traffic controllers at air fields around the world - began to whisper amongst themselves about encounters with suspected extraterrestrial aircraft. During secret debriefings at U.S. bases, pilots and air crew told their commanders of seeing strange lights at night and in the daylight, groups of saucer- or cigar-shaped craft that easily paced them just a few yards off their plane's wingtip. Award-winning investigative reporter John Guerra spent four years interviewing Filer, a decorated intelligence officer. From objects in the skies over Cold War Europe to a UFO overflight during the Cuban Missile Crisis to strange lights over the DMZ during the Tet Offensive, Filer leaves nothing out about his Air Force UFO encounters, providing Guerra all the amazing details of his six decades investigating extraterrestrials and their craft. Filer's most memorable case - the shooting of an alien at Fort Dix Army Base in 1978 - is fully recounted for the first time in this book. Filer - who readers have seen on countless UFO documentaries - is also a member of the Disclosure Project, the famous panel of military experts, astronauts, and scientists that urges the U.S. government to release all it knows about UFOs to the public. Then, in the fall of 2017, the Pentagon released the F-18 gun camera footage of what can only be described as an extraterrestrial vehicle outperforming U.S. Navy fighters off San Diego. For the first time, after decades of denying what its intelligence officers, pilots, base commanders and air traffic control personnel know to be true, the military finally admitted to what Filer describes in this incredible book.

Crash at Corona Don Berliner, Stanton T. Friedman, 2004-05-01 Aviation /science writer Don Berliner and nuclear physicist Stanton Friedman, the original civilian investigator of the so-called Roswell incident, have delved into the controversy to find the truth. They sifted through once-classified government documents, interviewed military and civilian witnesses, pieced together evidence, considered alternative theories, and concluded that a UFO crashed near Corona -- and the U.S. government knew it and covered it up.

Roswell Report James McAndrew, U. S. Air Force, 2011 Originally published by the United States Force in 1997.

The Flying Saucers are Real Donald E. Keyhoe, 2022-05-28 The Flying Saucers Are Real by Donald Keyhoe, printed in 1950, is one of the first books investigating numerous encounters between the United States Air Force fighters, personnel, and other aircraft and UFOs between 1947 and 1950. The author contended that the Air Force was investigating these cases of close encounters, with a policy of concealing. Keyhoe also said that Earth had been visited by extraterrestrials for two centuries, with the frequency of these visits increasing sharply after the first atomic weapon test in 1945.

Fifty Shades of Greys Raymond Szymanski, 2016-01-29 An adventure story, a guidebook, and a hilarious and insightful exploration of some of the world's greatest UFO encounters. The author, a former Wright-Patterson engineer has done something amazing here, travelling to each encounter site firsthand, visiting with witnesses and investigators and uncovering new truths. Filled with exclusive photos, profound insights and lots of laughs, a valuable addition to the UFO literature.

US Air Force Secret Space Program Michael Salla, 2019-05-21 The US Air Force is experiencing a profound shift! In order to aggregate the military's major space assets under one authority, they are being moved into a new branch under the purview of the Air Force. This new branch is to be called Space Force. The true purpose of Space Force will be to publicly unveil the most well-guarded secrets in the Air Force's stunning arsenal of exotic spacecraft, unconventional weapons and mind-blowing technologies assembled over the more than seventy years since its official emergence in 1947. This book lays out the history of the Air Force Secret Space Program: Ushering in a new era with the recovery of several extraterrestrial craft in the 1940's. Secret agreements with a breakaway German colony in Antarctica (the Fourth Reich) & different extraterrestrial groups in the 1950's. Its complicity in the German infiltration of NASA & the Military-Industrial Complex in the 1960's. Development of stealth space stations beginning from the 1970's. Deployment of squadrons of disk, triangle and rectangular-shaped craft in the 1980's & 1990's. After its 2016 discovery that it had been deceived by the Deep State and their shadowy Fourth Reich allies, Air Force leaders made the momentous decision to shift alliances and realigned their covert space program with human-looking extraterrestrials. This has led to bold steps being taken by the Air Force to reveal the existence of its arsenal of spacecraft to the US public.

Alien Contact John Scott Chace, 2018-12-09 Alien Contact UFOs In European and Asian AirSpace Other than South and Central America, no other place on earth has witnessed the high level of interaction between Extraterrestrial ships, human jets, and passenger planes. These heavily documented UFO cases are no longer a fantasy, but fact and the rest of the world are taking notice. In this 280 page book, we cover declassified files and newspaper articles for Switzerland, Sweden, Germany, Denmark, Austria, Scotland, Ireland, France, Italy, Romania, Russia, Finland, and Holland and Asia. It doesn't help the U.S., British and other foreign government have continued to debunk the UFO phenomenon for 70 years, despite; 1. The Pentagon releasing UFO footage taken from F-18 gun camera of US Jets chasing a craft beyond human technology; 2. Thousands of retired military officers, police officers, commercial and military pilots from around the world and Astronauts are now confirming it's all true; 3. Astronomers have confirmed they have photographed them; 4. Millions of citizens in the United States, Britain, Brazil, Russia and other corners of the earth have witnessed them and in many cases have had face to face interaction with these beings. The fact is UFOs, and their occupants are Real, they are not a belief system as these ships are hard evidence. About the Author John Scott Chace, a business executive, has his Masters in Christian Counseling (MSCC). John is the author of twelve other books on UFOs including UFOs In U.S. AIRSPACE. He is the son of Colonel Chaplain Alston R. Chace (USAF Retired) and Beverly A. Morse. A Christian and military brat, John lived on many of the U.S. Air Force bases where UFO incidents took place In Scotland and England (UK) and the U.S. John became a witness to his own UFO sightings in Connecticut from 2011 to 2013. He then became a researcher, and historian to educate the public on

the UFO reality and paradigm shift needed to understand this worldwide phenomenon.

MJ-12 and the Riddle of Hangar 18 Timothy Green Beckley, 2003-04-01 Here are classified documents never seen by the public previously...In the early 1980s, a mysterious brown envelope arrived at the home of a respected Hollywood producer who had previously been in touch with anonymous government agents offering to share research and dialogue on the nature of beings they termed EBEs (Extraterrestrial Biological Entities). The package consisted of canisters of unprocessed film which turned out to be covert photos of a variety of documents - the Majestic 12 papers - so highly classified that those who had procured them would surely have been 'eliminated' if their identities had ever been discovered. Recently, new MJ-12 documents surfaced which may tell us even more about the government's secret program to deal with the alien presence beginning with the crash of several 'mystery discs' in the Southwest in the late 1940s, and the recovery of alien beings taken to Hangar 18 inside Wright-Patterson Air Force Base in Dayton, Ohio. Shocking disclosures include: links between the Kennedy assassination and a series of other murders intended to maintain UFO secrecy; a list of scientists and consultants who worked with the legendary majestic 12 is provided, proving that the tentacles of the cover up reaches much further than was previously known; the existence of a secret government organisation called the interplanetary phenomenon unit is brought into the open, and admitted by the air force. Besides previewing dozens of what are said to be 'highly classified' documents, there are also interviews with newly discovered witnesses and discussions of various alleged UFO crashes - including a space craft that is said to have come down in Central Park back in the 1960s. If true, these documents may be the 'smoking gun' that will eventually prove WE ARE NOT ALONE IN THE UNIVERSE. The information in this book, may be too much for some readers to handle

United States Code: Title 8: Aliens and nationality to Title 10: Armed forces [sections] 101-1414 ,2013 Preface 2012 edition: The United States Code is the official codification of the general and permanent laws of the United States. The Code was first published in 1926, and a new edition of the code has been published every six years since 1934. The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress, Second session, the last of which was signed by the President on January 15, 2013. It does not include laws of the One Hundred Thirteenth Congress, First session, enacted between January 3, 2013, the date it convened, and January 15, 2013. By statutory authority this edition may be cited U.S.C. 2012 ed. As adopted in 1926, the Code established prima facie the general and permanent laws of the United States. The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any discrepancy. In 1947, Congress began enacting individual titles of the Code into positive law. When a title is enacted into positive law, the underlying statutes are repealed and the title then becomes legal evidence of the law. Currently, 26 of the 51 titles in the Code have been so enacted. These are identified in the table of titles near the beginning of each volume. The Law Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 USC 285b to enact the remainder of the Code, on a title-by-title basis, into positive law. The 2012 edition of the Code was prepared and published under the supervision of Ralph V. Seep, Law Revision Counsel. Grateful acknowledgment is made of the contributions by all who helped in this work, particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office. -- John. A. Boehner, Speaker of the House of Representatives, Washington, D.C., January 15, 2013--Page VII.

The Roswell Report James McAndrew, 1997 In July 1994, at the request of the Government Accounting Office, the U.S. Air Force completed a thousand-page report to explain the events that transpired in and near Roswell in the summer of 1947. The Roswell Report: Case Closed is the follow up to that report and contains additional materials and analysis intended to reach a complete, open, and final explanation of the events that occurred in the Southwest many years ago. While this explanation may not be as titillating as tales of unearthly craft and creatures, it is a fascinating story nonetheless.

Earth: An Alien Enterprise Timothy Good, 2013-11-05 A worldwide history of alien contact from one of the most respected authorities on the phenomenon: "A bible for UFO watchers" (The Wall Street Journal). This fascinating new volume tells the story of contact between aliens and humans from all across the globe, dating back to 1932, including meetings with military personnel and American presidents such as Eisenhower and Kennedy. For the first time, a former member of MI6 reveals her conversation with Neil Armstrong at a NASA conference, when she confirmed that there were "other" spacecraft on the moon when Apollo 11 landed in 1969. Armstrong also confirmed that the CIA was behind the cover-up. In a further admission in December 2012, Russian Prime Minister Dmitry Medvedev revealed "the president of Russia is given a special top secret folder [that] in its entirety contains information about aliens who have visited our planet. Along with this, the president is given a report of the Special Service that exercises control over aliens in our country. I will not tell you how many of them are among us because it may cause panic."

Aliens from Above Michael J. Orrell, 2017-05-31 Based on the true story of how the author, in July of 1990, stumbled upon the key to unlock the UFO and Nazca Line mysteries. While hiking with two friends in the San Diego backwoods, amateur photographer Mike Orrell accidentally photographed 10 daylight UFOs in a single 35mm frame. Even before experts would authenticate the 10 objects as unidentifiable & opaque, Orrell had discovered a pattern in the enlargement of one of the single UFOs that matched numerous other UFO photos that had the same pattern. It was a visit to a popular book store soon after where Orrell hit a gold mine when he found the same projecting triangular shape in countless ancient artifacts and on the desert floor in Nazca, Peru. This groundbreaking event represents the best evidence for aliens and UFOs ever discovered and has been featured on the front page of San Diego's largest regional newspaper, The San Diego Union Tribune as well as every newspaper in San Diego. Mike Orrell's 2006 CBS interview on affiliate KFMB Channel 8 won first place at the 2014 4th Annual UFO Film Festival in McMinnville, Oregon. His story was featured for an entire year at the 2011 Science of Aliens exhibit at the San Diego Air & Space Museum as real evidence for the possibility of alien life. Orrell has given two presentations to Russian delegations and was honored to have the famous Russian test pilot Marian Popovich, hold up his now famous Inaja UFO Photo during her interview on ABC affiliate Channel 10. The book starts out with a short fictional tale of a native Indian warrior named Whakan who was abducted by aliens hundreds of years ago and who taught the young warrior the truth about the separate reality that was available to all humans. Whakan would later help the emissaries design a giant man/ape face that actually exists on El Cajon Mountain. Mike Orrell's book *Aliens From Above*; *The Last in Line* contains dozen of photographs that back up his claim that this is the disclosure that mankind has been waiting for and will ultimately lead to interplanetary contact and trade...Unsettling-Los Angeles Times
