United States Code: Title 8: Aliens and nationality to Title 10: Armed forces [sections] 101-1414 ,2013 Preface 2012 edition: The United States Code is the official codification of the general and permanent laws of the United States. The Code was first published in 1926, and a new edition of the code has been published every six years since 1934. The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress, Second session, the last of which was signed by the President on January 15, 2013. It does not include laws of the One Hundred Thirteenth Congress, First session, enacted between January 3, 2013, the date it convened, and January 15, 2013. By statutory authority this edition may be cited U.S.C. 2012 ed. As adopted in 1926, the Code established prima facie the general and permanent laws of the United States. The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any discrepancy. In 1947, Congress began enacting individual titles of the Code into positive law. When a title is enacted into positive law, the underlying statutes are repealed and the title then becomes legal evidence of the law. Currently, 26 of the 51 titles in the Code have been so enacted. These are identified in the table of titles near the beginning of each volume. The Law Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 USC 285b to enact the remainder of the Code, on a title-by-title basis, into positive law. The 2012 edition of the Code was prepared and published under the supervision of Ralph V. Seep, Law Revision Counsel. Grateful acknowledgment is made of the contributions by all who helped in this work, particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office. -- John. A. Boehner, Speaker of the House of Representatives, Washington, D.C., January 15, 2013--Page VII.

Earth Defense Force Ketzal Sterling,2024-03-25 Human's have long dreamt of first contact with an intelligent alien species. Will our species align? No. They're here to kill us. Two genetically modified super soldiers, Riley and Davin, barely survive their first encounter with the Dace. The terrifying alien force consumes their desolate homeworld. Sure, it's a barren wasteland, but it's home. At least, it was. The whole galaxy is next. Aboard an AI attack ship, with a fugitive war criminal and a highly-illegal synthetic being, they careen through the galaxy fighting for their lives, guided by a glitchy and distant... ally? The fate of the universe depends on their success. There is no plan B. They are the Earth Defense Force.

Earth Defense Force Michael Leach,2006-05 As the people of Earth take the next step in technological advances and establish an intergalactic communication, they find themselves in a galaxy much larger than they could have imagined. They are, in fact, invited to join as the newest member of a Galactic Republic. Members of the team that brought about this new era, however, have also been warned about the Republic's intentions. With some help from the free people of the Galaxy they form a force to fight against the threat, for the freedom of all beings, human and alien. Will they succeed? Or will the

Republic have its way on Earth through the control of its leaders?

Defenseless Under the Night Matthew Dallek,2016-06-02 In his 1933 inaugural address, Franklin D. Roosevelt declared that the only thing we have to fear is fear itself. Yet even before Pearl Harbor, Americans feared foreign invasions, air attacks, biological weapons, and, conversely, the prospect of a dictatorship being established in the United States. To protect Americans from foreign and domestic threats, Roosevelt warned Americans that the world has grown so small and eventually established the precursor to the Department of Homeland Security - an Office of Civilian Defense (OCD). At its head, Roosevelt appointed New York Mayor Fiorello La Guardia; First Lady Eleanor Roosevelt became assistant director. Yet within a year, amid competing visions and clashing ideologies of wartime liberalism, a frustrated FDR pressured both to resign. In *Defenseless Under the Night*, Matthew Dallek reveals the dramatic history behind America's first federal office of homeland security, tracing the debate about the origins of national vulnerability to the rise of fascist threats during the Roosevelt years. While La Guardia focused on preparing the country against foreign attack and militarizing the civilian population, Eleanor Roosevelt insisted that the OCD should primarily focus on establishing a wartime New Deal, what she and her allies called social defense. Unable to reconcile their visions, both were forced to leave the OCD in 1942. Their replacement, James Landis, would go on to recruit over ten million volunteers to participate in civilian defense, ultimately creating the largest volunteer program in World War II America. Through the history of the OCD, Dallek examines constitutional questions about civil liberties, the role and power of government propaganda, the depth of militarization of civilian life, the quest for a wartime New Deal, and competing liberal visions for American national defense - questions that are still relevant today. The result is a gripping account of the origins of national security, which will interest anyone with a passion for modern American political history and the history of homeland defense.
