Linnea Sinclair

The Darwin Elevator Jason M. Hough, 2013-07-30 NEW YORK TIMES BESTSELLER
Jason M. Hough's pulse-pounding debut combines the drama, swagger, and vivid characters of Joss Whedon's *Firefly* with the talent of sci-fi author John Scalzi. In the mid-23rd century, Darwin, Australia, stands as the last human city on Earth. The world has succumbed to an alien plague, with most of the population transformed into mindless, savage creatures. The planet's refugees flock to Darwin, where a space elevator—created by the architects of this apocalypse, the Builders—emits a plague-suppressing aura. Skyler Luiken has a rare immunity to the plague. Backed by an international crew of fellow "immunes," he leads missions into the dangerous wasteland beyond the aura's edge to find the resources Darwin needs to stave off collapse. But when the Elevator starts to malfunction, Skyler is tapped—along with the brilliant scientist, Dr. Tania Sharma—to solve the mystery of the failing alien technology and save the ragged remnants of humanity. Praise for *The Darwin Elevator* "A hell of a fun book."—James S. A. Corey, *New York Times* bestselling author of *Abaddon's Gate* "[Jason M.] Hough's first novel combines the rapid-fire action and memorable characters associated with Joss Whedon's short-lived *Firefly* TV series with the accessibility and scientific acumen of [James S. A.] Corey's 'Expanse' series."—*Library Journal* (starred review) "The best part about alien stories is their mystery, and Jason Hough understands that like no other. Full of compelling characters and thick with tension, *The Darwin Elevator* delivers both despair and hope along with a gigantic dose of wonder. It's a brilliant debut, and Hough can take my money whenever he writes anything from now on."—Kevin Hearne, *New York Times* bestselling author of *The Iron Druid Chronicles* "Newcomer Hough displays a talent for imaginative plotting and realistic dialogue, and the brisk pacing and cliffhanger ending will keep readers enthralled and eagerly awaiting the next installment."—*Publishers Weekly* "Jason M. Hough does a great job with this huge story. The world of Darwin and the Elevator is deliciously complex and satisfying. Skyler, Tania, and all the other characters are delightfully drawn and fun to spend time with. . . . The story unfolds with just the right balance of high adventure, espionage, humor, and emotional truth. . . . As soon as you finish, you'll want more."—*Analog* "A debut novel unlike any other . . . This is something special. Something iconic. *The Darwin Elevator* is full of majesty and wonder, mystery and mayhem, colorful characters and insidious schemes."—*SF Signal* "Fun, action-packed and entertaining . . . a sure contender for science fiction debut of the year!"—*Pat's Fantasy Hotlist* "Claustrophobic, intense, and satisfying . . . I couldn't put this book down. *The Darwin Elevator* depicts a terrifying world, suspends it from a delicate thread, and forces you to read with held breath as you anticipate the inevitable fall."—Hugh Howey, *New York Times* bestselling author of *Wool*

The Down Home Zombie Blues Linnea Sinclair, 2007-11-27 In this steamy, suspenseful new novel from RITA Award-winning author Linnea Sinclair, a dangerously sexy space commander and an irresistibly earthy Florida police detective pair up to save the civilized galaxy . . . but can they save themselves from each other? Bahia Vista homicide detective Theo Petrakos thought he'd seen it all. Then a mummified corpse and a room full of futuristic hardware sends Guardian Force commander Jorie Mikkalah into his life. Before the night's through, he's become her unofficial partner—and official prisoner—in a race to save the earth. And that's only the start of

his troubles. Jorie's mission is to stop a deadly infestation of biomechanical organisms from using Earth as its breeding ground. If she succeeds, she could save a world and win a captaincy. But she'll need Theo's help, even if their unlikely partnership does threaten to set off an intergalactic incident. Because if she fails, she'll lose not just a planet and a promotion, but a man who's become far more important to her than she cares to admit. From the Paperback edition.

World War Z Max Brooks, 2013 An account of the decade-long conflict between humankind and hordes of the predatory undead is told from the perspective of dozens of survivors who describe in their own words the epic human battle for survival, in a novel that is the basis for the June 2013 film starring Brad Pitt. Reissue. Movie Tie-In.

The Zombie Survival Guide Max Brooks, 2003-09-16 From the author of the #1 New York Times bestseller, *World War Z*, *The Zombie Survival Guide* is your key to survival against the hordes of undead who may be stalking you right now. Fully illustrated and exhaustively comprehensive, this book covers everything you need to know, including how to understand zombie physiology and behavior, the most effective defense tactics and weaponry, ways to outfit your home for a long siege, and how to survive and adapt in any territory or terrain. Top 10 Lessons for Surviving a Zombie Attack 1. Organize before they rise! 2. They feel no fear, why should you? 3. Use your head: cut off theirs. 4. Blades don't need reloading. 5. Ideal protection = tight clothes, short hair. 6. Get up the staircase, then destroy it. 7. Get out of the car, get onto the bike. 8. Keep moving, keep low, keep quiet, keep alert! 9. No place is safe, only safer. 10. The zombie may be gone, but the threat lives on. Don't be carefree and foolish with your most precious asset—life. This book is your key to survival against the hordes of undead who may be stalking you right now without your even knowing it. *The Zombie Survival Guide* offers complete protection through trusted, proven tips for safeguarding yourself and your loved ones against the living dead. It is a book that can save your life.

The Dark Forest Cixin Liu, 2015-08-11 The inspiration for the Netflix series *3 Body Problem*! Over 1 million copies of the *Three-Body Problem* series sold in North America PRAISE FOR THE THREE-BODY PROBLEM SERIES: "A mind-bending epic."—The New York Times • "War of the Worlds for the 21st century."—The Wall Street Journal • "Fascinating."—TIME • "Extraordinary."—The New Yorker • "Wildly imaginative."—Barack Obama • "Provocative."—Slate • "A breakthrough book."—George R. R. Martin • "Impossible to put down."—GQ • "Absolutely mind-unfolding."—NPR • "You should be reading Liu Cixin."—The Washington Post *The Dark Forest* is the second novel in the groundbreaking, Hugo Award-winning series from China's most beloved science fiction author, Cixin Liu. In *The Dark Forest*, Earth is reeling from the revelation of a coming alien invasion—in just four centuries' time. The aliens' human collaborators may have been defeated, but the presence of the sophons, the subatomic particles that allow Trisolaris instant access to all human information, means that Earth's defense plans are totally exposed to the enemy. Only the human mind remains a secret. This is the motivation for the Wallfacer Project, a daring plan that grants four men enormous resources to design secret strategies, hidden through deceit and misdirection from Earth and Trisolaris alike. Three of the Wallfacers are influential statesmen and scientists, but the fourth is a total unknown. Luo Ji, an unambitious Chinese astronomer and sociologist, is baffled by his new status. All he knows is that he's the one Wallfacer that

Trisolaris wants dead. The Three-Body Problem Series The Three-Body Problem The Dark Forest Death's End Other Books by Cixin Liu Ball Lightning Supernova Era To Hold Up the Sky The Wandering Earth A View from the Stars At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

What Video Games Have to Teach Us About Learning and Literacy. Second Edition James Paul Gee, 2014-12-02 James Paul Gee begins his classic book with I want to talk about video games--yes, even violent video games--and say some positive things about them. With this simple but explosive statement, one of America's most well-respected educators looks seriously at the good that can come from playing video games. In this revised edition of *What Video Games Have to Teach Us About Learning and Literacy*, new games like *World of Warcraft* and *Half Life 2* are evaluated and theories of cognitive development are expanded. Gee looks at major cognitive activities including how individuals develop a sense of identity, how we grasp meaning, how we evaluate and follow a command, pick a role model, and perceive the world.

Singularity Sky Charles Stross, 2004-06-29 In a technologically suppressed future, information demands to be free in the debut novel from Hugo Award-winning author Charlie Stross. In the twenty-first century, life as we know it changed. Faster-than-light travel was perfected, and the Eschaton, a superhuman artificial intelligence, was born. Four hundred years later, the far-flung colonies that arose as a result of these events--scattered over three thousand years of time and a thousand parsecs of space--are beginning to rediscover their origins. The New Republic is one such colony. It has existed for centuries in self-imposed isolation, rejecting all but the most basic technology. Now, under attack by a devastating information plague, the colony must reach out to Earth for help. A battle fleet is dispatched, streaking across the stars to the rescue. But things are not what they seem--secret agendas and ulterior motives abound, both aboard the ship and on the ground. And watching over it all is the Eschaton, which has its own very definite ideas about the outcome...

Death Troopers Joe Schreiber, 2010-10 A horror tale set in the Star Wars universe follows the harrowing experiences of the crew of an Imperial prison barge that scavenges an abandoned Star Destroyer when their own ship breaks down, a mission after which surviving team members bring back a lethal infection. Reprint. A best-selling book.

Machinations of the Space Princess (Monochrome) James Desborough, 2018-06-29 *Machinations of the Space Princess* is a Science-Fantasy role-playing game. That means it's very much about style over substance, mixing science-fiction, magic and psionics in a game world that owes much more to *Metal Hurlant* and *Star Wars* than it does to 2001 or Bova's *Grand Tour*. This is a game of strangeness and fun, of space pirates and beautiful alien princesses, of living planets and robot hordes, of blasters at noon. This is... Sexy, sleazy, swords and sci-fi! A full game combining old and new school thinking, packed with GM and player advice and with simple tools for creating your own monsters, adversaries, weapons, armour, ships and alien races.

Blindsight Peter Watts, 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a

faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Feed Mira Grant, 2010-05-01 Feed is an electrifying and critically acclaimed novel of a world a half-step from our own that the New York Times calls “Astonishing” – a novel of zombies, geeks, politics, social media, and the virus that runs through them all – from New York Times bestseller Mira Grant. The year was 2014. We had cured cancer. We had beat the common cold. But in doing so we created something new, something terrible that no one could stop. The infection spread, virus blocks taking over bodies and minds with one, unstoppable command: FEED. Now, twenty years after the Rising, Georgia and Shaun Mason are on the trail of the biggest story of their lives—the dark conspiracy behind the infected. The truth will out, even if it kills them. More from Mira Grant: Newsflesh Feed Deadline Blackout Feedback Rise Praise for Feed: I can't wait for the next book.—N.K. Jemisin It's a novel with as much brains as heart, and both are filling and delicious.—The A. V. Club Gripping, thrilling, and brutal... McGuire has crafted a masterpiece of suspense with engaging, appealing characters who conduct a soul-shredding examination of what's true and what's reported.—Publishers Weekly (Starred Review) “Feed is a proper thriller with zombies.” —SFX

The Wretched of the Earth Frantz Fanon, 2007-12-01 The sixtieth anniversary edition of Frantz Fanon's landmark text, now with a new introduction by Cornel West First published in 1961, and reissued in this sixtieth anniversary edition with a powerful new introduction by Cornel West, Frantz Fanon's The Wretched of the Earth is a masterful and timeless interrogation of race, colonialism, psychological trauma, and revolutionary struggle, and a continuing influence on movements from Black Lives Matter to decolonization. A landmark text for revolutionaries and activists, The Wretched of the Earth is an eternal touchstone for civil rights, anti-colonialism, psychiatric studies, and Black consciousness movements around the world. Alongside Cornel West's introduction, the book features critical essays by Jean-Paul Sartre and Homi K. Bhabha. This sixtieth anniversary edition of Fanon's most famous text stands proudly alongside such pillars of anti-colonialism and anti-racism as Edward Said's Orientalism and The Autobiography of Malcolm X.

Best iPhone Apps Josh Clark, 2009-06-30 Presents a guide to the apps that are available for the iPhone and iPod Touch.

PC/Computing , 1993

The Killing Star Charles Pellegrino, George Zebrowski, 2024-01-23 A near-

future thriller of a devastating alien invasion from the paleontologist who inspired Jurassic Park and the award-winning science fiction author. There were always those who disagreed with broadcasting signals into the deepest reaches of outer space, because our mere existence could be taken as a threat. They were right to be concerned . . . In the spring of 2076, just days short of America's tricentennial celebrations, every inhabited surface in the solar system gets wiped out by a catastrophic storm of relativistic bombs, flaming swords that pierced the sky. The only two survivors left on Earth exist in a submersible that had been exploring the Titanic's final resting place on the bottom of the North Atlantic. In space, only the settlers in small, asteroid-based colonies have gone unnoticed by the aliens—for now. But any sign of life, any call for help, might bring the Intruders straight to them. These far-flung survivors are now on their own, stalked by a ruthless, faceless enemy straight out of the nightmares of humanity's greatest minds—those lone voices whose warnings went ignored. "[A] novel of such conceptual ferocity and scientific plausibility that it amounts to a reinvention of that old Wellsian staple, [alien invasion]." —The New York Times Book Review "Relentless . . . The ultimate disaster novel . . . A thought-experiment and warning." —The Denver Post "A whirlwind of ideas . . . full of action and danger . . . Pellegrino and Zebrowski are working territory not too far removed from Arthur C. Clarke's, and anywhere Clarke is popular, this book should be, too." —Booklist

No Logo Naomi Klein, 2000-01-15 What corporations fear most are consumers who ask questions. Naomi Klein offers us the arguments with which to take on the superbrands. Billy Bragg from the bookjacket.

GURPS Myth Gene Seabolt, 1999-12 -- Based on the best-selling MYTH computer games from Bungie Software! -- A gripping add-on for anyone who enjoys Myth, whether he plays GURPS or not. -- Includes guidelines for using the computer game's world-generation software for GURPS simulation.

Incident at Devils Den: A True Story, by Terry Lovelace, Esq Terry Lovelace, 2018-03-10 A true story of the 1977 alien abduction as told by a former Assistant Attorney General and USAF veteran. He and a friend were taken while remote camping in an Arkansas State Park. Includes the 2012 x-rays of an alien implant discovered on a routine x-ray. It was the catalyst to tell the story he had to retire before he could tell.

The Sons of Sora Paul Tassi, 2016-01-19 Set sixteen years after the events of *The Exiled Earthborn*, this explosive conclusion of the *Earthborn* trilogy tells the story of two brothers, the sons of Lucas and Asha, tasked with surviving the Xalan war to ensure the continued existence of the human race. Noah, an orphan from Earth's last days who, as a child, was smuggled to safety across the stars, is now nearly a man and a leader to the young enclave of *Earthborn* who reside on Sora. When the tranquility of their settlement is shattered by a shocking assassination attempt, Noah turns to his combative younger brother Erik, Lucas and Asha's only child by blood, for aid. Their journey takes them to the remnants of a dead planet, an outlaw-infested space station, and back to Sora, whose inhabitants are bracing for a final showdown with the bloodthirsty Xalans. They find themselves facing a new evil: the omnipotent Archon, who is somehow controlling the whole of the Xalan horde, and his bloodthirsty lieutenant, the Black Corsair, who has an unmatched taste for brutality. The Archon, so-called God of the Shadows, has unearthed knowledge that could wipe both Sorans and humans alike from the

face of existence. The descendants of the Earthborn must uncover the true nature of the Archon and the Xalans before he burns everything they know and love to ashes. Skyhorse Publishing, under our Night Shade and Talos imprints, is proud to publish a broad range of titles for readers interested in science fiction (space opera, time travel, hard SF, alien invasion, near-future dystopia), fantasy (grimdark, sword and sorcery, contemporary urban fantasy, steampunk, alternative history), and horror (zombies, vampires, and the occult and supernatural), and much more. While not every title we publish becomes a New York Times bestseller, a national bestseller, or a Hugo or Nebula award-winner, we are committed to publishing quality books from a diverse group of authors.

Zombies and Zinfandels Scott Hughey, 2018-04-21 Meet the most unlikely person to survive a zombie apocalypse. David Hall is a 30-year-old, divorced, self-proclaimed wine connoisseur. He has no business venturing into a world of flesh-hungry monsters. But when a phone call from his diabetic sister gets disconnected, he knows he's the only one who can provide her the care she needs. Seeking help from his gun-toting, survivalist brother-in-law, and his ex-wife, David must make a dangerous journey across the city of Asheville. But the real danger isn't the zombies he'll have to face, or the threat of certain death; it's what kind of man he'll become if he survives the trip. This Zombie Apocalypse Comedy is Douglas Adams meets Max Brooks. Buy now to sink your teeth into this hilarious adventure.
