Why Do Only White People Get Abducted by Aliens? Ilana Garon,2013-09-01 According to Ilana Garon, popular books and movies are inundated with the myth of the “hero teacher”—the one who charges headfirst into dysfunctional inner city schools like a firefighter into an inferno, bringing the student victims to safety through a combination of charisma and innate righteousness. The students are then “saved” by the teacher's idealism, empathy, and willingness to put faith in kids who have been given up on by society as a whole.“Why Do Only White People Get Abducted by Aliens?” is not that type of book. In this book, Garon reveals the sometimes humorous, oftentimes frustrating, and occasionally horrifying truths that accompany the experience of teaching at a public high school in the Bronx today. The overcrowded classrooms, lack of textbooks, and abundance of mice, cockroaches, and drugs weren't the only challenges Garon faced during her first four years as a teacher. Every day, she'd interact with students such as Kayron, Carlos, Felicia, Jonah, Elizabeth, and Tonya—students dealing with real-life addictions, miscarriages, stints in “juvie,” abusive relationships, turf wars, and gang violence. These students also brought with them big dreams and uncommon insight—and challenged everything Garon thought she knew about education. In response, Garon—a naive, suburban girl with a curly ponytail, freckles, and Harry Potter glasses—opened her eyes, rolled up her sleeves, and learned to distinguish between mitigated failure and qualified success. In this book, Garon explains how she learned that being a new teacher was about trial by fire, making mistakes, learning from the very students she was teaching, and occasionally admitting that she may not have answers to their thought-provoking (and amusing) questions.

When he gets to school, no one seems to notice anything strange or different about him except Harris, a kid obsessed with science fiction and aliens. Harris sees Zeke doing extraordinary things but can't convince anyone, least of all his best friend, Roxy, that Zeke might be an alien. Roxy just thinks Harris is jealous that she's becoming friends with Zeke. But when Roxy invites Zeke over to Harris's house, will Harris find a way to prove that he's right?
