Buford, the man with no eyes, operated a sidewalk newspaper stand. Buford is a very intelligent, sensitive man who is a philosopher, horse whisperer and hero. The unlikely friendship between the big blind man and the kid leads to many discussions in which Buford imparts wisdom and lessons for life. Buford and the kid can change your life, the lessons being timely and everlasting. Buford changed my life and he will change your life.

All the Marbles Dusty Rainbolt,2003 Chandra was having a bad day anyway, but then that cat... Starts with a galactic Ma Bell and the equivalent of the Wichita Lineman on the run from thugs demanding an object Chandra's never even heard of, then throw in space pirates who steal party supplies, a cat who's even more a law unto himself than most felines, and oddball planets where the inhabitants have deified Fifties TV sitcom characters or the drunks in the gutter at night are lawyers in court by day. It all adds to make All the Marbles a highly entertaining ride. - Lee Killough, author of Wilding Nights If you've missed Douglas Adams, you'll laugh with relief when you read All the Marbles. - Selina Rosen, author of Queen of Denial and Recycled Rainbolt taps into the heart of science fiction; all that can be imagined is possible. All the Marbles is fast-paced, outrageous, and of a cosmic scale. Rainbolt will take you on a trip far from home, a trip well worth taking. - Gary Moreau, author of Almost Human Crossing screwball comedy with space opera, Dusty Rainbolt's All The Marbles is a fast, funny take on far-future shenanigans and some eternal verities, like corporate monopolies and human idiocy. Readers will love this wild space chase after a mysteriously valuable object through galaxies far, far away with spunky heroine Chandra Solomon, a large cast of oddballs along for the ride, and Ivan the topdog cat. - Carole Nelson Douglas, author of Cat in a Neon Nightmare

Mil Silver's Race for All the Marbles Sterling Simkins,2006-07 September 1962. School is out, the weather is perfect, and Leo Stevenson just got a new washer and dryer. For young Mil Silver and his friends, this can only mean one thing: an exciting afternoon of box-carting! Beneath him, Mil could feel the warm, squirming bodies of the other boys; their hot breath making the inside of the box even more stuffy and unpleasant.but before he could think of an excuse to bail out, he heard Sherry yell 'Bombs away!' .within seconds, the box was cart-wheeling down the hill like a shoe kicked down a flight of steps! Imagine stuffing five boys in a cardboard carton and rolling it down the side of a mountain! Far-fetched as it sounds, this is only one example of the crazy things kids did in an era previous to video games, DVD's and MP3 players. Life was simple and children created their own fun. But things weren't always swell. When a race with his prized puries at stake goes dangerously wrong, Mil suddenly finds he has a lot more to worry about than just losing his marbles! Principal Bratton is furious and Mil's war with Belinda is about to get ugly!

But then, Maggie Mae comes into her life with a friendship that changes everything. It's off limits for the girls to play the boys' marbles game, but that doesn't stop Lucy from wanting to compete. She teaches herself how to play, but she needs help to gain the skill to challenge Johnny Henry, the school's top player. When she teams up with Mr. Nico, the old grouch at the trailer park, it is to teach her how to become competitive in the ancient marbles game of ringer. In a year of trial for Lucy, a fearful girl full of self-doubt, and of renewal for Mr. Nico, a man who has lost everything dear to him, an unlikely and endearing friendship might just be the greatest prize of all.

Marbles Ellen Forney, 2012-11-06 Cartoonist Ellen Forney explores the relationship between "crazy" and "creative" in this graphic memoir of her bipolar disorder, woven with stories of famous bipolar artists and writers. Shortly before her thirtieth birthday, Forney was diagnosed with bipolar disorder. Flagrantly manic and terrified that medications would cause her to lose creativity, she began a years-long struggle to find mental stability while retaining her passions and creativity. Searching to make sense of the popular concept of the crazy artist, she finds inspiration from the lives and work of other artists and writers who suffered from mood disorders, including Vincent van Gogh, Georgia O'Keeffe, William Styron, and Sylvia Plath. She also researches the clinical aspects of bipolar disorder, including the strengths and limitations of various treatments and medications, and what studies tell us about the conundrum of attempting to "cure" an otherwise brilliant mind. Darkly funny and intensely personal, Forney's memoir provides a visceral glimpse into the effects of a mood disorder on an artist's work, as she shares her own story through bold black-and-white images and evocative prose.
