International Directory of Company Histories Paula Kepos,Thomas Derdak,1994 This reference text provides detailed information on the world's 1200 largest and most influential companies. Each entry contains details such as: company's legal name; mailing address; ownership; sales and market value; stock index; and principal subsidiaries. Each two to four page entry is detailed with facts gathered from popular magazines, academic periodicals, books, annual reports and the archives of the companies themselves. Information is also provided about founders, expansions and losses, and labour/management actions. Entries are arranged alphabetically by industry name, and there is a cumulative index to companies and personal names.

Pharma Gerald Posner,2021-04-13 Exorbitant prices for lifesaving drugs, safety recalls affecting tens of millions of Americans, and soaring rates of addiction and overdose on prescription opioids have caused many to lose faith in pharmaceutical companies. Now, Americans are demanding national reckoning with a monolithic

industry. In Pharma, award-winning journalist and New York Times best-selling author Gerald Posner uncovers the real story of the Sacklers, the family that became one of America's wealthiest from the success of OxyContin, their blockbuster narcotic painkiller at the center of the opioid crisis. The unexpected twists and turns of the Sackler family saga are told against the startling chronicle of a powerful industry that sits at the intersection of public health and profits. Pharma reveals how and why American drug companies have put earnings ahead of patients--

Networks of Collaborative Contracts for Innovation Pablo Marcello Baquero,2020-09-17 With the rise of automation and artificial intelligence, the companies that will succeed in the future are those who operate under a constant state of innovation. Not just that, they will often need to ensure that they pursue 'open innovation'. This book explores the contractual basis for innovation, examining the legal challenges raised by contracts to innovate. Offering a dual perspective, it takes an empirical approach to examine how agreements are structured to overcome the inherent uncertainty implicit in innovative activity. It also presents a legal framework for contracts to innovate, based on the duty of loyalty to the contractual network, which could provide guidance to navigate the uncertainty of these relationships.
