**Material World** Peter Menzel, Charles C. Mann, 1994 A photo-journey through the homes and lives of 30 families, revealing culture and economic levels around the world.

**The 100 Thing Challenge** Dave Bruno, 2010-12-28 “Reading this will lead you to a better life.” —Dean Nelson, author of *God Hides in Plain Sight* In The 100 Thing Challenge Dave Bruno relates how he remade his life and regained his soul by getting rid of almost everything. But The 100 Thing Challenge is more than just the story of how one man started a movement to unhook himself from consumerism by winnowing his life’s possessions down to 100 things in one year. It’s also an inspiring, invigorating guide to how we all can begin to live simpler, more meaningful lives.

Children's needs - parenting capacity Hedy Cleaver, Ira Unell, Great Britain Department for Education, 2011-10-12 This second edition of *Children's needs - parenting capacity* updates the original exploration of the research literature in the light of legal and policy changes in England and findings from more recent national and international research. The edition has also been expanded to cover parental learning disabilities and how it may impact on parenting and children's health and development. The findings show that these parenting issues affect children differently depending on their age and individual circumstances. While some children grow up apparently unscathed, others exhibit emotional and behavioural disorders. This knowledge can inform practitioners undertaking assessments of the needs of children and their families and effective service responses. This publication is essential reading for practitioners, managers and policy makers concerned with improving the outcomes for children and families who are experiencing such problems.

Women, Language and Linguistics Julia S. Falk, 2002-01-31 Rather than the standard American story of an increasingly triumphant march of scientific inquiry towards structural phonology, *Women, Language and Linguistics* reveals linguistics where its purpose was communication; the appeal of languages lay in their diversity; and the authority of language lay in its speakers and writers. Julia S Falk explores the vital part which women have played in preserving a linguistics based on the reality and experience of language; this book finally brings to light a neglected perspective for those working in linguistics and the history of linguistics.

Plumes from Paradise Pamela Swadling, 2019-12 The natural resources of New Guinea and nearby islands have attracted outsiders for at least 5000 years: spices, aromatic woods and barks, resins, plumes, sea slugs, shells and pearls all brought traders from distant markets. Among the most sought-after was the bird of paradise. Their magnificent plumes bedecked the hats of fashion-conscious women in Europe and America, provided regalia for the Kings of Nepal, and decorated the headdresses of Janissaries of the Ottoman Empire. *Plumes from Paradise* tells the story of this interaction, and of the economic, political, social and cultural consequence for the island's inhabitants. It traces 400 years of economic and political history, culminating in the 'plume boom' of the early part of the 20th century, when an unprecedented number of outsiders flocked to the island's coasts and hinterlands. The story teems with the variety of people involved: New Guineans, Indonesians, Chinese, Europeans, hunters, traders, natural historians and their collectors, officials, missionaries, planters, miners, adventurers of every kind. In the wings were the conservationists, whose efforts brought the slaughter of the plume boom to an end and ushered in an era of comparative isolation for the island that lasted until World War II.

*The Therapeutic Use of Ayahuasca* Beatriz Caiuby Labate, Clancy Cavnar, 2013-11-22 This book presents a series of perspectives on the therapeutic potential of the ritual and clinical use of the Amazonian hallucinogenic brew ayahuasca in the treatment and management of various diseases and ailments, especially its role in psychological well-being and substance dependence. Biomedical and anthropological data on the use of ayahuasca for treating depression, PTSD, and substance dependence in different settings, such as indigenous contexts, neo-shamanic rituals, contemporary therapeutic circles, and in ayahuasca religions, in both South and North America, are presented and critiqued. Though multiple anecdotal reports on the therapeutic use of ayahuasca exist, there has been no systematic and dense reflection on the topic thus far. The book brings the therapeutic use of ayahuasca to a new level of public examination and academic debate. The texts in this volume stimulate discussion on methodological, ethical, and political aspects of research and will enhance the development of this emergent field of studies.

**The Gentle Art of Swedish Death Cleaning** Margareta Magnusson, 2018-01-02 \*The basis for the wonderfully funny and moving TV series developed by Amy Poehler and Scout Productions\* A charming, practical, and unsentimental approach to putting a home in order while reflecting on the tiny joys that make up a long life. In Sweden there is a kind of decluttering called *döstädning*, *dö* meaning “death” and *städning* meaning “cleaning.” This surprising and invigorating process of clearing out unnecessary belongings can be undertaken at any age or life stage but should be done sooner than later, before others have to do it for you. In *The Gentle Art of Swedish Death Cleaning*, artist Margareta Magnusson, with Scandinavian humor and wisdom, instructs readers to embrace minimalism. Her radical and joyous method for putting things in order helps families broach sensitive conversations, and makes the process uplifting rather than overwhelming. Margareta suggests which possessions you can easily get rid of (unworn clothes, unwanted presents, more plates than you’d ever use) and which you might want to keep (photographs, love letters, a few of your children’s art projects). Digging into her late husband’s tool shed, and her own secret drawer of vices, Margareta introduces an element of fun to a potentially daunting task. Along the way readers get a glimpse into her life in Sweden, and also become more comfortable with the idea of letting go.

**50 Real Estate Investing Calculations** Michael Lantrip, 2018-01-13 When Real Estate Investors say, I wish I'd known that, this is what they are talking about. Real Estate Investing Calculations are the Rules of Real Estate Investing, and you must know the rules. Real Estate Investing offers you four huge benefits that other forms of investing do not. \*Cash Flow. \*Asset Appreciation. \*Financial Leverage. \*Special Tax Treatment. But your success will depend on how well you estimate these items before you purchase a property, and how well you manage them after you purchase. A basic rule of Business Management is In order to manage, you must first measure. And that's the purpose of 50 Real Estate Investing Calculations. This book teaches you how to generate these numbers yourself, and explains their meanings. These Calculations are the tools of your trade.

*The Life of James Clerk Maxwell* Lewis Campbell, William Garnett, 1884 An Unabridged, Digitally Enlarged Printing Of The Revised Edition With Selections From His Correspondence And Writings To Include The Cambridge Essays.

**Learning Cities** Sue Nichols, Stephen Dobson, 2018-03-29 This book is an interdisciplinary text exploring the learning and educative potentials of cities and their spaces, including urban and suburban contexts, at all stages of life. Drawing on the insights of researchers from diverse fields, such as education, architecture, history, visual sociology, applied linguistics and sensory studies, this collection of papers develops and demonstrates the connection between experience, in all its dimensions, and informal learning in the city. The chapters discuss various sensory domains of experience, considering visual, embodied, and even sexual dimensions in relation to what and how learning operates, and the contributors reflect on their learning and inquiring experiences in the city, with special reference to topics such as narrativity, ‘race’ and ethnicity, equity, urban literacy, re-generation, participation, representation and oral histories.

**Mindfuckers** Robin Green, 1972

Networks, Labour and Migration among Indian Muslim Artisans Thomas Chambers , 2020-04-30 *Networks, Labour and Migration among Indian Muslim Artisans* provides an ethnography of life, work and migration in a North Indian Muslim-dominated woodworking industry. It traces artisanal connections within the local context, during migration within India, and to the Gulf, examining how woodworkers utilise local and transnational networks, based on identity, religiosity, and affective circulations, to access resources, support and forms of mutuality. However, the book also illustrates how liberalisation, intensifying forms of marginalisation and

incorporation into global production networks have led to spatial pressures, fragmentation of artisanal labour, and forms of enclavement that persist despite geographical mobility and connectedness. By working across the dialectic of marginality and connectedness, Thomas Chambers thinks through these complexities and dualities by providing an ethnographic account that shares everyday life with artisans and others in the industry. Descriptive detail is intersected with spatial scales of 'local', 'national' and 'international', with the demands of supply chains and labour markets within India and abroad, with structural conditions, and with forms of change and continuity. Empirically, then, the book provides a detailed account of a specific locale, but also contributes to broader theoretical debates centring on theorisations of margins, borders, connections, networks, embeddedness, neoliberalism, subjectivities, and economic or social flux.

ADD-Friendly Ways to Organize Your Life Judith Kolberg, Kathleen Nadeau, 2012-01-04 Over 100,000 Copies Sold! Organizing books fall short of addressing the unique needs of adults with ADD. They fail to understand the clinical picture of ADD and how it impacts the organizing process often making their advice irrelevant or frustrating when put into application. Books about ADD may address organization/disorganization but do so in a cursory fashion and on a very small scale in what are usually long books on the subject. This is a book that has ADD-Friendly advice with the ADDer in mind. This collaboration brings forth the best underlying understanding with the most effective and practical remedy from ADD experts in two important fields -- professional organization and clinical psychology. Finally, it offers organizing advice that ranges from self-help to utilizing the help of non-professionals, to using professional assistance. Thus it permits the reader to decide where they are at personally in the organizing process, and what level of support will be most beneficial to their unique situation.

**Let's Talk Money** Monika Halan, 2018-07-05 REVISED AND UPDATED-NOW WITH FINANCIAL LESSONS FROM COVID-19 We work hard to earn our money. But regardless of how much we earn, the money worry never goes away. Bills, rent, EMIs, medical costs, vacations, kids' education and, somewhere at the back of the head, the nagging fear of being underprepared for our own retirement. Wouldn't it be wonderful if our money worked for us just as we work hard for it? What if we had a proven system to identify dud investment schemes? What if we could just plug seamlessly into a simple, jargon-free plan to get more value out of our money for tomorrow, and have a super good life today as well? India's most trusted name in personal finance, Monika Halan offers you a feet-on-the-ground system to build financial security. Not a get-rich-quick guide, this book provides you a smarter way to live your dream life, rather than stay worried about the 'right' investment or 'perfect' insurance. Unlike many personal finance books, Let's Talk Money is written specifically for you, keeping the Indian context in mind.

A Code of Practice for the Control of Bed Bug Infestations in Australia Stephen L. Doggett, 2007

**For the Win** Cory Doctorow, 2011 A provocative and exhilarating tale of teen rebellion against global corporations from the New York Times bestselling author of Little Brother. Not far in the future... In the twenty-first century, it's not just capital that's globalized: labour is too. Workers in special economic zones are trapped in lives of poverty with no trade unions to represent their rights. But a group of teenagers from across the world are set to fight this injustice using the most surprising of tools - their online video games. In Industrial South China Matthew and his friends labour day and night as gold-farmers, amassing virtual wealth that's sold on to rich Western players, while in the slums of Mumbai 'General Robotwallah' Mala marshalls her team of online thugs on behalf of the local gang-boss, who in turn works for the game-owners. They're all being exploited, as their friend Wei-Dong, all the way over in LA, knows, but can do little about. Until they begin to realize that their similarities outweigh their differences, and agree to work together to claim their rights to fair working conditions. Under the noses of the ruling elites in China and the rest of Asia, they fight their bosses, the owners of the games and rich speculators, outsmarting them all with their gaming skills. But soon the battle will spill over from the virtual world to the real one, leaving Mala, Matthew and even Wei-Dong fighting not just for their rights, but for their lives...

*Organizational Spaces* Alfons van Marrewijk, Dvora Yanow, 2010-01-01 Organizational Spaces explores a wide range of interfaces between built spaces and organizational actors, including the ways the former can potentially affect and shape the behaviours and acts of employees at all levels, as well as clients, other visitors and onlookers. Using innovative interpretive methods, the book provides detailed empirical and theoretical analyses of field research that focus on the meanings that organizational spaces can communicate to multiple audiences. Scholars and graduate students in the areas of organizational culture, cultural change and intervention in organizations, international business, design sciences, as well as in organizational studies more broadly, should not be without this important and highly original resource.

**Miles from Nowhere** Barbara Savage, 2020-02-10 This is the same amazing story as the current version, but with an updated cover and foreword. If you'd like to read Barbara Savage's two-year around the world bicycle trip now, you can order the current version here. Miles from Nowhere is the story of Barbara and Larry Savage's sometimes dangerous, often zany, but ultimately rewarding 23,000-mile bicycle odyssey, which took them through 25 countries in two years. Along the way, these near-neophyte cyclists on their ten-speeds encountered warm-hearted strangers eager to share food and shelter, bicycle-hating drivers who ran them off the road, various wild animals (including an attack camel), rock-throwing Egyptians, overprotective Thai policeman, motherly New Zealanders, meteorological disasters, bodily indignities, and great personal joys. The stress of traveling together constantly tested yet strengthened the young couple's relationship and as their trip ends, you'll find yourself yearning for Barbara and Larry to jump back on their bikes and keep pedaling. Originally published in 1983, Miles from Nowhere has provided inspiration for legions of modern travel-adventurers and writers.
