Sabine Zange

Risk Management in Crisis Piotr Jedynak, Sylwia

Bak, 2021-08-19 Risk management is a domain of management which comes to the fore in crisis. This book looks at risk management under crisis conditions in the COVID-19 pandemic context. The book synthesizes existing concepts, strategies, approaches and methods of risk management and provides the results of empirical research on risk and risk management during the COVID-19 pandemic. The research outcome was based on the authors' study on 42 enterprises of different sizes in various sectors, and these firms have either been negatively affected by COVID-19 or have thrived successfully under the new conditions of conducting business activities. The analysis looks at both the impact of the COVID-19 pandemic on the selected enterprises and the risk management measures these enterprises had taken in response to the emerging global trends. The book puts together key factors which could have determined the enterprises' failures and successes. The final part of the book reflects on how firms can build resilience in challenging times and suggests a model for business resilience. The comparative analysis will provide useful insights into key strategic approaches of risk management. The Open Access version of this book, available at <http://www.taylorfrancis.com/books/oa-mono/10.4324/9781003131366/> has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license.

Code Halos Malcolm Frank, Paul Roehrig, Ben

Pring, 2014-03-28 Harness Code Halos to gain competitive advantage in the digital era Amazon beating Borders, Netflix beating Blockbuster, Apple beating Kodak, and the rise of companies like Google, LinkedIn, and Pandora are not isolated or random events. Today's outliers in revenue growth and value creation are winning with a new set of rules. They are dominating by managing the information that surrounds people, organizations, processes, and products—what authors Malcolm Frank, Paul Roehrig, and Ben Pring call Code Halos. This is far beyond “Big Data” and analytics. Code Halos spark new commercial models that can dramatically flip market dominance from industry stalwarts to challengers. In this new book, the authors show leaders how digital innovators and traditional companies can build Code Halo solutions to drive success. The book: Examines the explosion of digital information that now surrounds us and describes the profound impact this is having on individuals, corporations, and societies; Shows how the Crossroads Model can help anticipate and navigate this market shift; Provides examples of traditional firms already harnessing the power of Code Halos including GE's Brilliant Machines, Disney's theme park Magic Band, and Allstate's mobile devices and analytics that transform auto insurance. With reasoned insight, new data, real-world cases, and practical guidance, Code Halos shows seasoned executives, entrepreneurs, students, line-of-business owners, and technology leaders how to master the new rules of the Code Halo economy.

Popular Science, 1985-03 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Casenote Legal Briefs for Civil Procedure Keyed to Subrin, Minow, Brodin, Main, and Lahav Casenote Legal Briefs,2020-05-10 After your casebook, a Casenote Legal Brief is your most important reference source for the entire semester. The series is trusted for its expert summary of the principal cases in your casebook. Its proven reliability makes Casenote Legal Briefs the most popular case brief series available. With more than 100 titles keyed to the current editions of major casebooks, you know you can find the help you need. The brief for each case saves you time and helps you retain important issues. Each brief has a succinct statement of the rule of law/black letter law, description of the facts, and important points of the holding and decision. Quicknotes are short definitions of the legal terms used at the end of each brief. Use the Glossary in the end of your text to define common Latin legal terms. Such an overview, combined with case analysis, helps broaden your understanding and supports you in classroom discussion. Each title is keyed to the current edition of a specific casebook; it's your trusted guide to the text throughout the semester. The brief for each principal case in the casebook saves you time and helps you retain important issues. Each brief has a succinct statement of the rule of law/black letter law, description of the facts, important points of the holding and decision, and concurrences and dissents included in the casebook excerpt. This overview is combined with a short

analysis: all to help you broaden your understanding and support you in classroom discussion. Quicknotes at end of each brief give you short definitions of the legal terms used. A handy Glossary of common Latin words and phrases is included in every Casenote. Detailed instruction on how to brief a case is provided for you. A free Quick Course Outline accompanies all Casenote Legal Briefs in these course areas: Civil Procedure, Constitutional Law, Contracts, Criminal Law, Criminal Procedure, Evidence, Property, and Torts.

The Power of Mobility Russell McGuire, 2007-12-21 Praise For The Power of Mobility: How Your Business Can Compete and Win in the Next Technology Revolution Mobility is the next technology force that is redefining how businesses operate. Going forward, the winners will be 'anywhere enterprises' that learn how to combine the Power of Mobility with broadband connectivity to create competitive advantage. Russell's book lays out a straightforward road map for how to do just that. —Berge Ayvazian, Chief Strategy Officer, Yankee Group Our experience has proved that integrating the mobility of our services into the lives of students creates tremendous opportunities and new value. The ideas presented in this book will serve organizations and businesses of all types well as they explore the innovative growth that can come with the Power of Mobility. —Dr. Karen Pennington, Vice President, Student Development and Campus Life, Montclair State University For many professionals, the workplace is no longer a 'place,' and the work day is no longer a 'day.' The Power of Mobility shows us that companies that recognize this fundamental shift are in the best position to take advantage of mobility to increase business agility, transform the way they serve customers, and enable exciting new business models. —Don Proctor, Senior Vice President, Collaboration Software Group, Cisco What businesses need is a plain English explanation of the new values and disciplines of the Mobility Age. In The Power of Mobility, Russell McGuire provides that clear

guidance without the 'technospeak.' —Clint Parr, Chief Executive Officer and President, Anyware Mobile Solutions Companies that figure out how to keep employees connected and leverage context have the opportunity to outperform their peers in the marketplace. The Power of Mobility explains what this all means in simple terms, describes how companies can build mobility into their businesses, and provides helpful examples for those wanting to gain competitive advantage. —H.P. Jin, PhD, Chief Executive Officer & President, TeleNav Inc. The Power of Mobility prepares you, in a step-by-step fashion, to interpret the opportunity presented by mobility into your firm's environment. —Danny Briere, Chief Executive Officer, Telechoice
