Omega Steven Adam Woodall,2022-11-03 As the gears of time turn and churn in relentless revolutions, a desolate, postapocalyptic Earth rotates along with them. And within this war-torn planet's orbit, a genetically modified, humanoid being, named Omega, awakens in its wake. But where are its creators, and what fate has befallen them? Years, decades, and eons crunch by as Omega wanders the Earth on its own, realizing that it is both immortal and entirely alone. Mankind has faded into extinction, leaving only their creation to recreate them. But after ages of loneliness, can Omega's psyche survive the immortality of its body? Can its shattered mind create anything other than abominations as it mentally prepares to resurrect humanity? Light and darkness clash and coalesce as matter and energy, space and time itself, shift and shape in accordance with Omega's will and imagination. Yet some things that can be imagined should never come to exist.

*The Trial of Gideon, and Countess Almara's Murder (Classic Reprint)* Julian Hawthorne,2017-07-18 Excerpt from The Trial of Gideon, and Countess Almara's Murder During an excursion to the Levant, some years ago, I separated myself from my party, who were bound for Antioch, and rode northeastward accompanied only by an Arab and a pack-mule. My nominal destination was Mt. Ararat and the shores of the Caspian but I really wished to explore, in a sentimental mood, and so far as possible alone, the upper portion of the old Meso potamian region. My Arab, though he acted as drago man, knew as little about the geography of the country as I did, and nothing whatever about its history. This, however, did not disturb me. I wished to discover, and to enjoy my impressions. I had a smattering of two or three Oriental languages the cradle of the human race was before me, and, if Achmed knew nothing, he was a reasonably tractable rascal, and could do what he was told. The Baby Chronicles Beatrice Bruno,2017-01-24 A novel about four women created by God with an eternal purpose in mind—and their remarkable journey . . . The Baby Chronicles is the story behind the scenes of creation of four “pre-born” baby girls who eventually meet in the US Army: Beverley, Emmaline, Joyce, and Margarette Ann. Although many of the pre-borns you meet are excited about the prospect of having an “Earth assignment,” at least three of these four would rather stay in Heaven with Abba. They don’t want to carry out their mission on Earth, especially with the families they have been assigned to. If you have ever wondered where you were before you existed on Earth, this book will give you pause to think of the possibilities you had before you were even born.
