[?] **JOURNEYS WITHOUT A MAP** Marion Molteno, 2021-09-28 Award winning author Marion Molteno takes us on a magical journey of discovery into the life of a writer and her readers.

[?] **GERMLINE** T. C. McCarthy, 2011-08-01 Germline (n.) the genetic material contained in a cellular lineage which can be passed to the next generation. Also: secret military program to develop genetically engineered super-soldiers (slang). War is Oscar Wendell’s ticket to greatness. A reporter for The Stars and Stripes, he has the only one way pass to the front lines of a brutal war over natural resources buried underneath the icy, mineral rich mountains of Kazakhstan. But war is nothing like he expected. Heavily armored soldiers battle genetically engineered troops hundreds of meters below the surface. The genetics—the germline soldiers—are the key to winning this war, but some inventions can’t be un-done. Some technologies can’t be put back in the box. Kaz will change everything, not least Oscar himself. Hooked on a dangerous cocktail of adrenaline and drugs, Oscar doesn’t find the war, the war finds him.

[?] **KYRGYZSTAN** Laurence Mitchell, 2019-04-05 Bradt’s Kyrgyzstan remains the only English-language guide dedicated solely to this astounding country, described as ‘the Switzerland of Central Asia’ and regarded by many as the most beautiful country in the world. This new, thoroughly updated fourth edition further extends its comprehensive coverage of all the country has to offer, including trekking, mountaineering, horse riding, historical sites, festivals and Kyrgyz culture. All the most recent information on all the major towns and visitor hubs is included, along with suggested itineraries and details of natural history and conservation issues. Feature boxes throughout the text give further cultural detail on Kyrgyz society, while all budgets are catered for with traveller information covering all options from low-cost to luxury, as well as extensive detail on travel by public transport throughout the country. Deep within Central Asia, Kyrgyzstan’s beautiful mountainscapes, dreamlike rock formations and semi-nomadic culture are gloriously unspoiled. A trip here can be as adventurous as you please: admire 5,000-year-old petroglyphs at Saimaluu-Tash, gallop on horseback through the alpine meadows that surround 3,016m-high Lake Song-K[?] l, go trekking in the mountain valleys that lie south of Karakol, visit Bishkek’s Soviet-era statues or simply laze on the shores of the vast Lake Issyk-Kul. Kyrgyzstan has it all: glorious mountain scenery, a rich nomadic tradition, Silk Road monuments and thrilling wildlife. It also remains an intriguing, little known but easily accessible country for travellers. With in-depth coverage of historical background, health, safety and transport, plus author recommendations on the best yurt camps and chaikhanas, Bradt’s Kyrgyzstan is the ideal companion for a successful trip.

[?] **BY SEARCH OF GREENER GRASS** Graham Field, 2012 From backpack to bicycle and now on a motorcycle, but still on a budget, the author, a compulsive traveller, embarks on a journey East from England with Mongolian intentions. In possession of a good sense of direction, a vague sense of balance and no sense of proportion; this particular trip is financed by modest winnings from an uncharacteristic appearance on a TV game show. Riding a bargain eBay purchase Kawasaki KLR 650 and travelling solo into places beyond the guide book. A daily diary of achievements and mistakes incurred in a transient lifestyle, with mixed emotions from overawed to just plain bored, and making the best of decisions made while trying not to reflect on the alternatives. This is a refreshingly honest, thought provoking, humorous and informative account based on a lifetime of first hand encounters, anecdotes, wisdom and occasional alcohol induced inspiration. Offering an unavoidable wealth of experience which takes the reader with him, as the journey twists and turns on the road which the author hopes will lead him to Greener Grass.

[?] **POSTCARDS FROM STANLAND** David H. Mould, 2016-01-31 Central Asia has long stood at the crossroads of history. It was the staging ground for the armies of the Mongol Empire, for the nineteenth-century struggle between the Russian and British empires, and for the NATO campaign in Afghanistan. Today, multinationals and nations compete for the oil and gas reserves of the Caspian Sea and for control of the pipelines. Yet “Stanland” is still, to many, a terra incognita, a geographical blank. Beginning in the mid-1990s, academic and journalist David Mould’s career took him to the region on Fulbright Fellowships and contracts as a media trainer and consultant for UNESCO and USAID, among others. In Postcards from Stanland, he takes readers along with him on his encounters with the people, landscapes, and customs of the diverse countries—Kazakhstan, Kyrgyzstan, Tajikistan, and Uzbekistan—he came to love. He talks with teachers, students, politicians, environmental activists, bloggers, cab drivers, merchants, Peace Corps volunteers, and more. Until now, few books for a nonspecialist readership have been written on the region, and while Mould brings his own considerable expertise to bear on his account—for example, he is one of the few scholars to have conducted research on post-Soviet media in the region—the book is above all a tapestry of place and a valuable contribution to our understanding of the post-Soviet world.

[?] **FREE FALL: A KAZAKHSTAN JOURNAL** Brian Crumblehulme, 2022-02-25 Free Fall: a Kazakhstan Journal After the collapse of the Soviet Union, the author and partner were invited to spend a year in Kazakhstan during a time when that country was changing from a central controlled economy to a free market enterprise. Brian and Mary initially worked with entrepreneurs and local politicians, the projects expanded to include arts groups, university teaching, and assisting Kazakh people returning from an 80 year diaspora in Mongolia and China. For this the author travelled almost the length and breadth of a country the size of Australia. In addition to the working environment, they were also invited into homes and many social events. Through two summers and one incredibly cold winter, the author was immersed in an unparalleled cultural change, embraced by many and bewildering to others unable to make the transition. These are the stories of real people who lived through the heavy hand of the KGB to emerge into the free fall of western culture.

[?] **STANS BY ME** Ged Gillmore, 2019-05-27 Central Asia is the hot new travel destination. Curious to see what all the fuss is about? Along the way you’ll encounter yurt erections, bullet trains and enemy Silk Road travel agents. You’ll learn how a baby’s first steps are celebrated in Kyrgyzstan. [?] **AN INTREPID TRAVELLER** Mark Jackson, 2014-06-17 China is an amazing country. A place that needs time and complete immersion to be able to understand. I took a job as a tour leader, and instantly I was out of my depth. I experienced places and situations that I could never have been prepared for and all with a group of paying tourists who were looking to me for guidance. However, this was a steep learning curve covering language, culture, and history. It was not long before I saw that the people who had saved up for their holiday of a lifetime were far less prepared than I was. For over two and a half years, I visited many parts of China and also took groups to Vietnam, Nepal, Mongolia, and Russia. All this time sampling the culture and learning as much as I could about China and this part of Asia. I had some sticky situations and a lot of laughs with friends that I will keep forever. Would you let me be your tour leader?

[?] **SOJOURNER IN ISLAMIC LANDS** Russell Fraser, 2014-01-06 Sojourner in Islamic Lands takes us on a journey from Kazakhstan in the far north of Central Asia, across the mountains to the former Soviet Union, then south to Iran just below the Caspian Sea. Russell Fraser follows the ancient Silk Road wherever possible. For centuries the Silk Road was the primary commercial link between Europe and Asia, with much of it over desert sands and accessible only by camel. Building on history and personal experience, Fraser’s narrative describes this vast territory with an eye to geography, artistic culture, and religion over more than two thousand years. The book that he gives us depends first of all on travel, but the author’s eye is on an interior landscape, and he focuses on the influence of religious ideology on the cultural landscape of Central Asia. Delving deeply into art and architecture, he takes them to be Islam’s most significant creative expressions. Although Islam is currently the predominant religion in the region, the book also examines the two other belief systems with modern-day followers—Christianity and an antireligious sect Fraser calls secular progressivism. His aim is to present Islam to Western readers by describing its achievements during the High Middle Ages and comparing and contrasting them with those of modern Islam. The book offers insights into the history of a major world religion through the eyes of a well-known literary scholar on a journey through exotic parts of the world. He steeps us in the latter, inviting the reader to share the journey with him and participate in the sensations it gives rise to.
