Alexander's Hide and Seek Alphabet Andrea Stephenson, Corban Stephenson, 2021-05-07 Alexander has created a game called Hide and Seek Alphabet. His neighbor, James, plays the game with him. Alexander's father hides the letters and

challenges the boys to find them in alphabetical order. Find out if Alexander and James meet this challenge and win the game. This book uses a learning technique called the Loci Method to help kids learn and review the alphabet in a fun way. The Loci Method is a memory tool which connects the information kids want to remember with places they know well. We used Alexander's home in this book because children know their living spaces very well. Additionally, we used familiar household items to make it easier for children to find what they are seeking. Your child will be amazed that they can find so many things that start with each letter of the alphabet in their own home. Have fun playing and learning!
