**Amazing Animals** Dannelle Gay,2018-12-24 When I was a kid, Sunday nights were the ultimate in TV watching enjoyment. Keep in mind that this was before cable television, streaming, and even VCRs. We had 5 channels - 6 if the weather was right and

you could pick up WGN from Chicago...We would rush through dinner and park in front of the tele to watch Animal Kigdom and then, the Wonderful World of Disney.While my brother loved the second, I was nuts for the former - it was fascinating to see all the different kinds of animals in their natural habitat. Marlin Perkins showed us a snippet of wildlife each week and I always felt sorry for JIM who had to be out there with the risks and dangers as Marlin sat comfortably in the vehicle to tell us what was happening.We went a while and picked out the coolest animals we could find for this book of puzzles - from Aardvark to Zebu.I hope you have fun with it!

**Africa's Amazing Animals** Magic Casper, 2021-06-13  
♦ Would you like to see your child step into the fascinating world of African animals, learning and enjoying it at the same time? It can be frustrating to watch our children drown in the world of modern technology. Phones, computers, and tablets are used not as work tools, but rather as a way to pass time playing useless games and watching meaningless videos. More and more often, many parents give their children a phone just to free up time for themselves. It can be detrimental to a child's development, because at this age

children need to be exploring the world, communicate with other children, play outdoors, and solve puzzles. Only then will they grow up to be intelligent, productive, and socially adapted. That's why our task was to create not just something entertaining, but also educational for our beloved children. ♦ In this book you will find: Colorful pictures of animals and beautiful African scenery. Animal names 5x5 inch puzzles of 10 words each Medium puzzle difficulty level Cursive puzzle letters 14 large puzzles and 91 animal pictures Large size so you can see the picture details ♥ Here's what my friend's daughter, Anna, said when I gave her this book: It's just amazing! I didn't know there were animals like that, I was excited to do puzzles and see all the animals. You came up with a very interesting book, Paul. ♥ Here's what Anna's mom, my friend Kate, had to say: Paul, I was really happy watching Anna's excitement looking at all the pictures and solving puzzles. After this book she developed a great interest in learning about animals. Now she is constantly watching different programs and animated movies about animals. Recently she watched The Lion King movie and she was so happy to see that many of the animals in that movie were familiar to her from your book. Your child will have fun solving these puzzles and will also learn about many new amazing animals. You can go about your day knowing that your child is spending time usefully and excitingly. Additionally, thanks to the cursive script your child will become familiar with normal writing as people often use cursive instead of block letters.
