The Oxford Dictionary of American Quotations Hugh Rawson,Margaret Miner,2006 Collects the words of Americans from all walks of life, presenting more than five thousand entries in a browser-friendly, cross-referenced, and single-column format that encompasses more than five hundred topics.

My Name Is Zed Howard Smead,Lecturer Afro-American Studies Program Howard Smead,2002-07 Cyber-Thriller: When her younger sister and brother don’t come home from the mall, Christine Bailey knows something is horribly wrong. With no ransom note and no leads, the police are stumped. In desperation, she turns to Lesse and Harmon, two quarrelsome friends with intimate knowledge of online computer worlds into which she’s convinced the two kids have disappeared. What follows is a nightmare tour through the Internet’s unfathomable underside and a chilling confrontation in cyberspace with dire real life implications.

Infostorms Vincent F. Hendricks,Pelle G. Hansen,2016-08-18 With points of departure in philosophy, logic, social psychology, economics, and choice and game theory, Infostorms shows how information may be used to improve the quality of personal decision and group thinking but also warns against the informational pitfalls which modern information technology may amplify: From science to reality culture and what it really is, that makes you buy a book like this. The information society is upon us. New technologies have given us back pocket libraries, online discussion forums, blogs, crowdbased opinion aggregators, social media and breaking news wherever, whenever. But are we more enlightened and rational because of it? Infostorms provides the nuts and bolts of how irrational group behaviour may get amplified by social media and information technology. If we could be collectively dense before, now we can do it at light speed and with potentially global reach. That’s how things go viral, that is how cyberbullying, rude comments online, opinion bubbles, status bubbles, political polarisation and a host of other everyday unpleasantries start. Infostorms will give the story of the mechanics of these phenomena. This will help you to avoid them if you want or learn to start them if you must. It will allow you to stay sane in an insane world of information. “With this brilliant book, we have been warned. It is up to all of us in the world today to be stewards of he common resource that is trustworthy and relevant information”. Adam Brandenburger, Stern School of Business, NYU “It is a highly recommended read for social scientists and concerned citizens alike”. Christian List, London School of Economics

Report Writing for Criminal Justice Professionals Larry S. Miller,John T. Whitehead,2010-11-24 So much of the process of criminal justice depends on good documentation, and criminal justice professionals can spend as much as 50-75% of their time writing up administrative and research reports. Much of the legal process depends on the careful documentation that records crucial information. And yet most of these law enforcement, security, corrections, and probation and parole officers have not had adequate training in how to provide a well-written, accurate, brief, and complete report. Report Writing for Criminal Justice Professionals provides practical advice on report writing -- with specific writing samples and guidelines. The authors go beyond the routine English grammar approach to deal with the difficult but often-ignored problem of documentation that will hold up in court. Important concepts are emphasized with related checklists, forms, and pull-out chapter tests. The material is organized into three sections: The Nature of Report Writing, The Mechanics of Report Writing, and The Modernization of Report Writing NEW TO THIS EDITION Updated and revised with new material on forensics and scientific reports, crime reporting, common errors in forensic reports, and automation of report writing. Appendixes are thoroughly revised, with new examples of reporting forms, worksheets, and reports, including a sample forensic lab report and presentence investigation report. Text complemented by numerous examples, sample reports and tools. Each chapter concludes with a sample test for the reader to self-evaluate learning. Appendixes include model reports, examples of agency instructions for completing report forms and selected readings.

Sex in Every City L. Brook,2014-07-01 Doesn’t everything sound sexier when said in a foreign language? Even ‘A casa tua o a casa mia?’ sounds more seductive than, ‘Your place or mine?’ Here are 150 lines and sexy phrases to use when either making the first move or indulging in bedroom banter with a hot foreigner. Whether you’re traveling in a different country or trying to seduce the new hot foreigner in your class, office, or apartment building, here’s the book that will see you through the dating game and all those hot hook-ups. From the French version of ‘Shut up and kiss me!’ to the Spanish translation of ‘Oh behave!’ to ‘I lost my virginity, can I have yours?’ in Danish, you can learn here how to smooth talk the ladies in Spain, flirt with the Italian hotties, and get laid in Germany faster than you can say, ‘I do know your name.’ This is the only book you need to pack for your next vacation.
