Fires of Revolution III James R. Mccollam,2015-04-17 It is understood that the majority of Earth's populace entertain false religion. People acceptable and pleasing to God have always been a small minority. When that small minority loses their way and fails to represent truth but instead emits a false light, God in his mercy is forced to administer judgment. It is the hope of the author to awaken and set free the meek and innocent ones that are trapped and deceived by the so called Christian church today and all prisoners of every false religion that have an ear to hear and a heart to receive.

Totalitarianism and Political Religions Volume III Hans Maier,2008-03-25 Available for the first time in English language translation, the third volume of Totalitarianism and Political Religions completes the set. It provides a comprehensive overview of key theories and theorists of totalitarianism and of political religions, from Hannah Arendt and Raymond Aron to Leo Strauss and Simone Weill. Edited by the eminent Professor Hans Maier, it represents a major study, examining how new models for understanding political history arose from the experience of modern despotic regimes. Where volumes one and two were concerned with questioning the common elements between twentieth century despotic regimes - Communism, Fascism, National Socialism, Maoism - this volume draws a general balance. It brings together the findings of research undertaken during the decade 1992-2002 with the cooperation of leading philosophers, historians and social scientists for the Institute of Philosophy at the University of Munich. Following the demise of Italian Fascism (1943-45), German National Socialism (1945) and Soviet Communism (1989-91), a comparative approach to the three regimes is possible. A broad field of interpretation of the entire phenomenon of totalitarian and political religions opens up. This comprehensive study examines a vast topic which affects the political and historical landscape over the whole of the last century. Moreover, dictatorships and their motivations are still present in current affairs, today in the twenty-first century. The three volumes of Totalitarianism and Political Religions are a vital resource for scholars of fascism, Nazism, communism, totalitarianism, comparative politics and political theory.

Retribution: The Centurions III Anthony Riches,2018-04-19 The action-filled climax of the epic story of the Batavi uprising in AD 69, from the author of the bestselling Empire series. 'A masterclass in military historical fiction' - Sunday Express Victory is in sight for Kivilaz and his Batavi army. The Roman army clings desperately to its remaining fortresses along the Rhine, its legions riven by dissent and mutiny, and once-loyal allies of Rome are beginning to imagine the unimaginable: freedom from the rulers who have dominated them since the time of Caesar. The four centurions - two Batavi and two Roman, men who were once comrades in arms - must find their destiny in a maze of loyalties and threats, as the blood tide of war ebbs and flows across Germania and Gaul. For Rome does not give up its territory lightly. And a new emperor knows that he cannot tolerate any threat to his undisputed power. It can only be a matter of time before Vespasian sends his legions north to exact the empire's retribution.

Insight On Astrology III Lamar J. Young,2020-09-18 Who are you? Who are they? Who are we? Why did this happen? And where do we go from here? These are the kinds of questions commonly asked as we try to find meaning—meaning in our purpose and meaning in our existence. Our species is engaged in a continual evolutionary process that causes us to question not only other humans and the things happening around us but also ourselves. Examining intent and motivation is a key component in the process of unraveling the mysteries associated with our existence in the here and now. The Insight on Astrology series is a tool we can utilize in getting answers and understanding context. Rooted in the tenets of metaphysics, this book, along with Young's two prior books, What's the Deal with My Sign and What's the Deal with Your Sign, is a part of a library of resources that may make you, as well as others, appreciate astrology, where seeking a deeper meaning beyond the generic and arbitrary is the ultimate goal. Given some of the rather profound challenges our species faces as we move further into the twenty-first century, your letting the Insight on Astrology III: Your Access and Guide to Context book be a part of your reading selection is indeed a wise choice. Though varied in our perception and behavior, we're nonetheless intractably interconnected, and Insight on Astrology III: Your Access and Guide to Context may be that beacon in mending it altogether, where it all simply makes sense. Enjoy, and may your reading be fulfilling!

The Great Encounter of China and the West, 1500-1800 David Emil Mungello,2013 For the Chinese, the drive toward growing political and economic power is part of an ongoing effort to restore China's past greatness and remove the lingering memories of history's humiliations. This widely praised book explores the 1500-1800 period before China's decline, when the country was viewed as a leading world culture and power. Europe, by contrast, was in the early stages of emerging from provincial to international status while the United States was still an uncharted wilderness. D. E. Mungello argues that this earlier era, ironically, may contain more relevance for today than the more recent past. This fully revised fourth edition retains the clear and concise quality of its predecessors, while drawing on a wealth of new research on Sino-Western history and the increasing contributions of Chinese historians. Building on the author's decades of research and teaching, this compelling book illustrates the vital importance of history to readers trying to understand China's renewed rise.
