James P. Delgado

Nuclear Dawn James P. Delgado,2011-12-20 The obliteration of Hiroshima and Nagasaki in August 1945 brought the world to a stand still. This unimaginable shock confirmed to the world that the race to develop a working atomic weapon during World War II had been won by the American-led international effort. Horrific and controversial even today, these first uses of the atomic bomb had intense ramifications not only on the continued development of the bomb, but also on politics and popular culture. As well as the technological development, historian James Delgado also examines how the US Army Air Force had to develop the capacity to deliver the weapons, and examines the sites where development and testing took place, in order to give a comprehensive history of the dawning of the nuclear age.

The Mammoth Book of Best British Crime 10 Maxim Jakubowski,2013-02-21 42 fantastic stories from Britain's best crime writers. A superb collection of the year's most outstanding short crime fiction published in the UK. Jakubowski has succeeded, as ever, in showcasing the impressive breadth of crime writing, from cosy tales of detection to noir mayhem and psychological suspense and terror. There are puzzles to solve, nagging questions about the nature of the society in which we live, but, above all, there is an abundance of first-class entertainment. Last year saw a sixth Crime Writers Association Dagger award for the series - shared between Margaret Murphy and Cath Staincliffe - and an Edgar award for Peter Turnbull. All three award-winning stories are included in this volume. Lee Child makes his debut and there is a first story from Neil Gaiman, too, in Sherlockian rather than fantastical mode. Return offenders include Ann Cleeves, Phil Lovesey and Ruth Rendell, among many other familiar names. There are a number of newcomers to the series, too, including Nina Allan, Joel Lane and Lisa Tuttle.

Bombs Away! Calum Laird,2012-04 These pocket-format compilations each contain three classic Commando war stories printed the same size as the original comics. Bombs Away! features Ghost Pilot, Hoodoo Ace, and Deck-Level Dawson. Hair-rising tales of bombing missions in Lacasters and Stirlings make this action-packed but handily formatted collection of stories a thrill for Commando fans of all ages.

Cancer Time Bomb Joelle B. Burnette,2012-04-24 After finding out she tested positive for the BRCA genetic mutation, Cancer Time Bomb is Joelle Burnette's non-fiction narrative about her prophylactic journey to becoming a “previvor” and free from breast and ovarian cancers. Balancing a serious subject with sarcasm and humor, this powerful story chronicles Joelle's 3-year odyssey as she justifies slicing away healthy parts of her body that have high odds of producing cancer. While pressured by surgeons and family to take drastic measures that would remove cancer's potential threat, she offers insight into what it feels like to face these significant decisions while not having cancer, and knowing there's that miniscule chance the disease may never strike. Offering raw honesty, she reveals the darker side of choosing TRAM Flap reconstruction after a prophylactic bilateral mastectomy. She details the challenging, long recovery as she comes to terms with her choices and their impact on her as a woman, daughter, mother and wife. Breast cancer had already impacted or taken the lives of several family members. Moreover, it was supposed to kill Joelle's sister in 1994, according to the doctors' grave predictions. Regardless, 32-year-old Michelle suffered through powerful chemotherapy treatments and a painful bone marrow transplant to beat the odds and become a survivor. Thereafter, doctors had told the family, Michelle likely would die if she ever got cancer again. When she was diagnosed and survived a second breast cancer more than a decade later, Michelle's cancer triggered a series of events leading to Joelle's own battle to remain cancer-free. Michelle fought cancer again while the health of these sisters' father deteriorated after years of diabetes. All the while, caring for everyone was Joelle's mother, Arlene, who played the strongest supportive role. Arlene remained by her daughter's side while Joelle carried out the proactive steps to avoid cancer and stay alive for her two young children. BOOK BONUS: The author's tips on how to prepare for a TRAM Flap procedure. Find out what you may need to get set up before your surgery, items to have handy in the hospital, and what to have ready when you return home after your hospital stay. Parental discretion is advised.
