The Little Book of Music Law Amber Nicole Shavers, 2013 This fun book discusses the history and cases surrounding the music business from the early 20th century through today. The cases include legal issues which have had significant effects on the evolution of the industry and are illuminated by the personalities, conflicts, and overwhelming talents within the music industry, including stories featuring Enrico Caruso, Frank Sinatra, Alan Freed, The Beatles, The Supremes, 2 Live Crew, and Eminem.

Popular Music in a Digital Music Economy Tim J. Anderson, 2013-12-17 In the late 1990s, the MP3 became the de facto standard for digital audio files and the networked computer began to claim a significant place in the lives of more and more listeners. The dovetailing of these two circumstances is the basis of a new mode of musical production and distribution where new practices emerge. This book is not a definitive statement about what the new music industry is. Rather, it is devoted to what this new industry is becoming by examining these practices as experiments, dedicated to negotiating what is replacing an object based industry oriented around the production and exchange of physical recordings. In this new economy, constant attention is paid to the production and licensing

of intellectual property and the rise of the social musician who has been encouraged to become more entrepreneurial. Finally, every element of the industry now must consider a new type of audience, the end user, and their productive and distributive capacities around which services and musicians must orient their practices and investments.

The Heart of Branson: The Entertaining Families of America's Live Music Show Capital Arline Chandler, 2010-11-18 Millions of Americans cherish childhood memories of family trips to Branson to see performances by the Baldknobbers or the Presleys. Now they take their own children to see how new generations of those same entertaining families continue to split sides and tug heartstrings. Go backstage with Arline Chandler in places like Silver Dollar City and the Shepherd of the Hills. Reminisce in the stories of the people who made Branson into the showbiz marvel that it is today while holding on to the values of hard work and family at the town's cultural foundation. And learn about the emergence of newer acts like the Duttons, the Hughes Brothers and Shoji Tabuchi in a place where Broadway and the backwoods shake hands and SIX voices is all that is needed to produce a full orchestra.

Forging Silver into Stars Brigid

Kemmerer, 2022-06-07 An instant New York Times bestseller! Forbidden magic. Secret romance. Dangerous alliances. Enter the world of New York Times bestselling author Brigid Kemmerer's electrifying series. When nineteen-year-old Tycho,

the King's Courier, arrives in the remote village of Briarlock, he hopes to escape the demands of his new life in the royal court, where magic reigns for the first time in ages. He doesn't expect to fall for a handsome blacksmith with a bruised heart. After years of cruelty in his father's forge, Jax never dared to dream of a better life--until a magic-wielding young lord shows him an enticing alternative. But when rumors of a rebellion reach Briarlock, Jax wonders who he can trust--and if he'll even survive. Jax's best friend, Callyn, doesn't trust anyone--especially not a handsome stranger with magic, which killed her parents years ago. When another royal emissary arrives, seeing a co-conspirator, Callyn finds herself embroiled in a plot that could lead them all to ruin. . . As tensions flare throughout the kingdom, it won't be long before everyone must choose a side. War is brewing. Passions are building. And magic may doom--or save--them all.
