

Ambient Relaxing Sounds Of Different Place On Earth

Christopher Partridge, Marcus Moberg

Cambridge English Empower Advanced Student's Book Adrian Doff, Craig Thaine, Herbert Puchta, Peter Lewis-Jones, Jeff Stranks, 2016-01-21
Cambridge English Empower is a general English course for adult and young adult learners that combines course content from Cambridge University Press with validated assessment from Cambridge English Language Assessment ...--Publisher description.

Sound, Society and the Geography of Popular Music Thomas L. Bell, 2016-04-01 Popular music is a cultural form much rooted in space and place. This book interprets the meaning of music from a spatial perspective and, in doing so it furthers our understanding of broader social relations and trends, including identity, attachment to place, cultural economies, social activism and politics. The book's editors have brought together a team of scholars to discuss the latest innovative thinking on music and its geographies, illustrated with a fascinating range of case studies from the USA, Canada, the Caribbean, Australia and Great Britain.

Sound, Society and the Geography of Popular Music Dr Ola Johansson, Professor Thomas L Bell, 2012-11-28 Popular music is a cultural form much rooted in space and place. This book interprets the meaning of music from a spatial perspective and, in doing so it furthers our understanding of broader social relations and trends, including identity, attachment to place, cultural economies, social activism and politics. The book's editors have brought together a team of scholars to discuss the latest innovative thinking on music and its geographies, illustrated with a fascinating range of case studies from the USA, Canada, the Caribbean, Australia and Great Britain.

The Bloomsbury Handbook of Religion and Popular Music Christopher Partridge, Marcus Moberg, 2023-06-15 The second edition of The Bloomsbury Handbook of Religion and Popular Music provides an updated, state-of-the-art analysis of the most important themes and concepts in the field, combining research in religious studies, theology, critical musicology, cultural analysis, and sociology. It comprises 30 updated essays and six new chapters covering the following areas: · Popular Music, Religion, and Performance · Musicological Perspectives · Popular Music and Religious Syncretism · Atheism and Popular Music · Industrial Music and Noise · K-pop The Handbook continues to provide a guide to methodology, key genres and popular music subcultures, as well as an extensive updated bibliography. It remains the essential tool for anyone with an interest in popular culture generally and religion and popular music in particular.

Bloomsbury Encyclopedia of Popular Music of the World, Volume 11 David Horn, 2017-10-05 See:

Soundscapes of Wellbeing in Popular Music Gavin J. Andrews, Paul Kingsbury, Robin Kearns, 2016-04-01 Unearthing the messy and sprawling interrelationships of place, wellbeing, and popular music, this book explores musical soundscapes of health, ranging from activism to international charity, to therapeutic treatments and how wellbeing is sought and attained in contexts of music. Drawing on critical social theories of the production, circulation, and consumption of popular music, the book gathers together diverse insights from geographers and musicologists. Popular music has become increasingly embedded in complex and often contradictory discourses of wellbeing. For instance, some new genres and sub-cultures of popular music are associated with violence, drug-use, and the angst of living, yet simultaneously define the hopes and dreams of millions of young people. At a service level, popular music is increasingly used as a therapeutic modality in holistic medicine, as well as in conventional health care and public health practice. The genre of popular music, then, is fundamental to human wellbeing as an active and central part of people's emotional lives. By conceptually and empirically foregrounding place, this book demonstrates how - music whether from particular places, about particular places, or played in particular places " is a crucial component of health and wellbeing.

Managing Stress: Skills for Self-Care, Personal Resiliency and Work-Life Balance in a Rapidly Changing World Brian Luke Seaward, 2020-12-08 Updated to provide a modern look at the daily stressors evolving in our ever changing society, Managing Stress: Skills for Self-

Care, Personal Resiliency and Work-Life Balance in a Rapidly Changing World, Tenth Edition provides a comprehensive approach to stress management, honoring the balance and harmony of the mind, body, spirit, and emotions. Referred to as the “authority on stress management” by students and professionals, this book equips readers with the tools needed to identify and manage stress while also coaching on how to strive for health and balance in these changing times. The holistic approach taken by internationally acclaimed lecturer and author Brian Luke Seaward gently guides the reader to greater levels of mental, emotional, physical, and spiritual well-being by emphasizing the importance of the mind-body-spirit connection.

Popular Music in Evangelical Youth Culture Stella Lau, 2013-05-07 Christian churches and groups within Anglo-American contexts have increasingly used popular music as a way to connect with young people. This book investigates the relationships between evangelical Christianity and popular music, focusing particularly on electronic dance music in the last twenty years. Author Stella Lau illustrates how electronic dance music is legitimized in evangelical activities by Christians’ discourses, and how the discourses challenge the divide between the ‘secular’ and the ‘sacred’ in the Western culture. Unlike other existing books on the relationships between music cultures and religion, which predominantly discuss the cultural implications of such phenomenon, Popular Music in Evangelical Youth Culture examines the notion of ‘spirituality’ in contemporary popular electronic dance music. Lau’s emphasis on the sonic qualities of electronic dance music opens the door for future research about the relationships between aural properties of electronic dance music and religious discourses. With three case studies conducted in the cultural hubs of electronic dance music – Bristol, Ibiza and New York – the monograph can also be used as a guidebook for ethnographic research in popular music.

Sound Tracks John Connell, Chris Gibson, 2003 Sound Tracks traces the relationships between music, space and identity from inner city 'scenes' to the music of nations, to give a wide-ranging perspective on popular music.

Song Sheets to Software Elizabeth C. Axford, 2004 This second edition of Song Sheets to Software includes completely revised and updated listings of music software, instructional media, and music-related Internet Web sites of use to all musicians, whether hobbyist or professional. This book is a particularly valuable resource for the private studio and classroom music teacher.

The Oxford Handbook of New Audiovisual Aesthetics John Richardson, Claudia Gorbman, Carol Vernallis, 2013-08-20 This handbook provides powerful ways to understand changes in the current media landscape. Media forms and genres are proliferating as never before, from movies, computer games and iPods to video games and wireless phones. This essay collection by recognized scholars, practitioners and non-academic writers opens discussion in exciting new directions.

Tune Your Brain Elizabeth Miles, 2005 Plug in to the power of sonic energy. Music can play a big part in your moods, your motivation, and your success. Tune Your Brain is the first science-backed guide to using all styles of music—from classical to country, hip hop to rock, and more—to manage your body and brain. Go to sleep. Wake up. Brainstorm. Concentrate. Socialize. Exercise. Beat stress. Gear up for a presentation. Wind down for intimacy. Control overeating. Heal. Filled with practical applications for everyday use, Tune Your Brain unites brain-body science with the wisdom of the world's cultures to access the musical tools needed for peak performance in all areas of life. No technical knowledge or mind-altering substance is required—just a music player and a pair of open ears.

Turn on Your Mind Jim DeRogatis, 2003-01-01 (Book). Turn On Your Mind: Four Decades of Great Psychedelic Rock is a history and critical examination of rock's most inventive genre. Whether or not psychedelic drugs played a role (and as many musicians say they've used them as not), psychedelic rock has consistently charted brave new worlds that exist only in the space between the headphones. The history books tell us the music's high point was the Haight-Ashbury scene of 1967, but the genre didn't start in San Francisco, and its evolution didn't end with the Summer of Love. A

line can be drawn from the hypnotic drones of the Velvet Underground to the disorienting swirl of My Bloody Valentine; from the artful experiments of the Beatles' Revolver to the flowing, otherworldly samples of rappers P.M. Dawn; from the dementia of the 13th Floor Elevators to the grungy lunacy of the Flaming Lips; and from the sounds and sights at Ken Kesey's '60s Acid Tests to those at present-day raves. Turn On Your Mind is an attempt to connect the dots from the very first groups who turned on, tuned in, and dropped out, to such new-millennial practitioners as Wilco, the Elephant 6 bands, Moby, the Super Furry Animals, and the so-called stoner-rock and ork-pop scenes.

Virtual Music Shara Rambarran, 2021-04-08 Virtuality has entered our lives making anything we desire possible. We are, as Gorillaz once sang, in an exciting age where 'the digital won't let [us] go...' Technology has revolutionized music, especially in the 21st century where the traditional rules and conventions of music creation, consumption, distribution, promotion, and performance have been erased and substituted with unthinkable and exciting methods in which absolutely anyone can explore, enjoy, and participate in creating and listening to music. Virtual Music explores the interactive relationship of sound, music, and image, and its users (creators/musicians/performers/audience/consumers). Areas involving the historical, technological, and creative practices of virtual music are surveyed including its connection with creators, musicians, performers, audience, and consumers. Shara Rambarran looks at the fascination and innovations surrounding virtual music, and illustrates key artists (such as Grace Jones, The Weeknd), creators (such as King Tubby, Kraftwerk, MadVillain, Danger Mouse), audiovisuals in video games and performances (such as Cuphead and Gorillaz), audiences, and consumers that contribute in making this musical experience a phenomenon. Whether it is interrogating the (un)realness of performers, modified identities of artists, technological manipulation of the Internet, music industry and music production, or accessible opportunities in creativity, the book offers a fresh understanding of virtual music and appeals to readers who have an interest in this digital revolution.

Healing Notes: Power of Music and Music Therapy Dr. Shveata Mishra, 2024-02-07 Healing Notes: Power of Music and Music Therapy - Path to Wellness offers a resounding reminder of the timeless and universal harmony that transcends boundaries and touches the deepest corners of our souls. Dr. Shveata Mishra invites you on a symphonic odyssey exploring the profound language of music—a force that heals and transforms our existence. Discover how music can be your refuge, guiding you to heal from stress, anxiety, depression, and insomnia, leading you toward a more productive and harmonious life. Dr. Mishra's expertise will empower you to choose the perfect melodies to accompany your emotions, allowing music to be your trusted companion on your journey to self-healing. Learn the intricacies of human body and sleep science, and uncover the profound connection between music and our well-being. This book reveals that the music we often casually consume is not merely entertainment; it's a potent tool that moulds your conscious and unconscious mind, shaping your emotions and thoughts without your notice. Healing Notes is more than a book; it is an opus, an anthem to the boundless potential of human existence harmonised with the rhythms of music and the resonance of healing. Join this symphony of transformation, and let the power of music rekindle hope, mend broken spirits, and elevate your soul. Embark on a journey where music becomes a catalyst for profound well-being. Feel the resonance, embrace the symphony, and experience a transformative power like no other. Your melody of a healthier and more melodious life awaits within these pages.

Music and Tourism Chris Gibson, John Connell, 2005-01-01 Music and Tourism is the first book to comprehensively examine the links between travel and music. It combines contemporary and historical analysis of the economic and social impact of music tourism, with discussions of the cultural politics of authenticity and identity.

Crafting Drama for Radio: A Comprehensive Guide Crispin Tennant, Embark on an immersive journey into the art of crafting compelling drama for radio with Crafting Drama for Radio: A Comprehensive Guide. This essential handbook offers aspiring writers a comprehensive toolkit for mastering the intricacies of audio storytelling. From developing captivating concepts to creating dynamic characters, constructing immersive worlds, and navigating

the collaborative process of production, each chapter provides invaluable insights, practical advice, and hands-on exercises to hone your skills. Whether you're a seasoned writer seeking to explore a new medium or a newcomer eager to make your mark in the world of radio drama, this book equips you with the knowledge and tools needed to captivate audiences and bring your stories to life through the power of sound. Dive into the rich history and unique opportunities of radio drama, and discover how to craft narratives that resonate with listeners in this dynamic and evocative medium.

Treatise on Geophysics ,2015-04-17 Treatise on Geophysics, Second Edition, is a comprehensive and in-depth study of the physics of the Earth beyond what any geophysics text has provided previously. Thoroughly revised and updated, it provides fundamental and state-of-the-art discussion of all aspects of geophysics. A highlight of the second edition is a new volume on Near Surface Geophysics that discusses the role of geophysics in the exploitation and conservation of natural resources and the assessment of degradation of natural systems by pollution. Additional features include new material in the Planets and Moon, Mantle Dynamics, Core Dynamics, Crustal and Lithosphere Dynamics, Evolution of the Earth, and Geodesy volumes. New material is also presented on the uses of Earth gravity measurements. This title is essential for professionals, researchers, professors, and advanced undergraduate and graduate students in the fields of Geophysics and Earth system science. Comprehensive and detailed coverage of all aspects of geophysics Fundamental and state-of-the-art discussions of all research topics Integration of topics into a coherent whole

YouTube and Music Holly Rogers,Joana Freitas,João Francisco Porfírio,2023-02-23 YouTube has afforded new ways of documenting, performing and circulating musical creativity. This first sustained exploration of YouTube and music shows how record companies, musicians and amateur users have embraced YouTube's potential to promote artists, stage performances, build artistic (cyber)identity, initiate interactive composition, refresh music pedagogy, perform fandom, influence musical tourism and soundtrack our everyday lives. Speaking from a variety of perspectives, musicologists, film scholars, philosophers, new media theorists, cultural geographers and psychologists use case studies to situate YouTube as a vital component of contemporary musical culture. This book works together with its companion text Remediating Sound: Repeatable Culture, YouTube and Music. The ebook editions of this book are available open access under a CC BY-NC-ND 4.0 licence on bloomsburycollections.com. Open access was funded by Knowledge Unlatched.

World Music: Africa, Europe and the Middle East Simon Broughton,Mark Ellingham,Richard Trillo,1999 First published in 1994 in one volume. An A-Z of the music, musicians and discs. 2006 edition available as an e-book.
