The Struggle Is Real Dr. Tim Clinton, 2017-09-21 20-25% of Americans suffer from a diagnosable mental illness. Divorce is epidemic. Abuse of all kinds is rampant. Suicidality is at an all-time high. Domestic violence is out of control. Cohabitation and out of wedlock births are at unprecedented levels. Addictions are more widespread than ever. These and many other problems confront our culture today in alarming proportions. Consequently, mental and relational health issues find their way home. To everyone's home. People with these and other concerns typically turn first to the church for help. Yet most churches are not equipped to adequately minister to the depth and magnitude of these overwhelming problems. This book was created as a comprehensive resource to provide the church with practical tools to care for these hurting people in a biblically sound and emotionally healthy way. We at the American Association of Christian Counselors hope and pray this book finds its way into the hands of every pastor, church leader, counselor, and Christian caregiver in America. Because the struggle is real. The struggle is real indeed. This is a lineup of experienced healers and caring writers. It will be a valuable resource for the field of mental and emotional health for years to come. John Ortberg, Ph.D., Senior Pastor of Menlo Church, Menlo Park, CA, Clinical Psychologist and best-selling author People everywhere are hurting, including those inside the church. Written by a team of experts, this important resource is designed to shine the wonderful and liberating light of the gospel into the dark and difficult areas of people's lives. What's here will heal. You need this book and the people you love need it too. Johnnie Moore, Founder, The KAIROS Company People today are struggling in ways that only the church can help. The Struggle is Real is an excellent resource for equipping ministry leaders and counselors alike to meet this most pressing need. Rev. Samuel Rodriguez, president of the National Hispanic Christian Leadership Conference I heartily recommend The Struggle Is Real...Clinton and Pingleton have provided exactly what the church needs. Jeremiah J. Johnston, Ph.D., President, Christian Thinkers Society, Professor, Houston Baptist University We are not fine; the people we serve are not fine—we all struggle! This book is an invaluable resource for helping us minister to people who need our understanding. Greg Surratt, Founding Pastor, Seacoast Church, Mount Pleasant, SC, President, Association of Related Churches (ARC) In this

book, Tim Clinton and Jared Pingleton provide a solid guide to better understand the issues and dynamics of trouble that people experience and how to effectively minister to them. George O. Wood, P.Th.D., J.D., former General Superintendent, The General Council of the Assemblies of God

Transformative Encounters David W. Appleby, George Ohlschlager, 2013-07-12 What would it mean for Christian counseling and pastoral care to take seriously the idea that God intervenes in the world? In this volume more than twenty of the best pastoral counselors, clinicians, and counselor educators introduce us to the models that they use to integrate the Scriptures and the work of the Holy Spirit into their daily practice.

Introduction to Christian Counseling Judith Craik, 2009-04 A book for every Christian who wants to be a vessel of the Holy Spirit in order to heal emotional, spiritual and relational suffering. It is written for the non-professional Christian counselor in language that is easily understood. The book offers very practical suggestions along with brief descriptions of widely used counseling theories. The biblical and theological reflections in each chapter provide a solid foundation for assessing each theory and its practical application.

The Complete Guide to Crisis & Trauma Counseling H. Norman Wright, 2011-12-14 Many pastors and lay counselors have had minimal training in clinical methods of grief and trauma counseling. The Complete Guide to Crisis and Trauma Counseling is a biblical, practical guide to pastoral counseling written by one of the most respected Christian therapists of our time. Dr. H. Norman Wright brings more than forty years of clinical and classroom experience to this topic. He shares real-life dialogues from his decades in private practice to demonstrate healthy, healing counseling sessions. Readers will learn how to counsel and coach both believers and nonbelievers who are in crisis, how to walk alongside them through the hours, weeks, and months following their trauma, and how to help them find the path to complete restoration.

Psychology, Theology, and Spirituality in Christian Counseling Mark R. McMinn, 2012-03-19 The American Association of Christian Counselors and Tyndale House Publishers are committed to ministering to the spiritual needs of people. This book is part of the professional series that offers counselors the latest techniques, theory, and general information that is vital to their work. While many books have tried to integrate theology and psychology, this book takes another step and explores the importance of the spiritual disciplines in psychotherapy, helping counselors to integrate the biblical principles of forgiveness, redemption, restitution, prayer, and worship into their counseling techniques. Since its first publication in 1996, this book has quickly become a contemporary classic—a go-to handbook for integrating what we know is true from the disciplines of theology and psychology and how that impacts your daily walk with God. This book will help you integrate spiritual disciplines—such as prayer, Scripture reading, confession—into your own life and into counseling others. Mark R. McMinn, Ph.D., is professor of psychology at Wheaton College Graduate School in Wheaton, Illinois, where he directs and teaches in the Doctor of Psychology program. A diplomate in Clinical Psychology of the American Board of Professional Psychology, McMinn has thirteen years of postdoctoral experience in counseling, psychotherapy, and psychological testing. McMinn is the author of *Making the Best of Stress: How Life's Hassles Can Form the Fruit of*

the Spirit; The Jekyll/Hyde Syndrome: Controlling Inner Conflict through Authentic Living; Cognitive Therapy Techniques in Christian Counseling; and Christians in the Crossfire (written with James D. Foster). He and his wife, Lisa, have three daughters.

Handbook of Humility Everett L. Worthington Jr., Don E. Davis, Joshua N. Hook, 2016-12-08 The Handbook of Humility is the first scholarly book to bring together authors from psychology as well as other fields to address what we know and don't know about humility. Authors review the existing research in this burgeoning field that has well over 100 empirical articles and an increasing trajectory of publication. This work should form the basis for research in humility for many years. In this book, chapters address definitions of humility that guide research. Authors also reflect on the practical applications of humility research within the areas they reviewed. The book informs people who study humility scientifically, but it is also an exceptional guide for psychotherapists, philosophers, religious and community leaders, politicians, educated lay people, and those who would like to fuel an informed reflection on how humility might make interactions more civil in relationships, organizations, communities, political processes, and national and international relations.

Art Therapy in Response to Natural Disasters, Mass Violence, and Crises Joseph Scarce, 2021-12-21 With contributions from a range of expert voices within the field, this book explores the use of art therapy as a response to traumatic events. Offering rare insight into ways in which art therapists have responded to recent crises, this is a unique resource for art therapists looking to coordinate interventions for large-scale disaster and resulting trauma. Chapters address a range of environmental and manmade disasters around the world, including hurricanes, typhoons, wildfires, mass shootings and forced migration, highlighting the impact of an art therapy approach in dealing with widespread trauma. Covering both community and individual cases, it provides an in-depth view into the challenges of working in these settings, including the effects on the therapist themselves, and offers practical information on how to coordinate, fund and maintain responses in these environments. The first book to focus on disaster response in art therapy, this will be an invaluable contribution to the field in an increasingly vital area.

The Road Home Darrell Puls, 2013-03-22 Remarkably, as many as sixty-six thousand churches are in conflict at this moment, and one-third of those will experience permanent damage. Though Christ commanded his followers to forgive, we often don't, and that lack of forgiveness poisons all of our relationships. Churches are particularly vulnerable to unforgiveness for a simple reason--no one has taught us what forgiveness actually is, how it benefits the forgiver and the forgiven, and, most importantly, how to forgive. The Road Home provides a pathway to forgiveness and healthy reconciliation for churches wounded by conflict. While the road it follows is not easy--just as forgiving is not easy--the result is an explosion of grace and restoration, taking relationships beyond where they were to where they were meant to be.
