Phonological Characteristics of American English Dominik Borner,Eva Neubert,2005-04-23 Seminar paper from the year 2004 in the subject English Language and Literature Studies - Linguistics, grade: 2,3, University of Bamberg, course: Proseminar: English Varieties, 13 entries in the bibliography, language: English, abstract: 1. Introduction Even to non-native speakers of the English language it is in most cases an easy task to differentiate between British and American native speakers by listening to their pronunciation. In this term paper the most characteristic phonological features of American English will be named and explained and an overview of the variety of dialects within the United States will be provided. This can be done best by using British Standard English – also known as Received Pronunciation (RP) – as reference accent and pointing out the differences to American English. 2. General American However, it is hard to work with the term American English when doing a phonological analysis of American speech since it covers a broad spectrum of different dialects. For this reason the term General American (GA), which is widely used and preferred by most linguists today, will be introduced and worked with. General American can be seen as the Standard English of North America, but in contrast to Received Pronunciation, it is not defined by social reputation or a specific geographical origin. Throughout the United States one can not really find a socially preferred accent that is commonly recognized as the standard pronunciation. There have been several different approaches to defining a Standard English for the USA and in this paper General American will be used in means of a range of accents that do not exhibit any of the North-Eastern or Southern features which “are perceived as regional by the majority of American speakers.” One has to keep in mind that GA is not “a single and totally homogeneous accent. But since its internal variation is mainly a matter of differences in the phonetic realizations of a system of phonemes that is by and large shared by all GA speakers, the generalization expressed in the notion ‘General American’ is useful in phonological terms.”

American English Phonetics and Pronunciation Practice Paul Carley,Inger Mees,2019-10-16 American English Phonetics and Pronunciation Practice provides an accessible introduction to basic articulatory phonetics for students of American English. Built around an extensive collection of practice materials, this book teaches the pronunciation of modern standard American English to intermediate and advanced learners worldwide. This book: • provides an up-to-date description of the pronunciation of modern American English; • demonstrates the use of each English phoneme with a selection of high-frequency words, both alone and in context in sentences, idiomatic phrases and dialogues; • provides examples and practice material on commonly confused sounds, including illustrative pronunciation diagrams; • is supported by a companion website featuring complete audio recordings of practice material to check your pronunciation against; • can be used not only for studying pronunciation in the classroom but also for independent practice. American English Phonetics and Pronunciation Practice is essential reading for any student studying this topic.

Mastering the American Accent with Online Audio Lisa Mojsin,2016-09-15 Mastering the American Accent is an easy-to-follow approach for reducing the accent of non-native speakers of English. Well-sequenced lessons in the book correspond over eight hours of audio files covering the entire text. The audio program provides clear models (both male and female) to help coach a standard American accent. The program is designed to help users speak Standard American English with clarity, confidence, and accuracy. The many exercises in the book concentrate on topics such as vowel sounds, problematic consonants such as V, W, TH, the American R and T and others. Correct lip and tongue positions for all sounds are discussed in detail. Beyond the production of sounds, the program provides detailed instruction in prosodic elements such as syllable stress, emphasis, intonation, linking words for smoother speech flow, common word contractions, and much more. Additional topics that often confuse ESL students are also discussed and explained. They include distinguishing between casual and formal speech, homophones (e.g., they're and there), recognizing words with silent letters (e.g., comb, receipt), and avoiding embarrassing pronunciation mistakes, such as mixing up pull and pool. Students are familiarized with many irregular English spelling rules and exceptions, and are shown how such irregularities can contribute to pronunciation errors. A native language guide references problematic accent issues for 13 different language backgrounds. The Pronunciation of Standard American English James Gray Luter,1990

American English Pronunciation Donna Hope,2006-01 This is the complete course; it contains Books One, Two and Three combined. The course is an accent reduction program for international speakers of English. At the same time, it is rich in both formal and informal American expressions. And it contains exercises and cultural notes prompted, for the most part, by questions from students themselves. The program is now in its second edition. It has been based on and proven successful during years of work with students from many countries.Softcover textbook with 6 audio CDs.

English and its Varieties. An Analysis of the British and the North American Sound System Agnetha Hinz,2015-07-03 Seminar paper from the year 2013 in the subject English Language and Literature Studies - Linguistics, grade: 2,0, Free University of Berlin (Institut für Englische Philologie), course: Levels of Linguistic Analysis II, language: English, abstract: Regarding the English language, there are wide variations in pronunciation, including dialects or accents due to differences within the age, the gender, or the geographical origin of the speaker. But there are also variations that are defined as standard pronunciation. Two of them, concerning the English language, are known as the Received Pronunciation (RP), which presents the Standard British accent, and the General American accent (GA), which presents the standard pronunciation in North America. Nowadays those variations face the people amongst others by the spoken media, like television or radio. Especially English learners who were, or still are predominantly confronted with the British English Pronunciation due to their academic education tend to have an issue with the unfamiliar General American pronunciation. To illustrate the differences between the General American accent and the Received Pronunciation in British English, this paper dwells on the individual parts that finally form a specific pronunciation type: The differences within the vowel and consonant system, as well the differences within the articulation with focus on the stress of syllables.

Pronunciation Pages Mandy Egle,2011-11

Words and Ways of American English Thomas Pyles,1952

American English Pronunciation Donna Hope,2006 The pronunciation of English varies widely in each English-speaking country. American English Pronunciation focuses on the correct pronunciation of American English. There are three easy-to-use books with audio CDs to help you correct your pronunciation. Students can also learn both formal and informal American expressions and idioms in this series.

Pronunciation of American English (for reference) Arthur J. Bronstein,1980 This book lists approximately 17,000 core English words that are listed alphabetically and are divided into three different levels of ESL (English as a Second Language) so that learners can practice pronunciation according to their levels. Level 1 (for elementary & middle school) is written in red, level 2 (for high school) is written in blue, and level 3 (for university and above) is written in black. 17,000 words are listed in three levels of difficulty. Level 1 (elementary & middle school) is written in red, level 2 (high school) is written in blue, and level 3 (university and above) is written in black. 17,000 words are listed in three levels of difficulty. Level 1 (elementary & middle school) is written in red, level 2 (high school) is written in blue, and level 3 (university and above) is written in black.

American Pronunciation John Samuel Kenyon,1924

Differences between Male and Female Pronunciation with Regard to "G-Dropping" in Southern American English Peggy Zawadil,2015-12-15 Seminar paper from the year 2012 in the subject American Studies - Linguistics, grade: 2,3, University of Potsdam, language: English, abstract: In which way and why is there a difference in pronunciation between male and female speakers of Southern American English? When researching

Southern American English, it becomes quite obvious, that there is no common and typical standard Southern pronunciation and thus the quote seems to be valid. Nevertheless one can determine certain overall pronunciation features when listening to speakers of Southern American English. “Southern American English pronunciation differs from region to region, even from person to person, because speakers from different circumstances in and different parts of the United States commonly employ regional and social features to some extent even in formal situations”, William A. Kretzschmar Junior proclaimed in the Mouton textbook of Varieties of English (In: Schneider, 2008, p. 37).

Race and the Rise of Standard American Thomas Paul Bonfiglio,2010-12-14 This study examines the effect of race-consciousness upon the pronunciation of American English and upon the ideology of standardization in the twentieth century. It shows how the discourses of prescriptivist pronunciation, the xenophobic reaction against immigration to the eastern metropolises- especially New York - and the closing of the western frontier together constructed an image of the American West and Midwest as the locus of proper speech and ethnicity. This study is of interest to scholars and students in linguistics, American studies, cultural studies, Jewish studies, and studies in race, class, and gender.

The Columbia Guide to Standard American English Kenneth George Wilson,1993 Provides a comprehensive overview of spoken and written English, covering word choice, meanings, pronunciation, spelling, grammar, idiomatic expressions, and guidelines for nonsexist usage

American English Katrin Appenzeller,2009-04-15 Seminar paper from the year 2007 in the subject English Language and Literature Studies - Linguistics, grade: 1,3, University of Duisburg-Essen (Englische Sprachwissenschaft), course: Hauptseminar: Language, Meaning and Use, language: English, abstract: The USA is one of the largest western countries. Its population amount to approximately 250 million people. Thus, American English is spoken by an immense number of people in the world. It is estimated that nearly 2/3 of all native English speakers use any dialect of American English. American English, as an independent variety, differs from British English and even weakens its hegemony. More and more, American language, culture, and business become an integral part of European society. Therefore, it is very interesting to investigate the significant characteristics of this language. To give the reader some background information there is a brief overview of the history of the English language in the USA at the beginning of the study. After that the term American English is explained and analyzed. Further, different linguistic features, among them pronunciation, spelling, grammar, and vocabulary, are described and compared to British English. In addition, sociolinguistic characteristics, such as regional and social dialects, are illustrated. As a result a conclusion follows.

American English With Standard Pronunciation Free Download Version Hd Introduction

In today's digital age, the availability of American English With Standard Pronunciation Free Download Version Hd books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of American English With Standard Pronunciation Free Download Version Hd books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of American English With Standard Pronunciation Free Download Version Hd books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing American English With Standard Pronunciation Free Download Version Hd versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, American English With Standard Pronunciation Free Download Version Hd books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing American English With Standard Pronunciation Free Download Version Hd books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for American English With Standard Pronunciation Free Download Version Hd books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, American English With Standard Pronunciation Free Download Version Hd books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of American English With Standard Pronunciation Free Download Version Hd books and manuals for download and embark on your journey of knowledge?

FAQs About American English With Standard Pronunciation Free Download Version Hd Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
