Wahine Volleyball Dave Shoji, Ann Miller, 2014-11-30 Dave Shoji, legendary coach for the University of Hawai'i women's volleyball program, looks back at four decades of coaching to tell his story along with that of the Rainbow Wahine, four-time national champions and consistently among the top-ranked teams in college sports. With the assistance of longtime beat writer Ann Miller, Shoji provides an exclusive look at the state's perennially successful athletic team. His memoir traces the history and rise of the program—from 1975, when he was hired as a part-time coach by women's athletic director Donnis Thompson and matches were held in the “sweatbox” of Klum Gym; through the late 1970s and the 1980s, which saw the start of the Booster Club and excitement of playing in front of sell-out crowds at Honolulu's Blaisdell Arena; into the 1990s with the team's move to its current home at the Stan Sheriff Center, attracting the sport's largest and most devoted following; to the landmark 2013 season when Shoji became the winningest coach in NCAA history and on his way to a fortieth year with the Rainbow Wahine program. Interviews with memorable players, family, and assistant and rival coaches, together with over 100 action photos—plus twenty more in a color insert—bring back both thrilling and poignant memories of the greatest moments of Rainbow Wahine volleyball. The comprehensive yearly statistics, full player rosters, and handy index make the book a needed reference for trivia buffs. Women in Sports Coaching Nicole M. LaVoi,2016-03-02 Women in many Westernized countries encounter a wider variety of career opportunities than afforded in previous decades, and the percentage of women leaders in nearly every sector is on the rise. Sport coaching, however, remains a domain where gender equity has declined or stalled, despite increasing female sport participation. The percentage of women who coach women are in the minority in most sports, and there is a near absence of women coaching men. This important new book examines why. Drawing on original multi-disciplinary research from across the globe, including first-hand accounts from

practicing coaches, the book illuminates and examines the status of women in coaching, explores the complex issues they face in pursuing their careers, and suggests solutions for eliminating the barriers that impede women in coaching. Developing an innovative model of intersectionality and power constructs through which to guide research, the book covers issues including sexual identity, race, motherhood, cross-gender coaching and media coverage to give voice to women coaches from around the world. As such, Women in Sports Coaching is essential reading for serious students and scholars of sports coaching, sport sociology or anyone with an interest in gender and sport.
