JULIETTE Rechelle Balanzat,2022-01-01 Of all venture capital funding, 2% goes to women. Of that, less than 0.2% goes to women of color. Why is that? And when the numbers work against you, how do you make an impact? How do you make your dreams come true? To be successful, first you must believe you can be successful. Think it. Manifest it. Repeat it, over and over. In JULIETTE, Rechelle Balanzat invites readers into her world, chronicling the improbably odyssey of founding, building, and scaling a company without outside capital. Balanzat shared her process and how following her dreams helped her to find herself. JULIETTE explores some of the obstacles entrepreneurs face and shares a retrospective on a founder and her company's journey so far, as well as lessons to empower other entrepreneurs. While one person may not be able to bring about systemic changes they can change themselves, and show the system why change is for the better.

Taken to the Cleaners Dolores Johnson,1997 Left high and dry by her would-be lawyer husband, Mandy Dyer is making a go at the dry cleaning business. When Betty the Bag Lady comes in with a man's suit, slashed and stained with blood, Mandy works alongside a Denver detective to sift through the clues. But with a prominent lawyer dead and a potential witness missing, Mandy is soon up to her neck in laundry of the dirtiest kind.

Effect of Dry Cleaning on Silks Moses H. Goldman,1926 The study of tin-weighted and unweighted samples of silk after various treatments and exposures to sunlight and storage at standard conditions (of 65 per cent relative humidity at 70 degrees F. temperature) permits the following conclusions: (1) No deterioration results from exposures to standard atmospheric conditions over a period of two and one-half months even when acid or alkaline perspirations are applied. (2) Sunlight exposure causes a marked deterioration in both unweighted (but dyed) and tin-weighted silks, the loss in strength in 100 hours exposure amounting to about 25 per cent for unweighted and about 50 to 75 per cent for weighted silks. (3) Acid and alkaline perspiration treatments increase the deterioration when sunlight exposures are given, so that the loss in strength in 100 hours' exposure is about 35 per cent for unweighted and about 65 to 100 per cent for weighted silk. (4) Dry-cleaning solvents in no case caused any appreciable deterioration of the silk fabrics.

How to Love Your Laundry Patric Richardson,Karin Miller,2021-04-01 'A joy to read.' You Magazine 'Move over, Marie Kondo, it's all about washing not tidying in 2021 and it's down to one man - Patric Richardson.' The Times 'This slim volume, its breezy pages of tips and anecdotes, stories and, in the back, recipes, is a lovely salve.

One would be very fortunate, I think, to be Richardson's friend or neighbour, to share his optimism and joy in life's seemingly small things.' Washington Post 'Look after your laundry, and your soul will look after itself.' W. Somerset Maugham Doing laundry is rarely anyone's favourite task. But to Patric Richardson, laundry isn't just fun - it's a way of life. Sorting your laundry? It's not all about whites and darks. Pondering the wash cycles? Every load, even delicates, should be washed using express or quick-wash on warm. Facing expensive dry cleaning bills? You'll learn how to wash everything - yes everything - at home. And those basically clean but pongy clothes? Richardson has a secret for freshening those too (hint: it involves your drinks cabinet). Changing your relationship with laundry can also change your life. Richardson's handy advice shows us how to save time and money (and the planet!) with our laundry - and he intersperses it all with a healthy dose of humour, real-life laundry stories, and lessons from his career in fashion. How to Love Your Laundry will make you wonder why you ever stressed about ironing, dry cleaning, or (god forbid) a red wine spill on your new shirt. No matter the issue, Richardson is here to help you make laundry miracles happen - wrinkles and stains be damned.

Entrepreneurial Insanity in the Dry Cleaning Business Roger T. McManus, Kevin Dubois, 2015-03-31 Roger McManus, a battle-scarred, veteran entrepreneur, collaborates with Kevin Dubois one of the dry cleaning industry's brightest stars, to develop an entirely different perspective on the subject of dry cleaning business ownership. *Entrepreneurial Insanity in the Dry Cleaning Business* hits home for those who 'walk the walk', comments co-author McManus. The book challenges the owners of dry cleaning businesses to look at whether they are limiting their scope to that of a small business or they have expanded their view to be that of an entrepreneur. It defines the question and describes how a dry cleaner can tell the difference between small business ownership and entrepreneurship. And, surprisingly, the analysis is less about money than it is about attitude. This is all about operating systems that allow a business to run. If the systems are in place, the owner is almost irrelevant. When the right systems are in place, the owner, Dubois quips, can essentially manage the business from an iPhone. The book challenges the owners of dry cleaning businesses to keep their personal involvement in perspective, and to get real about the business! The ideas in this book will forever change how the motivated dry cleaner will view his or her profession - and life. The concept behind *Entrepreneurial Insanity* rests on that premise; love what you do, but work toward having a life and a business that are separate entities. Chances are very good that someday these two entities will want (or need) to take divergent paths. This book lays out the case for, and the strategy by which, professional dry cleaners can grow their business and regain their freedom. This book is the product of entrepreneurial insanity. Growth is the only cure.

K Blows Top Peter Carlson,2009-06-02 Khrushchev's 1959 trip across America was one of the strangest exercises in international diplomacy ever conducted—"a surreal extravaganza," as historian John Lewis Gaddis called it. Khrushchev told jokes, threw tantrums, sparked a riot in a San Francisco supermarket, wowed the coeds in a home economics class in Iowa, and ogled Shirley MacLaine as she filmed a dance scene in Can-Can. He befriended and offended a cast of characters including Nelson Rockefeller, Richard Nixon, Eleanor Roosevelt, Elizabeth Taylor, and Marilyn Monroe. Published for the fiftieth anniversary of the trip, *K Blows Top* is a work of history that reads like a Vonnegut novel. This cantankerous communist's road trip took place against the backdrop of the fifties in capitalist America, with the shadow of the hydrogen bomb hanging over his visit like the Sword of Damocles. As Khrushchev kept reminding people, he was a hot-tempered man who possessed the power to incinerate America.
